(1) Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements of the Retirement Plan of Bon Secours Health System, Inc. (the Plan) have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the fixed annuity contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in annuity contracts supported by the VALIC general fund. The Statement of Net Assets Available for Benefits presents fair value of the investment in the annuity contracts as well as the adjustment of the investment in the annuity contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

(b) *Plan Management and Investments*

Under the terms of the Plan and related agreements, Fidelity Management Trust Company (Fidelity), AIG Federal Savings Bank, MetLife Insurance Company, Lincoln National Life Insurance Company, and Nationwide Life Insurance Company (collectively, the trustees) have custody of the Plan assets and executes investment transactions pursuant to participant elections.

Effective July 24, 2014, the Plan transferred assets held by the trustee, AIG Federal Savings Bank, to Fidelity. Effective July 22, 2014, no new contributions or exchanges are allowed to be invested into the VALIC Fixed-Interest Fund option, although participants are permitted to transfer balances out of this option. Participant balances held in the VALIC Fixed-Interest Option will be systematically transferred each year to the applicable T. Rowe Price Retirement Date Fund based on the participant's date of birth and projected retirement date assuming retirement at 65. The scheduled plan transfer of balances out of the VALIC Fixed-Interest Fund began July 22, 2014 and will occur on an annual basis until the full remaining balances are transferred in 2018.

As of July 24, 2014, Fidelity provides administrative services for the Plan and maintains related plan records.

The Plan's investments consist primarily of mutual funds, which are stated at fair value based on quoted market information. The Plan's interest in the annuity contracts is based on the fair value of the underlying investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair values of investments are recognized in the financial statements in the period in which such changes occur and include gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2014 and 2013

(c) Participant Loans

Participant loans are carried at amortized cost.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Plan Administrative Expenses

Certain administrative expenses of the Plan are paid by Bon Secours Health System, Inc. (the Plan sponsor). All other expenses are paid by the Plan.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) General Description of the Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan agreements for more complete information.

(a) General

The Plan is a defined contribution plan, established, effective January 1, 1993. The Plan covers all eligible employees of the following subsidiaries of the Plan sponsor: Virginia Health Source, Inc. (VHS), Tidewater Diversified, Inc., Province Place of Maryview, LLC, Province Place of DePaul, LLC, Bon Secours Place at St. Petersburg, LLP, RHS Management Corporation, Chesterfield Community Healthcare, Inc., and Upstate Surgery, LLC.

Effective July 24, 2014, the Richmond Community Plan assets were transferred from the existing VALIC fixed and variable annuities to the available Plan investment options. The net assets transferred totaled approximately \$122,000.

(b) Eligibility and Contributions

The Plan provides that immediately upon hire each employee may contribute up to 100% of his or her eligible pay each pay period on a pretax basis through payroll deductions, subject to limitations under the Internal Revenue Code (IRC). Participants, who are age 50 and over during the plan year, are eligible to make catch-up contributions up to \$5,500 in 2014 and 2013.

The Plan's eligibility for employer contributions was amended to provide that employees who attain age 18 and complete one year of service, as amended and defined, receive an automatic employer contribution according to its respective location's contribution percentage (see chart below). Participants are eligible to receive matching contributions immediately in accordance with the percentages shown in the chart below, however, provided that the participant is enrolled in the plan

and making pre-tax employee deferrals. The employer automatic and matching contributions are made biweekly.

Facility	Automatic employer	Match
VHS *	4%	1% (50% match up to 2%)
RHS Management Corporation *	4	1 (50% match up to 2%)
Chesterfield Community Healthcare Center, Inc. *	4	1 (50% match up to 2%)
Tidewater Diversified, Inc. *	4	1 (50% match up to 2%)
Upstate Surgery Center L.L.C.	3	3 (50% match up to 6%)
Province Place of Maryview, LLC	3	—
Province Place of DePaul, LLC	3	—
Bon Secours Place at St. Petersburg, LLP	3	3

* These subsidiaries are also participating employers in their respective location's defined benefit pension plan (DB Plan). As part of the retirement program transition, eligible employees covered by a defined benefit plan were given a one-time choice to remain an active participant in the DB Plan, which means that they continue to be eligible for the DB Plan. Once the employees are no longer eligible for the respective DB Plan, the employee becomes eligible for the above employer contribution percentages under the Plan, according to their respective location's percentages.

Participants may also rollover amounts representing distributions from other qualified retirement plans. Such contributions are allocated to participants' accounts under provisions set forth in the Plan.

Participant contributions to the Plan are allocated among the various mutual funds based on the participant's instructions, subject to certain limitations defined in the Plan. Participants may change their allocation instructions and transfer accumulated savings between funds at any time, subject to certain limitations defined in the Plan.

