Plan Administrator
Devon Bank Profit Sharing/401(k) Plan
Chicago, Illinois

We have conducted a Department of Labor limited-scope audit of the financial statements of Devon Bank Profit Sharing/401(k) Plan for the year ended December 31, 2014, and have issued our report thereon dated August 19, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

We had no discussions with management regarding alternative accounting treatments within accounting principles generally accepted in the United States of America for policies and practices for material items, including recognition, measurement and disclosure considerations related to the accounting for specific transactions as well as general accounting policies.

Management Judgments and Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. The following areas involve significant estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates:

- No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- No matters are reportable.

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. The only necessary adjustment was the adjustment from fair value to contract value for the collective trust.

Auditor's Judgments About the Quality of the Entity's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable.

Other Information in Documents Containing Audited Financial Statements

The audited financial statements are included in the Form 5500, Annual Return/Report Employee Benefit Plan, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions. We did not identify any such matters.

Other Material Written Communications

Listed below are other material written communications between management and us related to the audit:

- Management representation letter (attached).

This communication is intended solely for the information and use of the Plan Administrator and management and is not intended to be and should not be used by anyone other than these specified parties.

This representation letter is provided in connection with your audit of the financial statements and supplemental schedule of the Devon Bank Profit Sharing 401(k) (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by First Midwest Bank, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated December 8, 2014, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

   (d) All minutes of meetings held through the date of this letter.

   (e) All significant contracts.

5. All transactions have been recorded in the accounting records and are reflected in the financial statements.

6. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:

   (a) Misappropriation of assets.

   (b) Misrepresented or misstated assets or liabilities.

7. We have no knowledge of any known or suspected:

   (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.

   (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.

8. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.

9. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies

of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.

10. Except as reflected in the financial statements, there are no:

    (a) Plans or intentions that may materially affect carrying values of assets and liabilities.

    (b) Material transactions omitted or improperly recorded in the financial records.

    (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.

    (e) Agreements to purchase assets previously sold.

    (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.

11. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.

12. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.

13. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.

15. The adoption date of the most recent plan amendment was January 23, 2014, as provided to you.

16. The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The Companies have submitted an application for an updated determination letter.

17. The Plan has complied with the fidelity bonding requirements of ERISA.

18. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.

19. Except as disclosed in the financial statements, the Plan has:

    (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.

    (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.

20. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

21. With respect to any non-attest services you have provided us during the year, including *financial statement preparation*:

    (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the non-attest services.

    (b) We have established and monitored the performance of the non-attest services to ensure that they meet our objectives.

    (c) We have made any and all decisions involving management functions with respect to the non-attest services and accept full responsibility for such decisions.

(d) We have evaluated the adequacy of the services performed and any findings that resulted.

22. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor.

23. We have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.

24. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the plan.

25. With regard to supplementary information:

(a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.

(b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.

(d) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

(e) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.

Notes to Financial Statements

December 31, 2014 and 2013

Note 1: Description of the Plan

The following brief description of the Devon Bank Profit Sharing/401(k) (Plan), is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering all employees of Devon Bank (Company) who meet the Plan's service requirements. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

First Midwest Bank is the trustee of the Plan under a contractual agreement with the Company. First Midwest Bank holds and manages the assets, maintains all records of the Plan and assumes responsibility for proper allocation of income among all participants' accounts in the Plan.

Contributions

Participants may contribute up to 80% of their compensation, subject to Internal Revenue Code limits. Contributions can be made on a before-tax basis only and cannot exceed $17,500 in 2014, in accordance with the Internal Revenue Code. Age 50 and over participants can contribute an additional $5,500 in 2014 in accordance with the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Discretionary matching contributions for the year ended December 31, 2014, were 25% of employee's deferral amount for the year. No discretionary employer profit sharing contributions were granted for the plan year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their elective deferred contributions. Vesting of the Company matching contribution or profit sharing contribution is according to the following schedule:

Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant is entitled to 100% of his or her account balance. In the case of financial hardship as described in the plan document, a participant may withdraw in a single sum any part of their vested account resulting from their contributions. Upon termination of service due to other reasons, a participant's account balance less than $5,000 will be paid out in a lump-sum distribution. If the account balance is $5,000 or more, the participant may elect to receive either a lump sum amount equal to the value of their vested account or annual installments.

