INDEPENDENT AUDITOR'S REPORT

To the Audit Committee
Patrick Industries, Inc.
401(k) Employee Savings Plan
Elkhart, Indiana

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Patrick Industries, Inc. 401(k) Employee Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PATRICK INDUSTRIES, INC. 401(K) EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Patrick Industries, Inc. 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Patrick Industries, Inc. and its subsidiaries (the "Company" or the "employer") who have worked at least 90 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan and subject to certain limitations. The Plan allows for participant deferral "catch-up" contributions in excess of Plan limits for participants who have attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make matching contributions to those participants who have completed one year of service equal to a discretionary percentage, to be determined by the Company, of the participant's deferral contributions. During the year ended December 31, 2014, the Company matched 5% of the first 6% of participants' deferral contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2014, no profit sharing contribution was authorized. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service at the rate of 25% per year.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Investment Options: Each participant may direct their accounts in any of the investment options available under the Plan.

Payment of Benefits: On termination of service due to retirement, death or disability, a participant may elect to receive either a lump-sum or direct rollover amount equal to the value of the participant's vested interest in his or her account, or monthly installments over the participant's life expectancy.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates that are determined by the trustee of the Plan.

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions. During the year ended December 31, 2014, no forfeitures were used to reduce employer contributions to the Plan. The remaining balances of forfeitures available to offset future matching contributions as of December 31, 2014 and 2013 were \$58,351 and \$52,301, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative and Investment Management Expenses: Investment management fees are paid by the Plan to investment managers and these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments. Loan origination fees associated with notes receivable from participants and certain other record-keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds indirect interests in such contracts through its investment in one stable value fund.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 29, 2015, which is the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value collective trust fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including indirect interests in fully benefit-responsive contracts, as reported in the most recent audited financial statements of the funds (Level 2 inputs). The fund's objectives are to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into "wrapper" contracts issued by third-parties and invest in cash equivalents represented by shares in a money market fund.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The fund provides for daily redemptions by the Plan at reported net asset values per share with no advance notification.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis, categorized by nature of underlying investments, are summarized below:

NOTE 5 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest and dividend income, net depreciation in fair value of investments and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan. This information has not been audited by independent accountants.

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31:

	<u>2014</u>	<u>2013</u>
Stable Value Collective Trust:		
Putnam Stable Value Fund

Artio International Equity II A Fund	1,015,639	1,160,051

* Balance did not represent 5% of Plan's net assets in the respective period

During the year ended December 31, 2014, the Plan's investments in mutual funds (including investments bought, sold, and held during the year) depreciated in value by \$555,113.

For the year ended December 31, 2014, interest and dividend income from investments was \$1,507,827 and interest income on notes receivable from participants was \$25,604.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds mutual funds issued by Fidelity Investments, Inc., an affiliate of FMTC. FMTC is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees and investment management fees to FMTC qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

Certain administrative functions are performed by officers of employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

During the year ended December 31, 2014, the Plan paid \$14,464 in fees for services provided by FMTC. Fees paid by the Plan to Guidance Investments for investment advisory services were \$26,985 during the year ended December 31, 2014.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to Form 5500:

INDEPENDENT AUDITOR'S REPORT

To the Audit Committee
Patrick Industries, Inc.
401(k) Employee Savings Plan
Elkhart, Indiana

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Patrick Industries, Inc. 401(k) Employee Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PATRICK INDUSTRIES, INC. 401(K) EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Patrick Industries, Inc. 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Patrick Industries, Inc. and its subsidiaries (the "Company" or the "employer") who have worked at least 90 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan and subject to certain limitations. The Plan allows for participant deferral "catch-up" contributions in excess of Plan limits for participants who have attained age 50 by the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make matching contributions to those participants who have completed one year of service equal to a discretionary percentage, to be determined by the Company, of the participant's deferral contributions. During the year ended December 31, 2014, the Company matched 5% of the first 6% of participants' deferral contributions. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. During the year ended December 31, 2014, no profit sharing contribution was authorized. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service at the rate of 25% per year.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Investment Options: Each participant may direct their accounts in any of the investment options available under the Plan.

Payment of Benefits: On termination of service due to retirement, death or disability, a participant may elect to receive either a lump-sum or direct rollover amount equal to the value of the participant's vested interest in his or her account, or monthly installments over the participant's life expectancy.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes receivable from participants are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates that are determined by the trustee of the Plan.

Forfeitures: Forfeitures of employer matching contributions are used to offset future employer matching contributions. During the year ended December 31, 2014, no forfeitures were used to reduce employer contributions to the Plan. The remaining balances of forfeitures available to offset future matching contributions as of December 31, 2014 and 2013 were \$58,351 and \$52,301, respectively.

(Continued)

PATRICK INDUSTRIES, INC. 401(K) EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Administrative and Investment Management Expenses: Investment management fees are paid by the Plan to investment managers and these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments. Loan origination fees associated with notes receivable from participants and certain other record-keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds indirect interests in such contracts through its investment in one stable value fund.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Excess Contributions: Refunds of excess participant deferral contributions may be required to satisfy the relevant nondiscrimination provisions of the Plan. Such refunds are accrued as a liability and reduction in contributions in the Plan year in which the excess deferrals were made to the Plan.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. The underlying investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 29, 2015, which is the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value collective trust fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including indirect interests in fully benefit-responsive contracts, as reported in the most recent audited financial statements of the funds (Level 2 inputs). The fund's objectives are to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. The fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into "wrapper" contracts issued by third-parties and invest in cash equivalents represented by shares in a money market fund.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The fund provides for daily redemptions by the Plan at reported net asset values per share with no advance notification.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis, categorized by nature of underlying investments, are summarized below:

NOTE 5 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated interest and dividend income, net depreciation in fair value of investments and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan. This information has not been audited by independent accountants.

The following presents the fair value of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31:

	<u>2014</u>	<u>2013</u>
Stable Value Collective Trust:		
Putnam Stable Value Fund		
(Contract Value 2014 - \$2,607,266;		
2013 - \$2,080,272)	\$ 2,656,360	\$ 2,107,547

Perkins Mid Cap Value T Fund	863,047*	959,458
Artio International Equity II A Fund	1,015,639	1,160,051

* Balance did not represent 5% of Plan's net assets in the respective period

During the year ended December 31, 2014, the Plan's investments in mutual funds (including investments bought, sold, and held during the year) depreciated in value by \$555,113.

For the year ended December 31, 2014, interest and dividend income from investments was \$1,507,827 and interest income on notes receivable from participants was \$25,604.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the plan, any party rendering service to the plan, the employer, and certain others. The Plan holds mutual funds issued by Fidelity Investments, Inc., an affiliate of FMTC. FMTC is the Plan trustee and, therefore, these transactions and the Plan's payment of trustee fees and investment management fees to FMTC qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

Certain administrative functions are performed by officers of employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

December 31, 2014 and 2013

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

During the year ended December 31, 2014, the Plan paid \$14,464 in fees for services provided by FMTC. Fees paid by the Plan to Guidance Investments for investment advisory services were \$26,985 during the year ended December 31, 2014.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to Form 5500:

	<u>2014</u>	<u>2013</u>