(c) Participant Accounts

Each eligible participant's account is credited with the participant's contribution, the Employer's automatic and/or matching contributions, and an allocation of the Plan's earnings and expenses. The

BON SECOURS HEALTH SYSTEM, INC.**

automatic contribution allocations are based on participant earnings, as defined. Matching contribution allocations are made in accordance with the percentages described on the chart above, if the employee has elected to make employee deferrals. A participant's benefit, at any point in time, is equal to their vested account balance.

(d) Vesting

Participants are immediately vested in their contributions and related earnings. Generally, participants vest in the Employer's contributions and related earnings at the completion of three years of service, as defined in the Plan.

(e) Participant Loans

Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. A participant may only receive one loan in any 12 month period and may have no more than two loans outstanding at any time, one (1) general purpose loan and one (1) home loan. Principal and interest are paid ratably through personal check or electronic funds transfer.

(f) Forfeitures

The nonvested portions of terminated participants' accounts are used to reduce future employer contributions or pay administrative expenses of the plan. At December 31, 2014 and 2013, there were \$3,261,101 and \$100,654, respectively, in the forfeitures account. During 2014, \$285,388 of forfeitures were used to reduce employer contributions (\$600,946 in 2013). Additionally, \$7,500 and \$97,742 of forfeitures were used to pay administrative expenses of the Plan during 2014 and 2013, respectively.

(g) Benefit Payments

Participants or their beneficiaries are eligible for distributions upon retirement, termination of employment, disability, death, or proven financial hardship. Participants have the right to designate the method of payment of retirement benefits within limitations specified in the Plan. Participants who have not terminated employment may request at any time a distribution from the vested portion of their accounts if they have reached age 59½. The distribution will be made as soon as practicable following approval of the written request for withdrawal and will be made in the form of a single lump sum.

(h) Early Withdrawals

Under certain conditions, participants, while still employed by the Plan Sponsor or its' subsidiary, are permitted to withdraw from their accounts in certain instances. The Plan provides that a participant may make a withdrawal of the employee contributions, due to financial hardship for certain conditions. These conditions include unreimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary education tuition, to prevent eviction from or foreclosure on a principal

residence, funeral expenses of a parent, spouse or dependent, or certain expenses relating to the repair of damage to the employee's principal residence that qualify for the casualty deduction. Employees are not permitted to contribute to the Plan for six months following a hardship withdrawal. A participant may also make a withdrawal from his or her vested accounts when the participant attains age 59½.

(3) Financial Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustees of the Plan that all information relating to the Plan's investments and related investment income is complete and accurate. Information as to the value of the investments in the trust fund managed by the trustees, investment income, participant loans and related interest income, and all information in the supplemental schedule is presented in reliance solely upon those certifications. The Plan's investments are summarized in note 4.

(4) Investment Information

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the information certified by the trustees was not audited by the independent auditors, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule. A summary of the Plan's financial information, which has been certified by the trustees, is presented as follows:

A description of each investment strategy is available from the Plan Sponsors' human resources departments.

(5) Fair Value Measurements

The assets and liabilities recorded at fair value in the balance sheet are measured and classified in a hierarchy for disclosure purposes consisting of three "levels" based on the observability of inputs available in the marketplace used to measure the fair values' as discussed below. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgments. In making the assessment, the Plan considers factors specific to the asset or liability.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**RETIREMENT PLAN OF
BON SECOURS HEALTH SYSTEM, INC.**

Notes to Financial Statements

December 31, 2014 and 2013

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds and Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Annuity Contracts – Valued utilizing a discounted cash flow methodology. The discounted cash flow methodology incorporates risk-adjusted discount rates applied to the characteristics of each specific contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014.

Fair value measurements at December 31, 2014				
	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 95,986,001	95,794,965	191,036	—
Annuity contracts	12,191,664	—	12,191,664	—
Total	<u>\$ 108,177,665</u>	<u>95,794,965</u>	<u>12,382,700</u>	<u>—</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013.

Fair value measurements at December 31, 2013				
	Fair value	Level 1	Level 2	Level 3
Mutual funds	\$ 95,421,444	95,173,792	247,652	—
Annuity contracts	20,914,209	—	20,914,209	—
Total	<u>\$ 116,335,653</u>	<u>95,173,792</u>	<u>21,161,861</u>	<u>—</u>

For the years ended December 31, 2014 and 2013, there were no significant transfers into or out of Levels 1, 2, and 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

BON SECOURS HEALTH SYSTEM, INC.**

Notes to Financial Statements

December 31, 2014 and 2013

(6) Party-in-Interest Transaction

Plan assets include investments in funds managed by Fidelity Management Trust Company, AIG Federal Savings Bank, MetLife Insurance Company, Lincoln National Life Insurance Company, and Nationwide Life Insurance Company, the trustees as defined by the Plan. As such, these transactions qualify as party-in-interest transactions.

(7) Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated November 2, 2010, that the Plan and related trust are designed in accordance with applicable Sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset), if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

(8) Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the plan assets would be distributed to participants in accordance with the guidelines set forth in the Plan.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 13, 2015, the date on which the financial statements were issued and determined that there were no items to disclose.
