NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Peliton HR Administration 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering employees of Peliton HR Administration (the Company) and the employers who have adopted the Plan as participating worksite employers. With the consent of the Company, a worksite employer may adopt the Plan and become a party of the trust, which forms part of the Plan, by executing an adoption agreement. Worksite employer is defined as an employer that enters into a client service agreement with the Company under which the Company is acting as a Professional Employer Organization (PEO). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 50 percent of their pre-tax annual compensation, as defined by the Plan, up to the maximum allowable under the Internal Revenue Code (IRC). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2014 and 2013, individual participants' contributions were limited to \$17,500. Participants who are age 50 and older may also contribute an additional \$5,500 on an annual basis.

Participating employers may choose to match all or a portion of participants' contributions, depending upon options selected in each participating employer's adoption agreement. All participating employer contributions are invested as directed by each participant within allowable investment options. Participating employers' discretionary contributions amounted to \$463,211 and \$447,985 for the years ended December 31, 2014 and 2013, respectively.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of: (a) the Employer's discretionary matching contribution and discretionary contribution (if any) and (b) Plan earnings or losses including market value adjustments on Plan investments. Allocations of earnings and losses are based on the proportion of the participant's account balance to the total account balances of all participants, as defined in the Plan document. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Allocation and vesting of benefits

Participants are immediately vested in both their voluntary contributions and contributions made by the Employer plus earnings or losses thereon. Participants vest in any employers' contributions, plus any earnings or losses thereon, based on the number of years of continuous service over six years.

PELITON HR ADMINISTRATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Forfeitures

Forfeitures are used to reduce the participating employer's elective contribution and/or used to pay Plan administration expenses. Forfeitures are allocated to participants' accounts in the same manner as participating employer matching contributions. Total forfeitures utilized to reduce employer contributions for the years ended December 31, 2014 and 2013 were \$3,069 and \$8,110, respectively.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump sum distribution. Participants with vested amounts less than \$1,000 must elect a lump-sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with Internal Revenue Service guidelines.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at prime, determined as of the date of the loan request, which ranged from 4.25% to 5.25% as of December 31, 2014. Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years.

Participant investment options

Participants must direct their salary deferred contributions from several investment options offered through the Plan Custodian, The John Hancock Life Insurance Company, as made available and determined by the Plan Administrator. Those investment options consist of values of interest in pooled separate and guaranteed accounts. Values of interest in pooled separate and guaranteed accounts are units of participation that the Plan has in the underlying assets of the accounts.

Plan administration

The Plan is administered by the Company pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, a group of designated employees of the Company act as trustees.

The Company has contracted with The John Hancock Life Insurance Company (John Hancock or Plan Custodian) under a group variable annuity contract to act as the Plan's Custodian. John Hancock invests each participant's account balance in separate pooled and guaranteed accounts, as instructed by each participant. The Company has contracted with Pinnacle Financial Services, Inc. (Pinnacle) to act as the Plan's third party administrator.

PELITON HR ADMINISTRATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's pooled separate and guaranteed accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Participant notes receivable are valued at their outstanding balances, which approximate fair value.

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Administrative expenses

Administrative expenses for the year ended December 31, 2014 were \$32,614. Other administrative expenses, such as accounting and legal fees, are paid by the Company and participating employers, rather than the participants.

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

PELITON HR ADMINISTRATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do not have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Uncertain tax positions

The Plan accounts for uncertainty in income taxes in accordance with the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*. The guidance requires entities to assess their uncertain tax positions for the likelihood they would be overturned upon examination by the Internal Revenue Service (IRS). In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2014 and 2013 that it would be unable to substantiate.

Concentration of credit risk

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of the Plan's debt securities included in investment vehicles. Management believes that the Plan Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Note 3 – Information Prepared and Certified by the Plan Custodian

The following investment information was obtained from data prepared and certified to as complete and accurate by the Plan Custodian as of December 31, 2014 and 2013. The following are investments that represent five percent or more of the Plan's net assets available for plan benefits as of December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>

* 2014 investment does not exceed 5% of the Plan's net assets available for plan benefits.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 3 – Information Prepared and Certified by the Plan Custodian, Continued

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	\$ 646,471
Guaranteed accounts	<u>1,004</u>
Total appreciation	<u>\$ 647,475</u>

Note 4 – Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The authoritative guidance describes a fair value hierarchy based on three levels of input, of which the first two are considered observable and the last is considered unobservable, that may be used to measure fair value.

