INDEPENDENT AUDITORS' REPORT

To the Trustees, Participants and Administrator of the
Martin/Brattrud, Inc. Employee Stock Ownership Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the Martin/Brattrud, Inc. Employee Stock Ownership Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MARTIN/BRATTRUD, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014

1. DESCRIPTION OF PLAN

The following description of the Martin/Brattrud, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Martin/Brattrud, Inc. (the Company) established the Plan, which commenced on January 1, 2014. The Plan is structured to operate as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who have completed at least 1,000 hours of service during the plan year will become a participant in the Plan retroactively on January 1 of the plan year in which the eligibility requirements are satisfied.

Company Contributions

The Company may make discretionary contributions to the Plan in an amount determined each year by the Company's Board of Directors. In order to be eligible for the Company contributions, a participant must complete at least 1,000 hours of service during the plan year. For the year ended December 31, 2014, the Company elected to make a discretionary contribution to the Plan of $1,150,000.

Plan Administration

The Plan's assets will be held by the Trustee of the Plan.

The Trustee of the Plan is independent of the Company. Company contributions are held and managed by the Trustee, which will invest cash received, interest, and dividend income and make distributions to participants. Administrative expenses for the Trustee's fees are paid directly by the Company.

The Plan is administered by an internal committee (the Plan Committee) which is comprised of employees of the Company who are appointed by the Company's Board of Directors. The Plan Committee receives no compensation from the Plan.

1. DESCRIPTION OF PLAN - (Continued)

Participant Accounts

Each participant's account is credited with allocations of (a) the Company's contributions, (b) forfeitures (c) net change in value of Company common stock and (d) other investment earnings net of plan expenses. The Company's contributions may consist of acquisition indebtedness contributions and cash or common stock contributions. The Company's contributions and forfeitures are allocated to eligible participants based on the percentage that their eligible compensation bears to total eligible compensation. The net change in the value of Company stock, as determined by an independent appraiser, will be allocated based on the number of shares held by the participants at year-end multiplied by the change in the per share value. Other investment earnings, generally interest income, net of plan expenses will be allocated to participants based on the percentage that their other investment account balance as of the preceding allocation date, as defined, is representative to the total other investment account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Distribution of Plan benefits due to termination, retirement, disability, or death, will be made in a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. Installments are paid after a one to five year waiting period in annual installments over no more than five years, unless the participant's vested account balance exceeds the amount as defined under the Internal Revenue Code (IRC), in which case installments could exceed five years. Participants may elect to rollover their account to another eligible retirement plan as defined by the plan agreement. All vested account balances not exceeding $5,000 may be distributed in a lump-sum payment.

Diversification

Diversification will be offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Participants eligible for diversification may elect to direct the Plan to diversify a portion of their account during a 90 day election period which begins on the first day of the plan year that follows each of the six plan years beginning with the plan year in which the participant becomes eligible for diversification. In each of the first five years, a participant may diversify up to 25% of the number of shares of Company stock allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may elect to receive a cash distribution or to rollover the amount to one or more of at least three diversified investment options, which may be made available in another qualified plan maintained by the Company. No accounts were eligible for diversification as of December 31, 2014.

1. DESCRIPTION OF PLAN - (Continued)

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option (the liquidity put). The liquidity put is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Plan may also honor the put, although it is not required to do so. The put price is the fair market value of the stock as determined as of the most recent valuation date, as defined.

The purpose of the liquidity put is to ensure that the participant has the ability to ultimately obtain cash after receiving a distribution of stock. If the put option is not exercised within 60 days, it temporarily lapses; put options may then be exercised during the first 60 days of the following plan year. In the event a put option is exercised, the Company shall have the option of paying the purchase price either in a lump sum within 30 days of exercise or in a series of five equal installments, with the first payment to be made within 30 days of exercise and the four remaining payments to be made annually on the exercise date.

Right of First Refusal

An agreement between the Company, the Plan and all participants who receive a distribution of employer stock, has placed restrictions on the transfer or sale of employer stock. Shares cannot be sold or transferred without first offering them to the Company at a per-share price no greater than that tendered by a prospective third party purchaser or the last ESOP valuation. If the Company does not exercise its right to purchase the shares, then the shares must be offered to the Plan.

Vesting

Vesting in the Company's contributions and earnings thereon is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN - (Continued)

Forfeitures

Forfeitures of terminated participant's nonvested account balances are allocated to active participants based on the percentage that their eligible compensation is representative to total eligible compensation. For the year ended December 31, 2014, no forfeitures were available to be allocated to active participants.

Voting Rights

Participants may direct the voting of shares of the Company stock allocated to their accounts on any matter on which shareholders are allowed to vote. Such matters are limited to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or other similar transactions. If a participant fails to provide instructions, the trustee will vote shares for which the participant has the right to direct voting. The trustee will vote any unallocated shares of the Company stock in the same manner.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Company, unless paid by the Plan. Plan expenses paid by the Company are not included in these financial statements.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditors' report, which is the date the accompanying financial statements were available to be issued.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Such parties are parties-in-interest under ERISA. The Company paid certain administrative expenses of the Plan, including recordkeeping fees. These are related party and party-in-interest transactions.

4. PLAN TERMINATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate and/or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, all participants will become 100% vested in their accounts. Upon termination of the Plan, and after payment of all expenses of the Trust, the Plan Committee shall direct the payment of benefits in accordance with Plan provisions.

5. TAX STATUS

The Plan has not yet received a determination letter from the IRS as of the date of the audit report. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. SUBSEQUENT EVENT

On March 20, 2015, the Plan purchased 20 shares of Company common stock at a price of $87,500 per share for a total purchase price of $1,750,000. After the purchase, the Plan owns approximately 10% of the Company's outstanding common stock. In connection with the purchase, on March 20, 2015, the Company loaned the Plan $610,000 in the form of an exempt loan (the ESOP Loan). The ESOP Loan requires three consecutive annual principal payments of $203,333 beginning on December 31, 2015 and ending on December 31, 2017. The ESOP Loan accrues interest at an annual rate of 4% which is due with each payment of principal. The ESOP Loan is secured by the Company common stock purchased with the proceeds from the ESOP Loan.
