INDEPENDENT AUDITORS' REPORT

The Trustees
Anheuser-Busch/Local 947 Pension Plan
Jacksonville, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the Anheuser-Busch/Local 947 Pension Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2014 and March 31, 2014, the related statements of changes in net assets available for benefits for the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014, the related statements of accumulated plan benefits for the years ended April 1, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the Plan's net assets available for benefits as of December 31, 2014 and March 31, 2014, and the changes therein for the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014, and its financial status as of December 31, 2014 and March 31, 2014 and the changes for the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014 ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014 and the Schedule of Reportable Transactions for the period April 1, 2014 to December 31, 2014 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Schedule SB, Part V – Summary of Actuarial Assumptions / Methods 2014 Form 5500 Schedule SB Attachment

Anheuser-Busch/Local 947 Pension Plan EIN: 59-1631493 / PN: 001

Actuarial Assumptions and Methodologies (Funding)

Interest:

The interest rates used for the 2014 plan year are the 24-month average corporate bond segment rates for December 2013 (a four-month lookback) subject to interest rate stabilization. Under stabilization, the interest rates used for funding purposes are calculated in the usual manner (24-month average corporate bond rates) but are then constrained to be within a corridor around a 25-year average of those same bond rates. For 2014, the stabilization corridor is 10%. Under HATFA, it is scheduled to remain at 10% through 2017, then increase 5% per year until it reaches 30% for 2021. The rates are as follows:

	Payments in the First 5 Years	Payments in Years 6 – 20	Payments Thereafter	Effective Interest Rate
Current Year, reflecting stabilization (Under HATFA)	4.99%	6.32%	6.99%	6.42%
Current Year, without stabilization	1.28%	4.05%	5.07%	4.25%
Prior Year, reflecting stabilization (Under HATFA)	5.23%	6.51%	7.16%	6.60%
Prior Year, without stabilization	1.66%	4.47%	5.52%	4.66%

Mortality rates for healthy participants:

RP-2000 separate annuitant and non-annuitant healthy mortality tables (sex-specific) with static projection using scale AA and no collar-adjustment. Mortality is projected from 2000 through the valuation date plus another 7 years for annuitants, and through the valuation date plus another 15 years for non-annuitants. This assumption is one of the choices allowed by the regulations.

Mortality rates for disabled participants:

Revenue Ruling 96-7 mortality tables.

Funding method:	Funding method is unit credit actuarial cost method, as prescribed by law. The liability is measured on an accrual-to-date basis using mandated mortality tables and interest rates with no benefit projection past the end of the year.
Funding relief:	As allowed under the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010, the plan sponsor has elected to use a "15-year" amortization for the shortfall bases applicable to the 2009 plan year. This funding relief was eliminated when the plan's net assets exceeded the funding target for the 2014 plan year.

Report on the Financial Statements

We have audited the accompanying financial statements of the Anheuser-Busch/Local 947 Pension Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2014 and March 31, 2014, the related statements of changes in net assets available for benefits for the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014, the related statements of accumulated plan benefits for the years ended April 1, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the Plan's net assets available for benefits as of December 31, 2014 and March 31, 2014, and the changes therein for the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014, and its financial status as of December 31, 2014 and March 31, 2014 and the changes for the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014 ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014 and the Schedule of Reportable Transactions for the period April 1, 2014 to December 31, 2014 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

As discussed in Note 10, the plan was merged as of December 31, 2014. The benefits will continue under the Merged Plan and the accumulated benefits were transferred to the Merged Plan.

1. PLAN DESCRIPTION:

The following description of the Anheuser-Busch/Local 947 Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan which was established for the purpose of providing retirement, death and certain disability benefits for eligible employees of Anheuser-Busch, LLC (prior to 10/1/2011, Anheuser-Busch, Incorporated) (the Employer) who are members of Local 947 of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America (the Union) at its Jacksonville, Florida brewery. The Internal Revenue Service (IRS) has approved the Plan as a qualified pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers certain employees who are included in the collective bargaining agreement as well as certain employees of the Union who earn at least 1,000 hours of service during any eligibility computation period.

As discussed in Note 10, the Plan was merged into the Brewery Conference/Anheuser-Busch Defined Benefit Pension Plan as of December 31, 2014.

Eligibility

Each employee who is a member of the Union becomes a participant in the Plan as of the day he or she first becomes a full-time employee.

