1. DESCRIPTION OF PLAN

The following description of the Country-Wide Insurance Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Company established the Plan to provide employees with a systematic means of savings and investing for the future. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") covering all eligible employees of the Company who have thirty (30) days of service and are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts ("PSA") and a guaranteed interest account ("Fixed Account") as investment options for participants. The Company makes discretionary contributions based on the employee's contribution percentage. Contributions are subject to certain statutory limitations. For the Plan year ending December 31, 2014, the Company contribution was $49,300 which was entirely offset by Plan forfeitures and for the Plan year ending December 31, 2013, the Plan Sponsor suspended the Company contribution.

(c) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and loan repayments and charged with loan and participant's withdrawals and allocations of (a) the Company's matching contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The value of the participant's account reflects the number of shares and the daily share price of the funds in which the participant is invested.

(d) Vesting

Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 % vested after six years of credited service.

1. DESCRIPTION OF PLAN (CONTINUED)

(e) Note Receivable from Participants

Participants may borrow from their investments a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants can have a maximum of three loans outstanding at any time. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at the prime rate plus one (1) percent. Interest rates on outstanding loans range from 4.25% to 8.5% at December 31, 2014 and 2013. Principal and interest is paid ratably through bi-weekly payroll deductions.

(f) Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may receive hardship distributions, as defined, from their deferral contributions account. If the vested balance is $1,000 or less, the Plan Administrator may distribute a participant's benefit without their consent within a reasonable period of time after severance from employment.

(g) Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested amounts totaled $14,097 and $53,191, respectively. This amount will be used to reduce future employer discretionary contributions. Also, in 2014, employer contributions were reduced by $49,300 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the contract value of the investment contracts and does not present any adjustment to fair value as the investment contracts are not considered fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and a benefit payment is recorded. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Required loan payments not paid within 90 days after the due date, will render the total outstanding loan to be in default and a distribution.

At December 31, 2014 and 2013, there were no loans to participants in default and subject to repayment from a participant's account.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Corrective Distributions

For the years-ended December 31, 2014 and 2013, there were $22,431 and $-0- in excess employee contributions as well as any attributable income that was also distributed to participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g) Operating expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(h) Subsequent Events

The Plan has evaluated subsequent events through September 24, 2015, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company ("Voya"), the trustee or (custodian), has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014 and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014.

The Plan's independent accountant did not perform auditing procedures with respect to the accompanying information displayed in the following tables, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

	December 31	
	2014	2013
Investments, at fair value		
Pooled separate accounts	$ 10,343,239	$ 10,105,245
Fixed account	$ 4 ,403,344	$ 3,762,083
Interest income on fixed account	$ 123,129	$ 111,613
Net appreciation (depreciation) in fair value of pooled separate accounts	$ 499,814	$ 1,645,099

4. INVESTMENTS

The following presents directed investments that represent 5 percent or more of the Plan's net assets:

	December 31,	
	2014	2013
Voya Fixed Account	$ 4 ,403,344	$ 3,762,083
T. Rowe Price Retirement 2015 Fund	882,700	807,024
T. Rowe Price Retirement 2025 Fund	1,6 22,488	1,516,225
T. Rowe Price Retirement 2035 Fund	2, 724,556	2,825,409
Fidelity Advisor New Insights Fund	912,662	-

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $622,943 as follows:

	2014
Pooled separate accounts	$ 499,814
Fixed account	123,129
	$ 622,943

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques, used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable value inputs (level 3) The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include

- Quoted prices for identical or similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to valuation methodology are unobservable and significant to the fair value measurement of the asset.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts ("PSA's"): PSA's are valued at their accumulation unit value ("AUV"). The PSA is valued daily as the number of accumulation units held multiplied by the AUV. These accounts are separate accounts (not a part of Voya's general account (i.e., segregated); income gains, or losses from the assets in each account are credited to or charged against that account without regard to other income, gains or losses of Voya or any other separate account.

Guaranteed Interest Account ("Fixed Account"): Valued at a guaranteed interest rate for a specified period of time as determined by the Plan custodian, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed into the account. All rates credited during the 12-month "deposit year" are averaged into a single composite rate. The guaranteed interest account is supported by Voya's general account. The fair value of the Fixed Account is the amount that would be paid any time funds are withdrawn or transferred within the Plan (for an event other than death, disability, termination or retirement) and reflects a surrender charge, if applicable, according to the terms of the Plan's contract.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

	Total	Level 2)
Pooled Separate Accounts	$ 10,343,239	$ 10,343,239
Fixed Account	4,403,344	4, 403,344
Total assets at fair value	$ 14,746,583	$ 14,746,583

Assets at Fair Value as of December 31, 2013

	Total	(Level 2)
Pooled Separate Accounts	$ 10,105,245	$ 10,105,245
Fixed Account	3,762,083	3,762,083
Total assets at fair value	$ 13,867,328	$ 13,867,328

5. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively:

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Pooled Separate Accounts	$ 10,343,289	N/A	Daily	Daily

December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Period Notice
Pooled Separate Accounts	$ 10,105,245	N/A	Daily	Daily

6. GUARANTEED INTEREST CONTRACT WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

The Plan entered into a guaranteed interest contract with that is not fully benefit responsive. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is not fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guarantee interest contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2014 and 2013 was $4,403,344 and $3,762,083, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

7. RELATED PARTY TRANSACTIONS PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya. Voya is the custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. DEPARTMENT OF LABOR SETTLEMENT

During the year ended December 31, 2013 the Company was in violation of ERISA guidelines and voluntarily applied for relief from enforcement actions through the Voluntary Fiduciary Correction Program (the "Program"). The Company fully and accurately corrected the violations by calculating and restoring any profits with interest to participants and filed an application with the Employee Benefits Security Administration ("EBSA") regional office that included documentation showing evidence of the corrective action taken.

Fund Notes

Voya Money Market Portfolio - Class I: The adviser and distributor are contractually obligated to waive a portion of their advisory fees and distribution and/or shareholder servicing fees, as applicable, and to reimburse certain expenses of the Portfolio to the extent necessary to assist the Portfolio in maintaining a net yield of not less than zero through May 1, 2015. Including this waiver, Total Annual Portfolio Operating Expenses after Waivers and Reimbursements for the most recent fiscal year would have been 0.23%. There is no guarantee that the Portfolio will maintain such a yield. Any fees waived or expenses reimbursed may be subject to possible recoupment by the adviser within 36 months of the waiver or reimbursement. In no event will the amount of the recoupment on any day exceed 20% of the yield (net of all expenses) of the Portfolio on that day. Distribution and/or shareholder servicing fees waived are not eligible for recoupment. This obligation will only renew if the adviser and distributor elect to renew it. Notwithstanding the foregoing, termination or modification of this obligation requires approval by the Portfolio's board.

Voya MidCap Opportunities Portfolio - Class I: The adviser is contractually obligated to limit expenses to 0.90% through May 1, 2015. The obligation will automatically renew for one-year terms unless: (i) the adviser provides 90 days written notice of its termination and such termination is approved by the Portfolio's board; or (ii) the management agreement has been terminated. The obligation is subject to possible recoupment by the adviser within 36 months of the waiver or reimbursement. In addition, the adviser is contractually obligated to further limit expenses to 0.85% through May 1, 2015. There is no guarantee that this obligation will continue after May 1, 2015. The obligation will continue if the adviser elects to renew it and is subject to possible recoupment by the adviser within 36 months of the waiver or reimbursement. Notwithstanding the foregoing, termination or modification of this obligation requires approval by the Portfolio's board. These obligations do not extend to interest, taxes, brokerage commissions, extraordinary expenses, and Acquired Fund Fees and Expense.

The management fee waiver will renew if the adviser elects to renew it.

Loomis Sayles Bond Fund - Retail Class: Loomis, Sayles & Company, L.P. ("Loomis Sayles" or the "Adviser") has given a binding contractual undertaking to the Fund to limit the amount of the Fund's total annual fund operating expenses to 0.95% of the Fund's average daily net asset, exclusive of brokerage expenses, interest expense, taxes, acquired fund fees and expenses, organizational and extraordinary expenses, such as litigation and indemnification expenses. This undertaking is in effect through January 31, 2015 and may be terminated before then only with the consent of the Fund's Board of Trustees. The Adviser will be permitted to recover, on a class by class basis, management fees waived and/or expenses reimbursed to the extent that expenses in later periods fall below 0.95% of the Fund's average daily net assets. Other Indirect Compensation

Float

Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:

Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:

Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors

Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing

In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support

Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2014 such amount was approximately $2.50 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Appendix: Definitions for Indirect Fees

- **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

FUND EXPENSES

- **Management Fees**: Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees**: Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses**: Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments**: An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense**: The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date**: The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

- **Daily Asset Charge**: A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This charge may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.

- **Voya Admin Fee**: An adjustment (positive or negative) to the Daily Asset Charge. This fee paid to Voya varies based on the fund revenue sharing agreement between Voya and the respective fund families.

- **Total Daily Asset Charge**: The sum of the Daily Asset Charge and Voya Admin Fee.

- **Total Investment Expense**: The Net Fund Expense plus the Daily Asset Charge.

REVENUE TO VOYA:

- **Total Daily Asset Charge**: The sum of the Daily Asset Charge and Voya Admin Fee.

- **Sub Transfer Agent (Sub TA) Expense Reimbursement**: The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.

- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.

- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

  The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

  First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.

- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.
