NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Preformed Line Products Company Profit-Sharing Plan (the "Plan") is a summary of certain provisions of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation – The Plan is a defined contribution plan, which covers substantially all domestic full time and part time salaried employees of the Plan sponsor, Preformed Line Products Company (the "Company"). Salaried employees are eligible to participate in the Plan upon their date of employment. Effective May 9, 2013 (the "merger date"), the Preformed Line Products Company Hourly Employees' 401(k) Plan (the "Hourly Plan") merged into the Plan and all participant balances in the Hourly Plan, which totaled \$7,198,259, were transferred into the Plan. Effective May 1, 2013, all hourly employees became eligible to participate in the Plan upon their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration – The Plan is administered by the Company, which is responsible for controlling and managing the operations and administration of the Plan.

Contributions – Participants may contribute up to 100% of their compensation to the Plan, subject to limitations contained in the Internal Revenue Code, on a pretax basis.

The Company is required to make a matching contribution, for all salaried employees with less than two years of experience and for all hourly employees, equal to 25% of each participant's contribution up to 8% of the participant's compensation.

The Company may also make discretionary contributions for all salaried and hourly employees with two or more years of experience to the Plan each year. Each employee's portion of the discretionary contribution is awarded based on years of service and salary.

The Company no longer directs a percentage of the annual employer contribution to be invested in the common stock fund for the account of each participant. The common stock fund invests principally in the Company's common shares. Participants may direct contributions (beyond the investment in the common stock fund) in any of the other investment options offered by the Plan. Participants may change their investment options, including investments out of the common stock fund, daily.

Prior to the merger date, the Plan accepted certain transfers from the Preformed Line Products Company Hourly Employees' 401(k) Plan for employees who transferred from hourly to salaried employment. No employees transferred during 2013, prior to the merger date.

Participants' Accounts – The Plan maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, and an allocation of related earnings and expenses. Allocations are based on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants elect to maintain their aggregate participant contributions in one or more of the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Plan Description (Continued)

Participants' Accounts (Continued)

The net value of each participant account is established daily through the valuation of the funds at fair value.

Vesting – Benefits are fully vested when credited to participant accounts.

Payment of Benefits – Participants, upon retirement, termination, disability, or the attainment of age 70½ or a participant's beneficiary upon the participant's death, may elect to either roll over the funds, or receive a lump-sum amount equal to the value of their account. In the case of a severe financial hardship, the plan administrator may direct distribution of up to 50% of a participant's account, subject to certain restrictions.

Notes Receivable From Participants – Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding 12 months. Note transactions are treated as a transfer from the respective investment fund to the loan fund. Note terms range from 1-5 years except for notes used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate based on the prime interest rate as determined daily by Charles Schwab Bank (the "Trustee") on the note origination date plus 1%. Principal and interest are paid ratably through semi-monthly or bi-weekly payroll deductions.

Termination Provisions – The Company anticipates and believes that the Plan will continue indefinitely, however, the Company reserves the right to discontinue its contributions and terminate the Plan at any time by an action of its Board of Directors. In the event of termination of the Plan, the assets in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan and ERISA.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Company has evaluated subsequent events through October 5, 2015, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance.

Payment of Benefits – Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses – All administrative fees of the Plan are paid by the Plan or by the Company at the option of the Company except fees related to participant loans, which are paid by the affected participants.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3. Unaudited Information

The Trustee holds the Plan investment assets and executes transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investment information and notes receivable from participants in the statements of net assets available for benefits at December 31, 2014 and 2013, the supplemental schedule at December 31, 2014, the related investment and loan interest activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The common stock fund is valued at fair value as determined by State Street Company, which was determined based upon the unit values of the trust, and is classified as Level 2. Unit values are determined based upon the quoted market value of the underlying investments divided by the total units outstanding. Investments in common/collective trust funds are valued at fair value as determined by the Trustee, which has been determined based on the unit values of the trusts, and are classified as Level 2. Unit values are determined, by the Trustee sponsoring such funds, by dividing the trust's net assets, at quoted market value, by its units outstanding at the valuation date. Shares of registered investment companies and the money market fund are valued at the quoted net asset value of the shares held by the Plan at year end, and are classified as Level 1. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2013 to 2014. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Party-in-Interest Transactions

At December 31, 2014 and 2013, the Plan held 81,060 and 84,520 shares, respectively, of the common stock of the Company in the common stock fund representing 6.9% and 10.4% of the Plan's net assets at December 31, 2014 and 2013, respectively. During the plan years ended December 31, 2014 and 2013, the Plan distributed 3,460 and 8,366 shares, respectively, of common stock of the Company.

The Plan paid \$16,228 and \$14,360 in 2014 and 2013, respectively, in fees to Schwab Retirement Plan Services, Inc., a related entity of the Trustee, for administrative services. Additionally, the Plan invests in certain funds managed by Charles Schwab and Company, Inc., a related entity of the Trustee, therefore, these transactions qualify as party-in-interest.

Note 6. Tax Status

The Plan is a prototype plan provided by the Trustee. The Trustee obtained its latest determination letter of the prototype plan, in which the Internal Revenue Service stated that the prototype document on which this Plan is based was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
