INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of
Post Acute Partners Retirement Plan
Williamsville, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Post Acute Partners Retirement Plan, which comprise the statement of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and schedule of assets held for investment purposes are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The accompanying notes are an integral part of these financial statements.

Note 1. Description of the Plan - The following description of the Post Acute Partners Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a participant-directed, defined contribution plan covering all full-time, nonunion employees of Post Acute Partners, LLC and Affiliates (collectively the "Company") who are over the age of 18. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may make pre-tax or post-tax contributions from their compensation, up to amounts permissible under ERISA and the Internal Revenue Service. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Salary deferrals from participants and employer contributions are directed by participants to investment options made available by the Plan. The Company may make discretionary matching contributions as deemed appropriate. To be eligible for a Company match, a participant is required to have one year of service, complete 1,000 hours of service during the plan year, and be employed on the last day of the year. The Company approved a match of 50% of up to the first 4% of eligible compensation for 2014 and 2013, which totaled $642,307 and $324,721, respectively and is included as employer's contributions receivable.

The Company may also make discretionary profit sharing contributions to all eligible participants based on eligible compensation. To be eligible for a Company discretionary profit sharing contributions, a participant is required to have one year of service and be an active employee at the end of the year. There were no discretionary profit sharing contributions made for 2014 or 2013.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings (losses), and (c) charged with an allocation of plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The maximum loan term is 60 months or up to 360 months for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. The default of a loan is deemed a taxable distribution of the unpaid balance.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Vesting - Participants are immediately vested in their elective and rollover deferral contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits - Active participants may receive distributions from their elective contribution account and their rollover contribution account at any time after attaining the age of 59 1/2 or due to hardships as defined in the Plan. Upon termination of service, disability, or retirement (age 65), a participant is entitled to a lump-sum payment if their account balance is equal to or less than $5,000 at the time of distribution.

Forfeitures - Forfeitures may be used to offset plan expenses, if any, or to reduce current and future matching contributions. Employer contributions to the Plan were reduced by forfeitures of $28,508 for the year ended December 31, 2014.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value basis.

There was no difference between fair value and contract value at December 31, 2014 and 2013.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes thereon, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation in the fair market value of such investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Expenses of administering the Plan, other than loans fees, are paid by the Company. Certain administrative expenses are paid with forfeitures.

Subsequent Events - The Plan evaluated subsequent events through the date of the report, which is the date these financial statements were available to be issued.

Note 3. Guaranteed Investment Contract

The Plan holds a guaranteed investment contract with Principal Life Insurance Company ("Guaranteed Option"). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Guaranteed Option is a Group Annuity Contract - Custodial Guaranteed Interest Contract and is backed by the assets of the general account of Principal Life Insurance Company. Benefit payments are made at contract value (no termination or surrender charges) for Plan benefit events and investment transfers initiated by Plan participants. Thus, this contract is considered benefit responsive.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits.

The concept of a value other than contract value does not apply to this insurance company issued general account backed evergreen (no maturity date) group annuity contract. Even upon a discontinuance of the contract, contract value would be paid if the sponsor provides a 12-month irrevocable advance notice. As there are not any specific securities in the general account that back the liabilities of this annuity contract, it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. The Plan owns a promise to pay interest at crediting rates, which are announced in advance and reset semiannually. The crediting rate is net of administrative fees.

The average yield for this benefit responsive contract was 1.54% and 1.51% for the years ending December 31, 2014 and 2013, respectively, and the crediting interest rate was 2.00% as of December 31, 2014 and 2013.

Note 6. Fair Value Measurements

ASC 820-10 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Common / Collective Trust accounts - Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily (Level 2).

Pooled Separate accounts - The Plan's share of pooled separate accounts is determined on a participation-unit basis. The participation unit value is adjusted each business day to reflect investment results under the separate account. Pooled separate accounts consist of a variety of underlying investments. The net asset value is based on the market value of the underlying investment (Level 2).

Guaranteed Investment Contract - Valued at fair value (which approximates contract value). Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees (Level 3).

The contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer, and not on the value of the securities within the insurer's general account. As a result, the fair value amount shown is equal to the contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed net crediting rates, less withdrawals. Key factors that could influence future interest crediting rates are changes in interest rates and default or credit failures of the securities in the insurer's general assets. Past interest rates are not indicative of future interest rates.

Assets measured at fair value are summarized below:

			Surrender Charge	5.00%

Note 7. Net Asset Value (NAV) Per Share

Assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable, are as follows as of December 31, 2014 and 2013:

	Fair Value Using Net Asset Value per Share December 31, 2014	
	Fair Value *	Unfunded Commitment
Domestic (a)	$ 561,613	$ -

	Fair Value Using Net Asset Value per Share December 31, 2013	
	Fair Value *	Unfunded Commitment
Domestic (a)	$ 717,163	$ -

Fixed income (c)	230,779	-
Target funds (d)	11,198,340	-
Total investments at fair value	$ 12,284,295	$ -

* The fair values of the investments have been estimated using the net asset value of the investment.

(a) Domestic strategies seek to invest in a diversified portfolio of common stocks and bonds.

(b) International strategies seek long-term growth of capital primarily through investments in foreign securities.

(c) Fixed income strategies seek to invest in bonds or debt of a company or government entity. These investment options typically carry more risk that short-term fixed than short-term fixed income investment options, but less overall risk than equities.

(d) Target fund strategies seek to invest in affiliated and may invest in nonaffiliated open-ended mutual funds, insurance company separate accounts, and collective trust funds that Principal Trust considered appropriate based on the remaining time horizon of a particular target date fund.

The redemption frequency (if currently eligible), is daily. There are no redemption restrictions on the investments.

Note 8. Related Party and Party-In-Interest Transactions

Certain plan investments are managed by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are entitled to the entire amount of their account.

Note 10. Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Co ("PLIC"). The internal Revenue Service ("IRS") has determined and informed PLIC, in a letter dated March 31, 2008, that the prototype document satisfied the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the prototype plan has been amended since receiving the notification letter. Nevertheless, the plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 11. Risks and Uncertainties

The Plan provides for various investment options in combinations of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Certain employee contributions and participant loan repayments were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company for the years ended December 31, 2014 and 2013.

The Company intends to remedy the delinquent remittances through the voluntary compliance program.