Contributions

Employer contributions are based on the collective bargaining agreement between the Employer and the Union and are made in amounts sufficient to meet the collective bargaining agreement and to fund the actuarial liability for minimum contributions. The Union also makes contributions for certain employees. The collective bargaining agreement does not preclude the Plan sponsor from designating a contribution to a single plan year as allowed under ERISA, so long as the contributions required under the collective bargaining agreement are met. The Plan has satisfied the minimum funding requirements established by ERISA and did not exceed the Employer's maximum deductible contribution for the year.

Vesting

Participants are 100% vested in their accrued benefit after five years of vesting service with the Employer or upon reaching age 65. A year of vesting service shall accrue for each calendar year in which a participant was credited with 1,000 hours of service or more. Service of those participants employed prior to the establishment of the Plan on April 1, 1975 is credited in accordance with employment records attached to the Plan document.

Payments of benefits

A participant's normal retirement date is the first day of the month coincident with or next following the date he or she attains age 65, provided that the right to a normal retirement benefit is non-forfeitable on that date. A retiree will receive a monthly benefit equal to the product of the number of years of credited service times the unit of monthly pension in effect at the time of retirement. A participant who has attained age 55 and completed 10 years of vesting service, may elect to retire prior to his or her normal retirement date and receive a monthly retirement benefit equal to the accrued benefit, reduced by one-twelfth of one percent (1/12 of 1%) for each of the months that the early retirement date precedes the normal retirement date.

A participant who retires after his or her normal retirement date shall be entitled to a monthly retirement benefit determined in accordance with the provisions covering his or her normal retirement date. The normal form of payment is a monthly single life annuity. Unless otherwise elected with written spousal consent, a participant with an eligible spouse surviving on the date of retirement shall receive his pension in the form of a 50% joint and survivor option which is actuarially equivalent to the normal form of payment. If the employees terminate for any reason other than retirement, disability or death before rendering five (5) years of eligible service, they will forfeit their right to receive a retirement, disability or death benefit.

If a participant who is actively employed as an employee becomes disabled, a disability pension is calculated in the same manner as the normal retirement benefit described above. Disability retirement benefits shall cease on the date of death, attainment of age 65, or failure of a disabled employee to furnish continuing proof of such disability prior to age 65. If disability payments cease because the disabled employee reaches age 65, he or she will continue to receive a normal pension benefit.

Administrative expenses

Administrative fees of the Plan may be paid from the assets of the Plan to the extent permitted under ERISA. Expenses not paid by the Plan are paid by the Employer and are not included in these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Anheuser-Busch/Local 947 Pension Plan
Notes to the Financial Statements

For the Period April 1, 2014 to December 31, 2014 and Year Ended March 31, 2014

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.

3. INVESTMENTS:

The fair market values of investments representing five percent or more of net assets available for benefits as of December 31, 2014 and March 31, 2014 include:

	December 31, <u>2014</u>	March 31, <u>2014</u>
Mellon EB DV Non-SL Stock Index Fund	\$ **	56,401,680
State Street MSCI ACWI Ex USA Non-Lending Fund	**	16,293,871

Black Rock Long-term Credit Bond Index Non-Lendable Fund	**	69,331,686
Black Rock Intermediate Credit Bond Index Non-Lendable Fund	**	22,949,227

** No assets held at year-end

During the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014, the Plan's commingled trust funds appreciated by \$13,665,553 and \$18,318,764 respectively. During the period April 1, 2014 to December 31, 2014 and the year ended March 31, 2014, the Plan's separate account appreciated by \$95,114 and \$28,797, respectively.

4. CONTRACT WITH INSURANCE COMPANY:

On December 2, 1976, the Trustees entered into a Group Annuity Contract ("GAC"), effective December 1, 1975, with John Hancock Life Insurance Company (U.S.A.) (the Insurance Company) for purposes of providing retirement benefits in accordance with the provisions of the Plan. Under provisions of the GAC, the Insurance Company computes the liability for future benefits under the Plan. The GAC specifies, among numerous other items, what can occur if the liability for future benefits exceeds the balance in the Immediate Participant Guarantee Fund ("IPG Fund") and the separate pooled investment accounts, as well as the events that can cause termination of the GAC, the method of modifying the GAC and the provisions for transfer of the IPG Fund.

Effective June 1, 1981, the annuity contract was amended to provide for greater latitude in investing the contributions remitted to the Insurance Company. As a result of the amendment, all or any portion of the contributions may be assigned, at the direction of the Trustees, to pooled separate investment accounts maintained by the Insurance Company for pension and profit-sharing contracts. The insurance Company does not guarantee the monies invested in the separate accounts as to principal or income. Effective April 1, 1992, the annuity contract was amended to delete a provision that the Insurance Company would guarantee future retiree benefits.

