INDEPENDENT AUDITORS' REPORT

To the Trustees of
Intelligrated, Inc. 401(k) Savings Plan

We were engaged to audit the accompanying financial statements of the Intelligrated, Inc. 401(k) Savings Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2014, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedules

The supplemental schedules listed in the Table of Contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter—2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to information certified by the trustee. Their report, dated September 16, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Emphasis of Matter

As discussed in Note 2 to the financial statements, in the year ended December 31, 2014, the Plan adopted the new accounting guidance in Accounting Standards Update ("ASU") Nos. 2015-07 and 2015-12. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INTELLIGRATED, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2014 AND 2013 AND FOR THE YEAR ENDED DECEMBER 31, 2014

1. DESCRIPTION OF PLAN

The following description of the Intelligrated, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution plan established January 1, 2002 covering substantially all non-temporary employees of Intelligrated, Inc. (the “Company”). To be eligible to participate in the Plan, a non-temporary employee must have completed 90 days of service and have attained the age of 18. Employees classified as temporary become eligible upon completing one year of eligible service and upon attaining age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended (the “Code”).

On December 31, 2013, the Plan transferred all of its assets from Principal Trust Company, the trustee of the Plan, to T. Rowe Price Trust Company (“T. Rowe Price”), the new trustee of the Plan. The total amount of assets transferred was \$181,131,170, which included \$3,548,128 in participant notes receivable, and was received by T. Rowe Price January 2, 2014. The employer and employee contributions receivable outstanding at December 31, 2013 were deposited directly into T. Rowe Price in January 2014. Due to the timing of the transfer, \$177,583,042 of the Plan’s investments transferred was recorded as cash and \$3,548,128 was recorded as participant notes receivable at December 31, 2013.

Contributions—Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions (up to limits set by the Plan and the Code) and Roth contributions on a post-tax basis. Participants are also permitted to deposit into the Plan rollover distributions from other qualified plans. The Plan provides for employee salary 401(k) contributions up to a maximum of 75% of the annual eligible compensation subject to maximum tax-deferred limitations established by the Code. Employees are automatically enrolled in the Plan at a contribution rate of 4% unless they choose not to defer or choose a different percentage.

The Company matches 100% of the first 4% of participants’ eligible deferred compensation. The Company may also make additional discretionary profit sharing contributions. The Company made no discretionary profit sharing contribution for 2014.

Participant Accounts—Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contribution, (b) Plan earnings, (c) forfeited nonvested amounts and (d) administrative fees. Allocations are based upon participants’ compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Investments—Participants may direct the investment of their contribution and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily.

Vesting—Participants are immediately 100% vested in their 401(k) contributions, catch-up contributions, and rollover contributions, as adjusted for earnings and losses thereon. For Company contributions prior to 2013, participants vest in Company contributions in accordance with the terms of the Plan and are fully vested after four years of credited service with the Company. Effective January 1, 2013, the Plan adopted a safe harbor amendment. Participants are 100% vested in those contributions immediately.

Forfeited Accounts—In the event a participant terminates employment prior to 100% vesting, a portion of the employer contributions, contributed prior to January 1, 2013, are forfeited in accordance with the terms of the plan. Forfeitures of nonvested balances are applied first to reduce expenses related to the administration of the Plan and then to reduce any employer contributions. At December 31, 2014 and 2013, forfeited nonvested accounts totaled \$33,807 and \$27,436, respectively. In 2014, the Plan used \$33,807 to pay employer matching contributions from forfeited nonvested accounts. There were no plan level administrative expenses paid by the plan in 2014.

Participant Notes Receivable—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—Distributions may generally be made to a participant upon the participant's retirement, death, or termination of employment with the Company. Upon termination, participants whose accounts have never exceeded \$5,000 will receive a single lump sum distribution. Those with balances greater than \$5,000 may elect to leave their funds in the Plan or choose other options. Participants are entitled to benefits beginning at normal retirement age (65).

In-service distributions are permissible from the Plan for participants that have obtained the age of 59 1/2. Participants electing in-service distributions may elect to receive all or a portion of their vested benefits in a lump sum payment.

