INDEPENDENT AUDITOR'S REPORT

To the Trustee of and Participants of the
Exelis Avionics Division and Exelis Communications
Solutions Bargaining Unit Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Exelis Avionics Division and Exelis Communications Solutions Bargaining Unit Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by JP Morgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Other Matter - 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by JP Morgan Chase Bank, N.A., the trustee of the Plan. Their report dated October 10, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations - 2014

The form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Plan Merger

As discussed in Note 12, the Plan merged into the Exelis Retirement Savings Plan. Our opinion is not modified with respect to that matter.

EXELIS AVIONICS DIVISION AND EXELIS COMMUNICATIONS SOLUTIONS BARGAINING UNIT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2014 AND 2013 AND FOR THE YEAR ENDED DECEMBER 31, 2014

1. DESCRIPTION OF PLAN

The following description of the Exelis Avionics Division and Exelis Communications Solutions Bargaining Unit Savings Plan (the “Plan”) is provided for general information purposes only. The name of the Plan was changed, effective January 1, 2013, from Exelis Avionics Division and Exelis Aerospace/Communications Division Bargaining Unit Savings Plan. Participants should refer to the Plan document for more complete information.

General—The Plan is a defined contribution plan generally covering all regular hourly union U.S. employees of Exelis Avionics Division and Exelis Communications Solutions Division of Exelis Inc. (the “Plan Sponsor”). Employees are eligible to join the Plan on the first day of the calendar month following completion of one month of service. Part-time/temporary employees are eligible as of the first of the month following the completion of at least 1,000 hours of service in a plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The investments are held in a trust account at JP Morgan Chase Bank, N.A. (“JP Morgan”), which consists of investment accounts in the Exelis Inc. Retirement Savings Master Trust (the “Master Trust”), a master trust established by Exelis Inc. (the “Company”) to serve this and other Company savings plans. JP Morgan is the trustee and custodian of the Master Trust.

Investments in the Master Trust at December 31, 2014 are shown on the Master Trust Schedule of Assets (Held at End of Year) as filed with the U.S. Department of Labor, Washington, D.C., under identification number 45-3304462. The Plan’s proportionate share of the assets as of December 31, 2014 is also presented in that filing.

Contributions—Under the provisions of the Plan, allowable contributions are outlined as follows:

Participant Contributions—A participant may generally elect to save 2% to 25% of base salary. A participant may designate savings as before-tax savings, after-tax savings, or any combination of the two. A participant who is a highly compensated employee may be limited to less than 25% due to the operation of certain tests required under the Internal Revenue Code (the “Code”).

Employer Contributions—The matching employer contribution for the Plan is 50% of the first 6% of base pay saved by a participant.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the matching employer contribution and investment earnings, and charged with withdrawals, loans and investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options—Participants designate the Plan funds in which their contributions and the matching employer contributions are to be invested. All investments are participant-directed. Participant contributions can be invested in any or all of the various investment funds available in the Master Trust. In addition, participants can elect to have all or a portion of their matching employer contributions invested in the Exelis Stock Fund held in the Master Trust (participant contributions may not be invested

in the Exelis Stock Fund). Participants may elect to allocate contributions among these funds in multiples of 1%.

Vesting—Participant’s interest in their contributions is fully vested at all times. The matching employer contribution portion of the participant’s account is vested 20% per year. A participant’s account is 100% vested after five years of service.

Benefits to Participants— Participants are entitled to the full vested value of their accounts following employment termination in a lump sum payment. In lieu of a lump sum payment, the participant can elect annual installments, life expectancy installment payments, or partial distributions.

Participants are allowed to withdraw, at any time, any portion of after-tax participant contributions, vested Company contributions and rollover contributions, subject to Plan provisions.

Forfeitures—Forfeitures result from termination of employment before full vesting has occurred. All forfeited nonvested accounts totaling \$33,693 were used to reduce matching employer contributions during 2014. As of December 31, 2014 and 2013, forfeited nonvested accounts totaled \$2 and \$32,243, respectively.

Notes Receivable from Participants—Participants may borrow from their account balance in any whole dollar amount which must be at a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant’s vested interest in their account, reduced by the highest outstanding loan balance, if any, during the prior 12-month period. Loan terms range up to 5 years. A participant who is using a loan for the purchase of a primary residence may elect to repay the loan over a period of whole years between 1 and 15. Participants may have two loans outstanding at the same time. The loans are collateralized by the balance in the participant’s account and bear interest which is based on the prime rate as published in *The Wall Street Journal* on the last business day of the prior quarter plus 1%. Principal and interest are paid ratably through payroll deductions. The interest rate is determined at the time the loan is processed, and shall remain in effect for the term of the loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates— The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties— The Master Trust utilizes various investment instruments, including equities, mutual funds and common collective trusts which include a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition— The Master Trust’s investments are measured at fair value except for its stable value fund which is stated at fair value and then adjusted to contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See Note 3 for further discussion of valuation techniques.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Master Trust's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses—The Plan Sponsor provides accounting and other administrative services to the Plan at no charge. Administrative expenses are paid by the Plan or the Company in accordance with the Plan document. Management fees charged to the Plan for investments in the registered investment companies are deducted from income on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Benefits Paid to Participants—Benefit payments to participants are recorded upon distribution.

