SDPMNA SAVINGS AND RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the SDPMNA Savings and Retirement Plan and Trust (Plan) provides only general information. Effective January 1, 2014, the Plan name was changed from Van Dorn Demag Corporation Savings and Retirement Plan and Trust to SDPMNA Savings and Retirement Plan and Trust. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Sumito (SHI) Demag Plastics Machinery North America, Inc., formerly known as Van Dorn Demag Corporation, (Company) who have satisfied the eligibility requirements. Effective January 1, 2014, the eligibility requirements were changed from twenty one years of age to nineteen years of age and 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Eligible participants may elect to contribute an amount not less than one percent or greater than 75 percent of eligible pre-tax annual compensation up to the current Internal Revenue Service limits for deferral and annual additions. Participants may also elect to contribute a portion of their annual compensation on an after-tax basis. The Plan allows for rollover contributions from other qualified plans. The Plan provides for an employer Defined Contribution Retirement Benefit ("DCRB") contribution to all employees, which is three percent of eligible annual pre-tax compensation. A full-time employee is immediately eligible to receive the DCRB contribution, regardless of credited service earned. Employees other than full-time (excluding leased employees) are eligible for the DCRB contribution after being credited with at least 1,000 of hours of service during the initial consecutive twelve month period commencing upon the participants date of hire, or on each anniversary date thereafter. The Company may make a discretionary matching contribution, no such contributions were made for the Plan year ended December 31, 2014.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the DCRB contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of (a) plan losses and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100 percent vested in both employer matching and DCRB contributions after three years of credited service. Credited service for all employer contributions is defined as the initial twelve consecutive month period commencing upon the participants date of hire, or during any plan year thereafter in which the participant is credited with at least 1,000 hours of service.

Forfeitures: Forfeitures of Company contributions are used to offset future Company contributions. During 2014, forfeitures aggregating \$67 were used to reduce employer contributions. The remaining balances of forfeitures available as of December 31, 2014 and 2013 were \$0.

Payment of Benefits: Upon termination of service, disability, retirement, or death, a participant will receive a distribution equal to the value of his or her vested interest in his or her account. Balances are generally paid as a single lump-sum distribution. The Plan also provides for 59 ½ in-service withdrawals.

Withdrawals: A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate and heavy financial need.

December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative and Investment Management Expenses: The Plan's administrative expenses are paid by the Company or the Plan. Administrative expenses paid include recordkeeping and custodian fees. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Notes 5. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in a fully benefit-responsive investment contract through its investment in a stable value fund.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures and actual results could differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Risk and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

The following presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	<u>2014</u>	<u>2013</u>
<u>Mutual Funds</u>		
T. Rowe Price Mid-Cap Growth Fund	\$ 4,164,389	\$ 3,879,202

T. Rowe Price Equity Income Fund	2,921,867	2,583,313

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value as follows:

NOTE 5 - FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Accounting guidance establishes a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) or identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of investments are as follows:

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs). The T. Rowe Price Stable Value Fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund provides for daily redemptions by the Plan participants at reported net asset value per share to meet benefit payment requirements. In the event the Plan fully liquidated its investment in the stable value fund a 12 month written notice would be required.

Collective Trust Funds: The fair value of participation units held in a collective trust, that is not a stable value fund, is based on the net asset (Level 2 inputs). The investment objective of the T. Rowe Price Equity Index Trust is to provide investment results that correspond to the total return performance of common stocks publicly traded in the United States as represented by Standard & Poor's 500 Composite Stock Index® (S&P Index). Under normal conditions, the trust will invest substantially all of its assets in the common stocks of companies that compose the S&P Index. The fund provides for daily redemptions by the Plan participants at reported net asset value per share to meet benefit payment requirements. In the event the Plan fully liquidated its investment a 90 day written notice would be required.

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the fair value hierarchy for the balances of the assets of the Plan measured at fair values as of December 31, 2014 and 2013:

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative and fiduciary functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan holds units of a collective trust issued by T. Rowe Price Trust Company and shares of mutual funds issued by T. Rowe Price, an affiliate of the Plan trustee. These transactions qualify as party-in-interest transactions. Professional fees of the Plan were paid on behalf of the Plan by the Company, except for the Plan paid fees to Gallagher Benefit Services, Inc. for consulting services. SDPMNA SAVINGS AND RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 10, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. During 2013, the Plan administrator applied for a new determination letter; however a response has not yet been received.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 – PLAN MERGER

Effective December 31, 2013, SHI Plastics Machinery, Inc. of America 401(k) Plan ("Merged Plan") was merged into the Plan, pursuant to the Company's merger with SHI Plastics Machinery, Inc. of America in December 2013. The transfer of net assets of the Merged Plan into the Plan was completed in 2014. The transfer of assets was presented as a \$1,405,604 receivable on the Statement of Net Assets Available for Benefits as of December 31, 2013. The actual transfer due to the merger was \$1,523,400 during 2014.

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through September 24, 2015, which is the date the financial statements were available to be issued.
