1. DESCRIPTION OF PLAN

The following description of the Cumming Construction Management, Inc. 401(k) Plan-II (the "Plan") provides only general information. Participants should refer to the Plan's agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are over age 20½ and employed by Cumming Construction Management, Inc., Construction Controls Group, Inc. and Southern Management Group, Inc. (collectively referred to as the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the trustee of the Plan.

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan's agreement and subject to certain limitations. Participants may also elect to have between 0% and 100% of bonuses deferred. At the participant's irrevocable designation, contributions may be deemed after tax or pretax contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary matching contributions in an amount equal to a discretionary percentage determined by the Plan Sponsor of all of the tax-deferred contributions of eligible participants for the contribution period. During 2014, the discretionary matching contribution was 20% of eligible participant contributions up to 6% of gross compensation.

Investment Options

Upon enrollment in the Plan, participants direct their contributions into various investment options offered by the Plan. Participants may change their investment options or transfer funds at any time based upon policies established by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan's agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions plus actual earnings thereon is based on years of continuous service, as follows:

Years of Service	Vesting Percentage
< 2	0%
2	67%
3 +	100%

Plan Merger

Effective March 20, 2009, Construction Controls Group, Inc. 401(k) Retirement Savings Plan ("CCG Plan") was merged into the Plan. Effective August 2, 2010, Southern Management Group, Inc. 401(k) Plan ("SMG Plan") was merged into the Plan. The CCG Plan's and SMG Plan's sponsor is a related party under common control of the Company. As of December 31, 2014, remaining participants from both merged plans were fully vested in their accounts based on their previous vesting schedules.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount of 50% of their vested account balance or $50,000 subject to certain Department of Labor and Internal Revenue Service requirements. The notes are secured by the vested balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through payroll deductions.

Payment of Benefits

On termination of service a participant may elect to have the value of his or her vested interest disbursed through a lump-sum distribution or transferred to another qualified plan. If the vested value of the participant's account is less than $1,000, the Plan's administrator may direct the Trustee to distribute it to the participant as a lump sum distribution without his/her consent.

Forfeitures

Participant forfeitures of employer contributions are used to first pay administrative expenses under the Plan's agreement. Remaining forfeitures may be used to reduce employer contributions. As of December 31, 2014 and 2013, there were $24,137 and $15,116 in forfeitures, respectively. For the year ended December 31, 2014, $10,874 of forfeitures were used to reduce administrative expense.

1. DESCRIPTION OF PLAN (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan's agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their employer contributions and earnings thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which approximate the fully benefit-responsive investment contracts at contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the fair value basis for fully benefit-responsive investment contracts.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' vested account balances. Notes receivable from participants bear interest ranging from 4.25% to 8.25% at December 31, 2014 and have various maturities extending through July 2022.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Loan origination fees associated with notes receivable from participants and other service fees charged to participant balances are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment income reported by the Plan (Note 6). All other expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Risks and Uncertainties

The Plan holds various investment securities, which are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Significant New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Following is a summary of the revised guidance contained in ASU 2015-12:

Part 1 amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Significant New Accounting Pronouncements (continued)

The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. Plan Sponsor management is currently reviewing the full impact of these amendments on the Plan's financial statement presentation, which will be effective for the Plan's financial statements for the Plan year ended December 31, 2016.

3. INFORMATION CERTIFIED TO AND PROVIDED BY TRUSTEE

Information regarding total investments, notes receivable from participants, net investment appreciation, and dividend and interest income (including notes receivable from participants) as shown in the accompanying financial statements and supplemental schedule, has been certified to the Plan Administrator by Fidelity Management Trust Company, as the Plan Trustee, as being complete and accurate.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Plan's Trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed the Plan's independent public accountants not to perform any auditing procedures with respect to information certified by the Trustee.

4. INVESTMENTS

The following information, which was derived from investment information certified by the Fidelity Management Trust Company, presents investments that represent five percent or more of the Plan's net assets available for benefits as of the years ended December 31, 2014 and 2013:

	2014	2013
Fidelity Freedom 2020 Fund	$ 1,249,433	$ 1,077,349
Fidelity Freedom 2030 Fund	790,406	711,550
Fidelity Freedom 2035 Fund	1,224,507	1,119,187
Fidelity Growth Company Fund	1,208,185	884,135
Fidelity Managed Income Portfolio Class 1	1,179,199	1,056,991
Spartan 500 Index Advantage Fund	795,274	*

** Investment was less than 5% of net assets available for benefits in respective year*

4. INVESTMENTS (continued)

During 2014, the Plan's mutual funds and common/collective trust fund investments (including realized gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $119,351 and $ 11,999, respectively.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk. The Plan had no level 3 investments at December 31, 2014 and 2013.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Mutual funds – These investments are public investment securities valued using the Net Asset Value ("NAV"). The NAV is a quoted price in an active market and are classified as Level 1 investments.

5. FAIR VALUE MEASUREMENTS (continued)

Common/collective trusts – This investment is valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities and is classified as Level 2. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

There have been no changes in the methodologies used to measure fair value at December 31, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables represent financial assets that have been measured at fair value on a recurring basis. These assets are classified in accordance with the fair value hierarchy:

December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Balanced	$ 6,421,801	$ –	$ –	$ 6,421,801

5. FAIR VALUE MEASUREMENTS (continued)

December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Balanced	$ 5,451,458	$ –	$ –	$ 5,451,458
Fixed income	1,141,559	–	–	1,141,559
International	1,544,994	–	–	1,544,994

Total mutual funds	12,596,412	–	–	12,596,412
Common/collective trusts	–	1,056,991	–	1,056,991
Total assets at fair value	$ 12,596,412	$ 1,056,991	$ –	$ 13,653,403

During 2014, based on additional information obtained from the Trustee, it was determined that certain investments should have been classified as common/collective trusts, instead of mutual funds, as previously classified. Consequently, at December 31, 2014, such investments have been appropriately classified as common/collective trusts. The comparative amounts as of December 31, 2013 have been revised to present these investments consistently.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds certain investments managed by Fidelity Investments, an affiliate of the Trustee. Fidelity Management Trust Company is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees to Fidelity Management Trust Company qualify as party-in-interest transactions. Amounts paid by the Plan to parties-in-interest for investment management and administrative services qualify as permitted party-in-interest transactions. Notes receivable from participants held by the Plan are also considered permitted party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, the Plan's management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

8. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events for recognition and disclosure through October 12, 2015, which is the date the financial statements were available to be issued. Subsequent to the end of the plan year, the Plan adopted a new basic plan document which had an IRS issued opinion letter dated March 31, 2014, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Also subsequent to the end of the plan year, the Plan increased the discretionary matching contribution to 25% of eligible participant contributions up to 6% of gross compensation.