Investment Options

Participants direct the investment of their account balances into various investment options offered by the Plan.

Forfeitures

Forfeited accounts of non-vested balances of terminated participants are used to reduce plan expenses. Any remaining amounts are reallocated to active participants based on the provisions of the Plan. During 2014, the Plan used $848 of forfeited non-vested funds to reduce plan expenses. At December 31, 2014 and 2013, there were no forfeitures available to reduce future expenses or employer contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is for the purchase of a principal residence, in which case the loan term shall not exceed thirty years. Participants are allowed two active loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate

with local prevailing rates as determined by the plan administrator. Principal and interest payments are generally made through payroll withholding. Interest rates range from 4.25% to 4.75% at December 31, 2014.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The Federated Capital Preservation Fund, a collective trust fund, is valued based on information reported by Federated Investors Trust Company.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required, the statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on the contract value basis.

At December 31, 2014 and 2013, the Plan's interest in the Federated Capital Preservation Fund invests primarily in stable value products with guaranteed investment contracts that are carried at contract value (cost plus accrued interest, less withdrawals and administrative expense) and synthetic guaranteed investment contracts stated at the contract book value, which approximates cost. During 2014 and 2013, the average yield earned by the fund was approximately 1.10% and 1.15%, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan absorbs certain of the administrative costs of the Plan. Administrative costs paid by the Plan are expensed as incurred. Certain investment management fees are netted against the net appreciation in fair value of investments.

Note 3: Investments

The following investments represent 5% or more of the Plan's net assets at December 31:

	2014	2013
Federated Capital Preservation Fund	$ 2,158,651	$ 2,314,716
T. Rowe Price Mid Capital Growth Fund	450,732	458,850
MFS Value Fund	680,026	883,469
T. Rowe Price Growth Stock Fund	778,827	998,770
Vanguard Total Bond Market Index Fund	566,972	618,555
T. Rowe Price Retirement 2020 Fund	910,348	679,244
Vanguard 500 Index Fund	*	451,443

*Asset does not exceed 5% of net assets.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Collective trust fund	$ 19,666
Registered investment companies	87,523
	$ 107,189

Note 4: Fair Value of Plan Assets and Liabilities

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The financial accounting standards establish a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

The net asset value of the collective trust fund is based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs).

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

(a) The fund invests in conventional and synthetic investment contracts issued by life insurance companies, banks and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund generally provides for daily redemptions by the Plan at reported net asset value per share.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was provided and certified by First Midwest Bank, the trustee of the Plan, as complete and accurate:

- Investments, at fair value, notes receivable from participants and the adjustment from fair value to contract value for interest in collective trust fund relating to fully benefit-responsive investment contracts, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013.
- Interest and dividend income, net appreciation in fair value of investment, and interest income from participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.
- The information included in the supplemental schedule of assets (held at end of year) as of December 31, 2014.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 8: Income Tax Status

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator and trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 9: Party-In-Interest Transactions

Certain professional and administrative fees related to the operation of the Plan were paid by the Company. During 2014, administrative fees paid by the Plan to First Midwest Bank were $32,952, and the fees were based on customary and reasonable rates for such services.

The Plan holds an investment in a stable value fund issued by the Federated. First Midwest Bank has designated Federated as an agent to hold account assets. Therefore, these transactions qualify as party-in-interest transactions.

Note 10: Subsequent Events

Plan management has evaluated subsequent events through August 19, 2015, which is the date the financial statements were available to be issued.