Participant Loans—Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets and liabilities; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or quoted prices in an active market for similar assets and liabilities; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques – Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded. Investments in mutual funds are classified in Level 1 of the fair value hierarchy.
- Equities – Common stock is valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. Exelis Stock Fund invests primarily in Exelis Corporation common stock, which is traded on the New York Stock Exchange (NYSE) under the ticker symbol (XLS) and is valued at its NAV. The NAV of the Exelis Stock Fund is computed based on the closing price of Exelis common stock reported by the NYSE at the measurement date, plus the NAV of the short-term money market included in the Exelis Stock Fund, divided by the number of units outstanding. The money market portion of the Exelis Stock Fund provides liquidity, which enables the participants to transfer money daily among all investment choices. As all equity securities held by the Master Trust are

publicly traded in active markets, the securities are classified within Level 1 of the fair value hierarchy.

- Common collective trusts (“CCTs”) – CCTs are arrangements in which the funds of individual trusts are pooled to avail themselves of professional investment management and achieve greater diversification of investment, stability of income or other investment objectives. CCTs invest in debt and equity securities, and guaranteed investment contracts, the mix of which varies by fund, and report NAV as of the measurement date. Fair value is estimated based on the NAV practical expedient described below. CCTs are classified in Level 2 of the fair value hierarchy.

In certain instances, fair value is estimated using quoted market prices obtained from an external pricing service. In obtaining such data from the pricing service, the Plan has evaluated the methodologies used to develop the estimate of fair value in order to evaluate whether such valuations are representative of fair value, including NAV. Additionally, in certain circumstances, the Plan may adjust NAV reported by an asset manager when sufficient evidence indicates NAV is not representative of fair value.

The following tables set forth by level within the fair value hierarchy a summary of the Master Trust’s investments measured at fair value on a recurring basis as of December 31, 2014 and 2013.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between levels for the years ended December 31, 2014 and 2013.

There are no unfunded commitments related to the CCTs. Investments in the CCTs can be redeemed on a daily basis. The following table sets forth a summary of the Master Trust's investment in CCTs reported at fair value using net asset value per share at December 31, 2014 and 2013:

Fair Value Estimated Using Net Asset Value per Share
Fair Value at December 31,

	2014	2013
Master Trust Investments:		
(a) JPMCB Stable Asset Income Fund-SELECT	\$ 22,412,533	\$ 21,304,859
(b) JPMCB Smartretirement Income Funds	2,908,610	3,195,530

Total	<u>\$ 108,607,693</u>	<u>\$ 102,157,273</u>

- (a) Stable Asset Income Fund seeks to preserve the value of money invested, perform better than the average money market fund, and earn consistent, reliable returns.
- (b) The fund is designed to provide exposure to a variety of asset classes through investments in underlying funds with emphasis on fixed income funds over equity and other funds. The fund seeks current income and some capital appreciation. The Plan must provide 180 days advance notice to terminate the fund.
- (c) Target retirement date funds seek total return with a shift to current income and some capital appreciation over time as the fund approaches and passes the target date. These funds generally reach their most conservative target allocations close to the target retirement date. The Plan must provide 180 days advance notice to terminate the fund.
- (d) The fund seeks to provide capital appreciation from a portfolio of large-company U.S. stocks.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2014 and 2013, all Master Trust investments are held in funds managed by JP Morgan. JP Morgan is the trustee of the Master Trust and is the custodian of the Plan. Therefore, these investments and related transactions qualify as exempt party-in-interest transactions.

Fees paid by the Employer for trustee services and administrative fees provided by the trustees amounted to approximately \$3,225 the year ended December 31, 2014.

Notes receivable from participants also qualify as party-in-interest transactions and amounted to \$594,698 and \$626,886 at December 31, 2014 and 2013, respectively.

The Plan's investment in the Exelis Stock Fund consists of an undivided interest in an investment account of the Master Trust. The Exelis Stock Fund is invested predominately in Exelis Inc. common stock. As Exelis Inc. is the Plan Sponsor, these transactions qualify as exempt party-in-interest transactions. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exceptions from the Code and ERISA's rules on prohibited transactions.

5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included in the Plan's financial statements that was prepared by or derived from information prepared by JP Morgan, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Notes 3, 6 and 7: All investment balances and investment information, excluding the classification and level of investments in the fair value hierarchy as of December 31, 2014 and 2013 as disclosed in Note 3.

