We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements
Years ended December 31, 2014 and 2013

Note 1. Description of Plan

The following description of the Anixter Inc. Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established January 1, 1994, is a defined-contribution plan covering all non-union domestic employees of Anixter Inc., (the “Employer”). Participants are eligible to enroll in the Plan on their date of hire. Participants who do not opt out during the 60 day period beginning on their date of hire are automatically enrolled in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In the fourth quarter of 2012, the Employer took actions related to the Anixter Inc. Pension Plan ("Pension Plan") that impacts the Plan. Effective December 31, 2013, the Pension Plan froze benefits provided to employees hired before June 1, 2004. As a result, all non-union employees now earn a benefit under a personal retirement account (hypothetical account balance). See Note 9. for more information on the personal retirement accounts.

As part of the transition, the Employer provided a one-time transition credit equal to five percent of pay for employees at least 50 years old as of December 31, 2013 and whose combined age and years of service equals 70 or more. The transition credit amount of \$2.3 million for employees eligible was funded in the first quarter of 2014 to the employee's individual 401(k) account.

Administrative Expenses

The Employer pays substantially all administrative expenses.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements (continued)

Note 1. Description of Plan (continued)

Contributions

Non-highly-compensated participants, as defined in the Plan agreement, may elect to contribute up to 50% of pre-tax compensation, up to limits established by the Internal Revenue Service (IRS). Highly-compensated participants may contribute up to 9% of pre-tax compensation, as defined by the Plan, limited to IRS maximum amounts. Subject to IRS limitations, for Plan years ended on and before December 31, 2013, the Employer made a matching contribution equal to 25% of that portion of a participant's contribution that does not exceed 6% of a participant's compensation, as defined.

For Plan years beginning on or after January 1, 2014, the Employer will make a matching contribution equal to 50% of the before-tax contributions made on behalf of a participant that does not exceed 5% of a participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contributions and Plan earnings and losses. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts, plus actual earnings thereon, is based on two years of continuous service. Participants are 100% vested after two years of credited service or upon death, disability, or attaining age 65 while still an employee.

Investment Options

Upon enrollment in the Plan, a participant may direct Employer and participant contributions, in 1% increments, in one or a combination of the investment options offered by the Plan. Participants may change their investment options daily, subject to restrictions imposed by the trustee or its affiliated funds, related to excessive trading.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements (continued)

Note 1. Description of Plan (continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates, as determined by the record-keeper. Principal and interest are paid ratably through regular payroll deductions. Loan repayment periods range from one to five years, in whole-year increments.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the vested value of their account. Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements of Investments

The following presents information about the Plan's assets measured at fair value on a recurring basis at the end of 2014, and the valuation techniques used by the Plan to determine those fair values. The inputs used in the determination of these fair values are categorized according to the fair value hierarchy as being Level 1, Level 2 or Level 3.

In general, fair values determined by Level 1 inputs use unadjusted quoted prices in active markets for identical assets that the Plan has the ability to access. The Plan's assets valued by Level 1 inputs are comprised of mutual funds which are traded actively on a public exchange and valued at quoted prices at the end of the fiscal year.

Anixter Inc. Employee Savings Plan
Notes to Financial Statements (continued)

Note 2. Summary of Significant Accounting Policies (continued)

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan presents, in the statements of changes in assets, the net realized and unrealized appreciation or depreciation in fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. See Note 3, "Investments" for more information regarding the Plan's fair value measurement of its investments.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Note 2. Summary of Significant Accounting Policies (continued)

Recently issued and adopted accounting pronouncements

In May 2015, the FASB issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Under the standard, investments for which fair value is measured at net asset value per share (or its equivalent) using the practical expedient will no longer be categorized in the fair value hierarchy. It is effective for fiscal years and interim periods beginning after December 15, 2015, but early adoption is permitted. The Plan is evaluating the impact the adoption of this standard will have on its financial statements but is not expected to have an impact.

In July 2015, the Financial Accounting Standards board ("FASB") issued Accounting Standards Updated ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)*. Part II of the ASU "Plan Investment Disclosures" updates the guidance on disclosure requirements related to net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period still will be required to be presented in aggregate, but will no longer be required to be disaggregated and disclosed by general type. Additionally, when disaggregation is required for other information, the amendments in the ASU will only require investments to be grouped by general type; eliminating the need to disaggregate the investments in multiple ways. The guidance is effective for financial statements issued for fiscal years beginning after December 15, 2015. Early adoption is permitted. The adoption of this standard is not expected to have a material impact on the financial statements. Part I and Part III of the ASU will not impact the Plan.

No other recently issued, but not yet effective, accounting pronouncements, if adopted, would have a material impact on our consolidated financial statements or disclosures.

Note 3. Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2014 and 2013, and net realized and unrealized appreciation in fair value of investments in mutual funds for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee, Fidelity Management Trust Company.

Note 5. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian, recordkeeper, and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has received a determination letter from the IRS dated August 29, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 9. Personal Retirement Accounts

All non-union employees earn a benefit under a Personal Retirement Account (cash balance account) in the Anixter Inc. Pension Plan receive a separate contribution to the Plan in a Personal Retirement Enhancement Account. The contribution equals the interest earned on the Personal Retirement Account in the Pension Plan and is based on the 10 year Treasury securities rate as of the last business day of December. The contribution is invested consistent with the participants' deferral elections. As a result of a change in the Company's Pension plan effective December 31, 2013, all employees will now receive this contribution in a Personal Retirement Enhancement Account.

Note 10. Risk and Uncertainties

The Plan invests in various mutual fund securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits.

Note 11. Subsequent Events

The Employer has evaluated these annual financial statements for disclosure of subsequent events through October 6, 2015, the date on which the financial statements were available to be issued, and has identified the following events.

In September 2014, Anixter Inc. acquired 100% of the outstanding capital stock of Tri-Northern Acquisition Holdings, Inc. ("Tri-Ed"). The Company authorized and approved Tri-Ed employees to participate in the Plan as of July 1, 2015. In August 2015, the Tri-Ed Distribution 401(k) Plan was merged into the Plan.

In the second quarter of 2015, Anixter Inc amended the Plan where the Employer shall make a contribution to the Employee Savings Plan on behalf of each active participant who is first hired or rehired on or after July 1, 2015 or is employed by an Employer that is not a participating employer in the Anixter Inc. Pension Plan. The amount of each active participant's contribution shall be an amount determined by multiplying the Participant's salary for the Plan year by either; (1) two percent if such Participant's years of Service as of August 1 of the Plan year is fewer than five, or (2) two and one-half percent if such Participant's years of service as of August 1 of the Plan year is five or greater. This contribution is in lieu of employees being eligible for the Anixter Inc. Pension Plan.
