INTERNATIONAL BAY CLUBS, LLC SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Note 1: Description of Plan

The following description of the International Bay Clubs, LLC Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-union employees of International Bay Clubs, LLC (the "Company"). The Plan, effective February 1, 1992, was established to provide a pre-tax savings plan for non-union employees under Section 401(k) of the Internal Revenue Code. Employees who have reached the age of 21 are eligible for elective deferral into the Plan and may enter the Plan on the first day of the month following eligibility. There is a minimum service requirement of one year of service to be eligible for this Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986, as amended.

Contributions

Participants may contribute 100 percent of their annual wages up to a maximum amount as prescribed by law. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective October 31, 2011, upon becoming eligible to make salary deferrals under the Plan, automatic deferrals will begin at 3 percent of Plan compensation. Automatic deferrals will increase each Plan year by 1 percent of Plan compensation, not to exceed 6 percent of Plan compensation. The aforementioned amendment applies only to employees who become participants on or after January 1, 2010. At the discretion of the Board of Directors, the Company may make matching contributions, additional discretionary contributions, and/or qualified non-elective contributions. For the year ended December 31, 2014, the Board of Directors elected to match 50 percent of the participant's eligible elective contribution of up to 6 percent of the participants pay in a Company matching account.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions. The non-elective contributions made by the Company plus actual earnings thereon are based on years of vesting service and are vested as follows:

Years of Vesting Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5 or More	100%

Company contributions and earnings shall also become 100 percent vested if the Plan is terminated or any of the following events should occur: a participant reaches normal retirement age under the Plan, death or disability of the participant while employed.

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years. The loan amount can be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's non-forfeitable interest under the Plan, or (b) $50,000. Interest is charged on the outstanding balance at rates determined by the plan administrator based on the prevailing interest rates. Principal and interest are paid ratably through bi-weekly payroll deductions. The loans are secured by the vested account balance in the participant's account.

Benefit Payments

Upon termination of employment, a participant may be entitled to a distribution from the Plan, in which the availability of the distribution will depend on the amount of the participants vested account balance. The participant may elect to take the distribution in any of the following forms: lump-sum payment or transfer, installment payments, or annuity payments. In-service distributions may be permitted for participants who reach 59 ½ or have eligible financial hardships.

Forfeitures

Forfeitures of the employee's non-vested portion of the Company's contributions are used to reduce future employer's contributions and administrative expenses. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $30,105 and $24,879, respectively. Also, in 2014 employer contributions were reduced by $5,304.

Note 1: Description of Plan (Continued)

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company, except for certain transaction fees, which are deducted from the applicable participants' accounts.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) at December 31, 2014 and 2013. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's pooled separate account investments are stated at net asset value at December 31, 2014 and 2013. Each unit in a pooled separate account invests directly in a unit of the mutual fund. Unit values are calculated based on the observable net asset value of the underlying investment in the mutual fund.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits in net realized and unrealized earnings on investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

New Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "*Fair Value Measurement (Topic 820)*", amending disclosures for investments in certain entities that calculate net asset value per share (or its equivalent). The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. A reporting entity should apply the amendments retrospectively to all periods presented, and early adoption is permitted. The Plan has elected early implementation of ASU 2015-07 and accordingly, has presented these changes retrospectively.

In July 2015, the FASB issued ASU 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); and Health and Welfare Benefit Plans (Topic 965)*", which amends the reporting and disclosure requirements relating to fully benefit-responsive investment contracts; plan investment disclosures; and measurement date practical expedient. This ASU was issued by the FASB to reduce complexity in employee benefit plan accounting and make the investment disclosure requirements under Topics 820, 960, 962 and 965 for employee benefit plans more effective to financial statement users. The amendments in this ASU are effective for fiscal years beginning after December 15, 2015, earlier application is permitted. The Plan has elected early implementation of ASU 2015-12 and accordingly, has presented these changes retrospectively.

Note 3: Concentrations, Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Investments Prepared and Certified by Custodian

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, and interest for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mass Mutual.