6. MASTER TRUST

All of the Plan's investments consist of a divided interest in an investment account of the Master Trust established by the Company and administered by JP Morgan as of December 31, 2014 and 2013. Use of the Master Trust permits the commingling of trust assets with the assets of certain other Company savings plans for investment and administrative purposes. Investment income, realized gains (losses) on sales of investments, unrealized appreciation (depreciation) of investments, and dividends are allocated to each plan within the Master Trust. In accordance with U.S. GAAP, the net change in value from participation in the Master Trust is reported as one line item in the Statement of Changes in Net Assets Available for Benefits and the Plan's interest in the Master Trust is reported as a single line item in the Statements of Net Assets Available for Benefits.

The Plan has a specific percentage interest in each investment that differs from the overall percentage interest in the Master Trust.

The following table presents the fair value of investments in the Master Trust at December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Master Trust:		
Equities - Exelis Stock Fund	\$ 5,447,591	\$ 6,080,325

7. STABLE VALUE FUND

The Master Trust invested in the J.P. Morgan JPMCB Stable Asset Income Fund (“SAIF” or the “Fund”). The Fund is a common collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. Fair value of the Fund is the NAV of its underlying investments and the contract value is principal plus accrued interest. Individual participant accounts invested in the Fund are maintained on a unit value basis. Participants do not have beneficial ownership in specific underlying securities or other assets in the Fund, but have an interest therein represented by units valued as of the last business day of the period. Participants can ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses.

The Fund is primarily comprised of investment contracts called benefit responsive wraps (“wrap contracts”) that are issued by banks and insurance companies. The wrap contracts help to stabilize the value and returns of the stable value funds. These contracts are backed by fixed income portfolios that primarily consist of U.S. Treasury, agency, investment grade corporate, mortgage-backed and asset-backed securities. The Fund’s primary objective is to seek the preservation of principal, while providing current income and liquidity. The Fund also invests in other commingled pension trust funds established, operated and maintained by the trustee. The investment objectives of these underlying funds of the SAIF are as follows:

- The Commingled Pension Trust Fund (Intermediate Bond) of J.P. Morgan invests primarily in investment grade debt securities.
- The Commingled Pension Trust Fund (Liquidity) of J.P. Morgan invests primarily in traditional money market investments, with the goal of current income, preservation of principal, providing liquidity and maintaining a stable net asset value.

The SAIF imposes certain restrictions on the Plan, and the SAIF itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the SAIF to transact at less than contract value is not probable.

Limitations on the Ability of the SAIF to Transact at Contract Value

Restrictions on the Plan - Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but

excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The transfer of assets from the SAIF directly into a competing option is prohibited without a 90-day equity wash rule and may limit the ability of the SAIF to transact at contract value. The following employer-initiated events may limit the ability of the SAIF to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- Any communication given to Plan participants designed to influence a participant not to invest in the SAIF or to transfer assets out of the SAIF;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and
- Complete or partial termination of the Plan or its merger with another plan.

Circumstances that affect the SAIF - The SAIF invests in assets, typically fixed income securities or bond funds, and enters into wrap contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company to make payments to the SAIF in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted. The wrap contracts generally contain provisions that limit the ability of the SAIF to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the SAIF or the administration of the SAIF that is not consented to by the wrap issuer;
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the SAIF's cash flow; and
- Employer-initiated transactions by participating plans as described above.

In the event that wrap contracts fail to perform as intended, the SAIF's NAV may decline if the market value of its assets declines. The SAIF's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The SAIF is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the SAIF's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The SAIF may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

The following is a reconciliation of the Plan interest in earnings of Exelis Inc. Retirement Savings Master Trust per the financial statements to the net investment gain from Master Trust investment accounts per the Form 5500 for the year ended December 31, 2014:

Plan interest in earnings of Exelis Inc. Retirement Savings Master Trust	\$ 1,846,243
Change in the adjustment from fair value to contract value for fully benefit-responsive stable value funds	16,754
Less: administrative expense	<u>(3,225)</u>
Net investment gain from Master Trust investment accounts per Form 5500	<u>\$ 1,859,772</u>

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. If the Plan is terminated for any reason, all accounts shall become fully vested and non-forfeitable. At the time of termination, the Plan shall be valued and distributions to participants shall be made.

10. ASSET TRANSFERS/ROLLOVERS

The assets of the Plan were merged into the Exelis Retirement Savings Plan ("RSP") on January 2, 2015 as a result of a plan merger.

11. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the plan administrator by a letter dated September 30, 2014, that the Plan is qualified and the Master Trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and Master Trust continue to qualify under the applicable provisions of the Code and, as a result, the Plan's net investment income is exempt from taxation. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

12. SUBSEQUENT EVENTS

For the year ended December 31, 2014, subsequent events were evaluated through October 12, 2015, the date the financial statements were available to be issued. The assets of the Plan were merged into the Exelis Retirement Savings Plan ("RSP") on January 2, 2015 as a result of a plan merger.

On May 29, 2015, the Harris Corporation completed the acquisition of the Company; Exelis Inc. became a wholly owned subsidiary of Harris Corporation. Each outstanding share of Exelis common stock converted into the right to receive \$16.625 in cash and 0.1025 of a share of Harris Corporation common stock. The Company continues to be the Plan Sponsor of the Plan.