In conditions of "financial hardship", a participant may apply to the Plan Administrator for approval to withdraw that portion of their elective deferrals necessary to meet the financial hardship, subject to the limitations of the Plan and the Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan’s investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan’s investment in the Stable Value Preferred Fund is valued at fair value as the net asset value of units of a bank collective trust. The net asset value as provided by the trustee is used as a practical expedient. Fair value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits—Benefits are recorded when paid. There were no participants who elected to withdraw from the Plan, but had not yet been paid at December 31, 2014 and 2013.

Administrative Expenses—Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events—The Plan has evaluated subsequent events through the report date, which was the date the financial statements were available to be issued.

Accounting Standards Updates—In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07 which removes the requirement for reporting entities to categorize within the fair value hierarchy all investment for which fair value is measured using the net asset value per share as a practical expedient. ASU 2015-7 also removes the requirement to make certain disclosures for all investments that are measured at fair value using the net asset value per share as a practical expedient. This update is effective for fiscal periods beginning after December 15, 2016 for non-public entities and early adoption is permitted. The ASU is to be applied retrospectively in all periods presented in an entity’s financial statements. The Plan is early adopting the standard as of December 31, 2014. The adoption has been reflected in Note 3 to the financial statements.

In July 2015, the FASB issued ASU 2015-12, Plan Investment Disclosures. This is an update to Topic 962, Defined Contribution Pension Plans. The update has three parts: Part 1, Fully Benefit-Responsive Investment Contracts; Part 2, Plan Investment Disclosures; and Part 3, Measurement Date Practical Expedient. Under Part 1 of the update, fully benefit-responsive investment contracts are to be measured, reported and disclosed at contract value only. Part 2 of the update eliminates certain disclosure requirements for investments, specifically the disclosures for assets that represent 5 percent or more of net assets and the net appreciation or depreciation for investments by general type. Part 2 also eliminates the categorization of investments by nature, characteristics and risks of assets and only requires the grouping of investments by general type, eliminating the need to disaggregate the

investments in multiple ways. Additionally, Part 2 eliminates disclosure of investment strategy for investments that are measured using the net asset value per share (or its equivalent) if that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Part 3 of the update has no effect on the Plan. This new guidance is effective for non-public entities with reporting periods beginning after December 15, 2015, and early adoption is permitted. The ASU is to be applied retrospectively for all periods presented in the financial statements. The plan is early adopting the standard as of December 31, 2014. The adoption of Part 1 has been reflected in the statements of net assets available for benefits and in Note 3 to the financial statements. The adoption of Part 2 eliminated disclosures that were previously presented in Note 3 to the Plan's financial statements as of December 31, 2013.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Mutual Funds—Valued at the daily closing prices as reported by the funds. The funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2014			
	Fair Value	Level 1	Level 2	Level 3
Mutual funds:				
Equity investments	\$ 114,774,898	\$ 114,774,898	\$ -	\$ -

Total investments	<u>\$201,790,271</u>	<u>\$ 177,443,729</u>	<u>\$ -</u>	<u>\$ -</u>

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds and a common/collective trust managed by T. Rowe Price, trustee of the Plan; therefore these transactions and related earnings qualify as party-in-interest transactions.

5. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

The Company remitted participant contributions from a December 18, 2013 payroll later than required by the Department of Labor (DOL) Regulation 2520.3-102. The Company corrected the violation by paying the \$4,707 in participant contributions and lost earnings to the Trustee on February 6, 2014. The Company is in the process of filing a Form 5330 with the IRS and will pay the required excise tax on the transaction.

The Company remitted participant contributions from a December 17, 2014 payroll later than required by the Department of Labor (DOL) Regulation 2520.3-102. The Company corrected the violation by paying the \$960 in participant contributions and lost earnings to the Trustee on April 13, 2015. The Company filed a Form 5330 with the IRS and paid the required excise tax on the transaction.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. If the Plan is terminated, participants will become 100% vested in their accounts, to the extent they are not already vested.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 13, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in accordance with applicable requirements of the Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by T. Rowe Price, the trustee of the Plan, and Principal Trust Company, the former trustee of the Plan, and furnished to the Plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate.
