NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN

The following brief description of the Dorel Juvenile Group, Inc. Pension Plan for Bargaining Unit Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan sponsored by Dorel Juvenile Group, Inc. (the "Company") covering substantially all bargaining unit individuals employed on an hourly-rate basis. The governing body for administration of the Plan and trust, the Employee Benefits Committee (the "Committee"), consists of between three and five members appointed by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits

Participants with five or more years of service are entitled to monthly pension benefits, beginning at normal retirement age (65), equal to the product of the benefit multiplier and the participant's years of benefit service, as defined in the Plan agreement. The monthly pension benefit multiplier is \$24.50 at December 31, 2014 and 2013. The Plan permits reduced retirement benefits for participants that elect early retirement between ages 55-64 with at least 10 years of service. Participants may elect to receive their benefits in the form of a lump-sum cash distribution, a life annuity, or a joint and survivor annuity.

Effective December 31, 2012, the Company elected to freeze the Plan. All employees with vested benefits will receive a pension calculated at the monthly pension amount of \$24.50 for each year of continuous service the employee has as of December 31, 2012. All participants employed on July 26, 2012 or their normal retirement age are 100% vested.

Disability Benefits

Participants with ten or more years of service who incur a disability prior to the normal retirement age are entitled to their accumulated benefit as described in the Plan agreement.

Employer Contributions

The Company makes annual contributions, based on the recommendations of the Plan's actuary, in an amount necessary to provide benefits to all participants and to meet the ERISA minimum funding standards.

DOREL JUVENILE GROUP, INC.
PENSION PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Administrative Expenses

The Company absorbs significant cost of Plan administration.

Plan Termination

While the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it may do so at any time, subject to the provisions set forth in ERISA.

Pursuant to ERISA requirements, if a termination is the result of the bankruptcy or near bankruptcy of the Company and the Plan's assets are not adequate to pay all benefits vested prior to the termination, the Pension Benefit Guaranty Corporation ("PBGC") will take over the Plan and will pay those benefits which it guarantees. In this case, some participants may receive a smaller benefit than if the Plan had continued. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits (as described in the Plan) and the level of benefits guaranteed by the PBGC at that time.

If, however, the Plan is terminated for any reason other than the bankruptcy or near bankruptcy of the Plan's sponsor and the Plan has insufficient assets, the Company will be required to pay to the Plan an amount, which together with Plan assets will satisfy all benefits accumulated to the date of the Plan termination.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments

Massachusetts Mutual Retirement Services ("MMRS") maintains the Plan's investment funds. Investments in pooled separate accounts are credited with earnings and gains or losses on the pooled investments. The separate accounts are stated at fair value as reported to the Plan by MMRS, based on the quoted market prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares.

Those separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets.

Those separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. The Plan's investments are stated at fair value determined using the quoted prices except for its group annuity contract.

The investment strategies for the pooled separate accounts vary based on the degree of investment risk chosen by the Company.

The Plan has a benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company. MMRS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 3.09%

DOREL JUVENILE GROUP, INC.
PENSION PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

for both 2014 and 2013, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. Such interest rates are reviewed on an annual or semi-annual basis for resetting.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for plan benefits.

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries

DOREL JUVENILE GROUP, INC.
PENSION PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of service times a multiplier. The accumulated plan benefits for active employees are based on their years of service as of the date which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts are excluded from Plan assets and excluded from accumulated Plan benefits.

Subsequent Events

The Plan has evaluated events or transactions occurring subsequent to the statement of net assets available for benefits date for recognition and disclosure in the accompanying financial statements through the date the financial statements are available to be issued, which is September 30, 2015.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

Massachusetts Mutual Life Insurance Company (Mass Mutual) serves as the Plan's Trustee. The following is a summary of investment information regarding the Plan, included in the Plan's financial statements that were prepared by Mass Mutual and furnished to the plan administrator.

The plan administrator has obtained certifications from Mass Mutual that all investments reflected in the accompanying Statements of Net Assets Available for Benefits and the Schedule of Assets (Held at End of Year) as of December 31, 2014 and 2013, and the related investment activity reflected in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2014 is complete and accurate.

Information included in the supplemental schedule of assets held has been provided by the trustee. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

During 2014 the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by \$829,820.

4. ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits is determined by a qualified actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and expected date of payment.

The accumulated plan benefits information as of January 1, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants receiving payments	\$ 14,577,910	\$ 14,291,715
Other participants	<u>11,592,246</u>	<u>11,764,915</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 26,170,156</u>	<u>\$ 26,056,630</u>

DOREL JUVENILE GROUP, INC.
PENSION PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

The changes to the actuarial present value of accumulated plan benefits for the period ended January 1, 2014 and 2013 are as follows:

	2014	2013
Actuarial present value of accumulated plan benefits - beginning of year	\$ 26,056,630	\$ 25,521,083
Increase (decrease) during the year attributable to:		
Benefits accumulated and actuarial experience	(169,547)	215,396
Increase due to decrease in discount period	2,016,526	1,976,699
Benefits paid	(1,733,453)	(1,656,548)
End of year	<u>\$ 26,170,156</u>	<u>\$ 26,056,630</u>

The actuarial present value of accumulated plan benefits is determined using the following significant actuarial assumptions:

Retirement age	Age 55-65
Investment return	8.0%
Life expectancy of participants	RP-2000 Mortality Tables for Non-Annuitants, Fully Generational With Scale AA

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

5. INCOME TAX STATUS

The Internal Revenue Service has determined by an opinion letter for the Plan dated October 17, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended subsequent to October 17, 2002, the Plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.

DOREL JUVENILE GROUP, INC.
PENSION PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

The Plan is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be issued, there were no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2012.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the group annuity contract per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
As reported per the financial statements	\$ 1,908,757	\$ 2,447,844
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>(102,368)</u>	<u>(163,214)</u>
As reported per the Form 5500	<u>\$ 1,806,389</u>	<u>\$ 2,284,630</u>

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mass Mutual. Mass Mutual is the trustee as defined by the Plan and Blue & Co., LLC is the auditor of the Plan and receives fees from the Plan, therefore, transactions with these companies qualify as party-in-interest transactions.

8. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances. The three levels of the fair value hierarchy are described as follows:

DOREL JUVENILE GROUP, INC.
PENSION PLAN FOR BARGAINING UNIT EMPLOYEES

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- *Pooled separate accounts:* Valued based on the quoted prices of the underlying mutual funds. The unit value of the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund.
- *Group annuity contract:* Valued at contract value by the insurance company as contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.