Note 5: Guaranteed Interest Contract

The Plan entered into a benefit responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a guaranteed interest account provided through a group annuity contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest contract is fully benefit-responsive, contract value is the relevant measurement attribute to the guaranteed interest contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

	2014	2013
Guaranteed interest contract	$ 2,861,242	$ 3,003,864
Total Investments at Contract Value	$ 2,861,242	$ 3,003,864

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5: Guaranteed Interest Contract (Continued)

Under the contract, a crediting rate is established for a six-month period of time (a "rate period") and all assets invested in the guaranteed interest contract are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Mass Mutual assumes market, credit, and interest rate risk for the assets supporting the guaranteed interest contract.

Mass Mutual re-sets guaranteed interest contract rates semiannually, taking into consideration a number of factors, including the following: (1) investment year method experience of the contract or pool, (2) projected levels of cash flows within the current interest rate environment, and (3) projected maturity of the underlying investments. Generally speaking, the guaranteed interest contract crediting rates will typically show less volatility than current market rates.

Upon full or partial contract or Plan termination and certain other sponsor-initiated events, distributions from the guaranteed interest contract may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the Plan's investment in the guaranteed interest contract.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7: Excess Contributions Payable

ERISA requires the Plan to satisfy certain nondiscrimination provisions. For the years ended December 31, 2014 and 2013, the Plan is required to return some contributions in order to satisfy these provisions. At December 31, 2014 and 2013, the contributions payable were $34,953 and $57,232, respectively.

Note 8: Tax Status

The Plan is based on Mass Mutual Non-Standardized Prototype Profit Sharing/401(k) Plan, which received a determination letter from the Internal Revenue Service ("IRS") dated May 8, 2009, stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan has not yet filed for its own determination letter from the IRS; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8: Tax Status (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9: Prior Plan Transfer

The directors of the Company resolved, effective June 1, 1992, that the International Bay Clubs, LLC Money Purchase Pension Plan (the "Purchase Plan") be merged into the Plan with all accrued benefits under the Purchase Plan thereupon becoming account balances subject to the terms of the Plan. During 1994, $346,067 was transferred to the Plan from the Purchase Plan.

Note 10: Withdrawn Participants

At December 31, 2014, no amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 11: Party-In-Interest

The investments in pooled separate accounts and the guaranteed interest contract are managed by Mass Mutual, the custodian; therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees, and therefore, also qualify as party-in-interest transactions.

Note 12: Fidelity Bond

ERISA requires that the Plan be covered by a fidelity bond. The amount of the bond must be equal to the lesser of 10 percent of the funds handled as of the beginning of the year or $500,000. As of January 1, 2014, the Plan met the minimum bonding requirement.

Note 13: Net Asset Value per Share (NAV)

The Plan's pooled separate account investments are stated at net asset value at December 31, 2014 and 2013. Each unit in a pooled separate account invests directly in a unit of the mutual fund. Unit values are calculated based on the observable net asset value of the underlying investment in the mutual fund.

The following table for December 31, 2014, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 5,801,430	None	Daily	None	None

Note 13: Net Asset Value per Share (NAV) (Continued)

The following table for December 31, 2013, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 5,295,301	None	Daily	None	None

Note 14: Differences on Form 5500

The financial statements have been prepared on the accrual basis as required by generally accepted accounting principles. However, for the years ended December 31, 2014 and 2013, the Form 5500 to be filed with the Internal Revenue Service has been prepared on the cash basis.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2014	2013
Net Assets Available for Benefits per the Financial Statements	$ 8,850,733	$ 8,449,828
Add: Excess Contributions Payable	34,953	57,232
Less: Contributions Receivable	-	(145)
Add: Rounding	-	1
Net Assets Available for Benefits per the Form 5500	$ 8,885,686	$ 8,506,916

The following is a reconciliation of total additions to net assets per the financial statements to the Form 5500:

	2014
Additions per the Financial Statements	$ 1,019,581
Add: Prior Year Contributions Receivable	145

Additions per the Form 5500	$ 1,019,725

The following is a reconciliation of total deductions from net assets per the financial statements to the Form 5500:

Add: Prior Year Excess Contributions Payable	57,232
Less: Current Year Excess Contributions Payable	(34,953)
Deductions per the Form 5500	$ 640,955

Note 15: Subsequent Events

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on the soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
