EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the David E. Harvey Builders, Inc. Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers substantially all employees of David E. Harvey Builders, Inc. (the Employer) who are at least 18 years of age and have completed one year of service totaling 1,000 hours. Entry date is quarterly, i.e., the first day of the first, fourth, seventh or tenth calendar month coinciding with or following the satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2010, the Plan was restated to comply with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and related legislation.

The Plan consists of guaranteed investment accounts and pooled separate accounts under contract with Massachusetts Mutual Life Insurance Company (MassMutual). Contributions to the Plan, including participant salary deferrals, matching contributions, and rollovers from other plans, can be invested in any fund or combination of funds included in the Plan and are participant directed. A participant may change his or her investment options at any time via telephone service or the internet, once enrolled.

The Plan included the following participant-directed investment options during 2014 and 2013: Guaranteed Investment Account, Rising Dividends, Sel Focused Value, Leveraged Co Stock, Sel Indexed Equity, Dow Jones Target 2015, Dow Jones Target 2025, Dow Jones Target 2035, Down Jones Target 2045, Dow Jones Target Today, Premier Discipline Growth, Sel Mid Cap Growth II, Sel Small Cap Growth Equity, Sel Sands/Delaware Growth Oppty, Premier Core Bond, NFJ Small Cap Value, Premier Discipline Value, Mutual Shares, Global Opportunities and International Value.

MassMutual and State Street Bank and Trust Company (State Street) serve as custodians of Plan investments and have provided certification statements as to the completeness and accuracy of the information provided to the Plan sponsor for the years 2014 and 2013. Additionally, MassMutual has also provided certifications as to the fair value of the guaranteed investment accounts as of December 31, 2014 and 2013. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the custodians, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. This limited scope exemption applies only to the Plan investment assets, transactions, income, and supplemental schedule of assets.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan, subject to the annual deferral limitations as specified in section 401(g) of the Internal Revenue Code (IRC). For the year ended December 31, 2014, the deferral limitation is $17,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The EGTRRA includes a "catch up" provision for employee benefit plans. This provision became effective as of January 1, 2002, and allows employees who are 50 years old or older and who contributed the maximum amount allowed by law, to contribute an additional $5,500 for the year ended December 31, 2014.

Employer contributions are determined annually by the board of directors of the Employer and shall not exceed the maximum amount deductible by the Employer for federal income tax purposes. The Employer contribution can take the form of a discretionary match of a percentage of the employee's contribution, or can be a discretionary contribution amount allocated to the account of each active participant who is employed as of the last day of the Plan year, including any such participant who did not make any salary deferral contributions for the Plan year. Only salary deferrals up to 6% of the participant's compensation will be matched at a rate of 50%.

Participant Accounts

A Plan participant's account is credited with the employee's contribution and an allocation of (a) the Employer's contribution, if any, and (b) Plan earnings and expenses. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A Plan participant, whose employment is terminated due to death, disability, retirement, or any other reason, is entitled to the full value of his or her vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant vests ratably beginning at two years of service and is 100 percent vested after six years of credited service.

NOTE 1. DESCRIPTION OF THE PLAN – CONTINUED

Forfeited Accounts

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts are used to reduce current and future Employer contributions. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $87,074 and $86,955, respectively. Employer contributions for the year ended December 31, 2014 were reduced by $95,000 of forfeited non-vested accounts.

Payments of Benefits

On termination of service due to death, disability, retirement, or due to other reasons, the value of the participant's vested interest in his or her account may be distributed in lump sums or in partial withdrawals.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan, unless otherwise elected to be paid by the Employer. To date, the Employer has paid certain administrative expenses of the Plan.

Participant Loans

No loans to participants are permitted under this Plan.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan participates in a guaranteed investment account through a group annuity contract with MassMutual. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

On July 31, 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force), (FASB ASU 2015-12). The new ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. This ASU should not change total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. The Plan does not believe that the adoption of this guidance will have a material impact on its financial statements.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued based on closing prices of underlying securities.

Guaranteed investment accounts: Valued at the estimated liquidation value determined within contract specifications that takes into consideration the interest rate being earned on underlying investments, the assumed interest rate obtainable on new investments, and the asset flows of an investment. See Note 5.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Guaranteed investment accounts are provided through a group annuity contract with MassMutual. MassMutual maintains the contributions in a general account. Under the terms of the group annuity contract, a crediting interest rate is established for amounts invested in the guaranteed interest account, and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. This investment option is considered to be fully benefit-responsive notwithstanding the liquidation value events under the contract that limit the ability of the Plan to transact at Contract Value.

The crediting interest rate is based on a formula agreed with the issuer. Guaranteed interest rates were 3.20% for the year ended December 31, 2014.

The average yield earned is calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value. The average interest rate credited to participants is calculated by dividing the annual interest credited to the participants during the Plan year by the average annual fair value. The average yield earned by the Plan and the average interest rate credited to participants noted below differ from the guaranteed crediting rate on participant balances due to interest being credited based on contract values, timing of cash flows, the process by which rates may be reset during the Plan year and simplified assumptions used in the calculations.

Average yields:	2014	2013
Based on actual earnings	2.81%	2.65%
Based on interest rate credited to participants	2.81%	2.65%

Certain events permit the issuer to terminate the contract. Such events include the following: (1) termination or partial termination of Plan, (2) the failure of the Plan to meet applicable provisions of the IRC, (3) breach of a provision of the group annuity contract, and (4) communication by the Plan to terminate the group annuity contract. Such events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6. INCOME TAX STATUS

The Plan is a MassMutual prototype plan adopted by David E. Harvey Builders, Inc. The Internal Revenue Service has determined and informed MassMutual by a letter dated May 11, 2009, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been restated since receiving the determination letter, the Plan administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts and guaranteed investment accounts managed by MassMutual, custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued, and determined that no events have occurred subsequent to December 31, 2014 that warrant additional disclosure.