- | | |
|---------|---|
| Level 1 | Quoted prices in active markets for identical assets or liabilities. |
| Level 2 | Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. |
| Level 3 | Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. |

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the Plan's valuation methodologies for assets and liabilities measured at fair value. Such valuation methodologies were applied to all of the assets and liabilities carried at fair value. The Plan has an established and well-documented process for determining fair values. Fair value is based upon quoted market prices, where available. If listed prices or quotes are not available, fair value is based upon models that primarily use, as inputs, market-based or independently-sourced market parameters, including yield curves, interest rates, volatilities, equity or debt prices and credit curves. In addition to market information, models also incorporate transaction details such as maturity. Valuation adjustments, such as liquidity valuation adjustments, may be necessary when the Plan is unable to observe a recent market price for a financial instrument that trades in inactive (or less active) markets. Liquidity adjustments are not taken for positions classified within Level 1 (as defined above in the fair value hierarchy).

PELITON HR ADMINISTRATION 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date. Following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled separate accounts

The Plan's pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist solely of mutual funds, each of which follows a separate investment strategy. Due to the nature of these securities, there are no unfunded commitments or redemption restrictions. The Plan's pooled separate account investments are considered Level 2 investments as of December 31, 2014 and 2013.

The following table summarizes the Plan's investments based on valuation methodology applied by the Plan as of December 31, 2014 and 2013:

Description	December 31, 2014			Total
	Level 1:	Level 2:	Level 3:	
	Quoted prices in markets for identical assets	Significant other observable inputs	Significant unobservable inputs

Note 4 – Fair Value Measurements, Continued

The following is a schedule of the Plan's Level 3 investment activity for the years ended December 31, 2014 and 2013 measured on a recurring basis using significant unobservable inputs:

	2014	2013
Balance as of January 1,	\$ 364,634	\$ 305,610
Net appreciation	1,004	850
Purchases	45,978	73,573
Settlements	<u>(749)</u>	<u>(15,399)</u>
Balance as of December 31,	<u>\$ 410,867</u>	<u>\$ 364,634</u>

Note 5 – Guaranteed Accounts with Plan Custodian

The Plan has fully benefit-responsive guaranteed investment contracts with John Hancock. John Hancock maintains the contributions in general accounts. The guaranteed investment contracts consist primarily of bonds and mortgages. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest under the terms of the contract. Contributions received each quarter are credited with the new money interest rate, as described below, during the current quarter and the next three succeeding quarters. Interest rates are declared three weeks before each quarter for (a) contributions received during the current quarter (called the new money interest rate), and (b) contributions for which initial guarantees have expired (called the portfolio interest rate). Initial guarantees expire on contributions made four quarters ago and prior. The portfolio rate is based on the performance of John Hancock's general account. The interest rate credited is a blended rate based on the total interest earned under the contracts. At December 31, 2014 and 2013, the blended rate was 0.26% and 0.25%, respectively.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for plan benefits at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. At December 31, 2014 and 2013, contract value approximated fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. The Plan's guaranteed account investments are considered Level 3 investments as of December 31, 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Refunds Payable

Excess contributions at December 31, 2014 and 2013 were refunded subsequent to year-end. The refunds of excess contributions were made within the allowable timeframe in accordance with the Internal Revenue Service guidelines and therefore did not result in any penalties to the Plan or Plan Sponsor.

Note 7 – Party-In-Interest Transactions

The Plan's investments include shares of bond index and mutual funds administered by the Plan Custodian. Therefore, transactions in these investments qualify as party-in-interest transactions.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 – Plan Transfers

In the normal course of business, the Company adds employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as employers leave the Company and adopt different qualified plans, assets attributable to these outgoing employers are transferred out of the Plan.

Note 10 – Tax Status

The Company has established, and intends to maintain, the Plan as a qualified plan under Section 401(a) of the Internal Revenue Code (IRC) which provides for exemptions from federal income taxation. The Plan obtained its latest determination letter on March 16, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2014 through October 5, 2015, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