Effective April 1, 1997, the annuity contract was amended to permit a transfer of the assets held in the IPG Fund to the Insurance Company's separate investment account. The amendment also restated the provisions in the annuity contract whereby the Insurance Company guarantees the future retirement benefits of certain amounts as listed in Appendix B to the contract.

5. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

- Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2014 and March 31, 2014.

- *Interest bearing cash*: Valued at cost which approximates fair value.
- *Money market fund*: Valued at \$1 per share, which approximates fair value.
- *Commingled trust funds*: Valued based on the fair value of the underlying securities in the funds, as determined by the fund trustee, which represents the net asset value (NAV) of the units held by the Plan at end of the year. The fund managers' objectives are to track certain indices or to preserve capital. There are no unfunded commitments related to the funds and units are redeemable at net asset value.

Anheuser-Busch/Local 947 Pension Plan
Notes to the Financial Statements

For the Period April 1, 2014 to December 31, 2014 and Year Ended March 31, 2014

- *Separate account:* The NAV of a separate account is based on the market value of its underlying investments which represents the NAV of the units held by the Plan at the end of the year. The NAV is not a publicly-quoted price in an active market. The investment objective of the account is to generate a high rate of total return consistent with prudent investment risk, through investment in a diversified portfolio of debt securities. There are no unfunded commitments related to the separate account and units are redeemable at net asset value on a daily basis. The separate account is not restricted in regard to distributions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and March 31, 2014.

6. ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employee or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations were as follows:

- *Mortality experience* –
 - o Healthy lives: RP-2000 separate healthy annuitant and non-annuitant mortality tables (sex-specific) with static projection using scale AA and no collar-adjustment. Mortality is projected through the valuation date plus another 7 years for annuitants and through the valuation date plus another 15 years for non-annuitants. This assumption is one of the choices allowed by the regulations. (Prior year mortality table assumption was similar to this year, except with one less year of projection)
 - o Disabled participants: Revenue Ruling 96-7 mortality tables.
- *Form of benefit payment*-
 - o Males-30% life, 15% 10-year certain and life, 35% 50% joint and survivor, and 20% 100% joint and survivor.
 - o Females-75% life, 15% 10-year certain and life, and 10% 50% joint and survivor.
- *Percent married and spousal age relationship*- 90% married for male participants and 75% married for female participants, husbands four years older than their wives.
- *Investment return rate* – 6.5%
- *Retirement-Age Decrements* from age 55 through age 65.

Anheuser-Busch/Local 947 Pension Plan
Notes to the Financial Statements
For the Period April 1, 2014 to December 31, 2014 and Year Ended March 31, 2014

As discussed in Note 10, the Plan was merged as of December 31, 2014. The benefits will continue under the Merged Plan and the accumulated plan benefits were also transferred to the Merged Plan.

The valuation method used is the unit credit actuarial cost method. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. INCOME TAX STATUS:

The IRS determined and informed the company in a letter dated September 2, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to March 31, 2012.

8. RELATED PARTY TRANSACTIONS:

Certain Plan investments are units of commingled trust funds and a money market fund which are held and managed by Bank of New York Mellon, the custodian of the Plan. Certain Plan investments are in a separate account held by John Hancock Life Insurance Company (U.S.A.), a custodian of the Plan. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Transactions involving these investments and expenses qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

9. ADMINISTRATIVE EXPENSES:

Administrative expenses are comprised of the following for the period April 1, 2014 to December 31, 2014 and for the year ended March 31, 2014:

	December 31, <u>2014</u>	March 31, <u>2014</u>

10. PLAN MERGER:

The Employer and International Brotherhood of Teamsters Local No. 947, International Brotherhood of Teamsters Local No. 284 and the International Brotherhood of Teamsters Local No. 6 have agreed to merge the Plan and the Anheuser-Busch/Teamster Local Union No. 284 Pension Plan into the International Brotherhood of Teamsters Bottlers Local No. 1187 Pension Plan (the Merged Plan), per bargaining stipulations executed by all parties. The merger was completed by December 31, 2014 and investments were transferred to the Merged Plan. The Merged Plan is known as the Brewery Conference/Anheuser-Busch Defined Benefit Pension Plan. The contribution and benefit provisions of each plan will not change as a result of the merger. The Merged Plan will be closed to new hires after February 28, 2019.

Transfer of assets out of the Plan include the following for the period April 1, 2014 to December 31, 2014:

Investments	\$ 189,710,762
Employer contribution receivable	501,867
Union contribution receivable	892
