401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN

The following description of the Wright-Patt Credit Union, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Wright-Patt Credit Union, Inc. (the Company). Employees are eligible to participate in the Plan if they complete 180 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the maximum dollar set by law, as defined in the Plan. Participants who have attained age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Plan participants may change their deferral percentage, subject to the minimum requirements, at any time during the year. The Company matches each participant's contribution up to 5% of each participant's eligible compensation. The Company also makes profit sharing contributions ranging from 3% to 18.98% of each participant's eligible compensation. Contributions are subject to certain IRS limitations.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, annual installments via an annuity or until the participant makes another election for the balance of the account.

Hardship distributions are permitted if certain criteria are met.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, and or other specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Expenses

The Company absorbs significant portions of the administrative costs of operating the Plan.

Notes Receivable from Participants

Participants may borrow from their 401(k) fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions. A participant may have up to two loans outstanding at anytime.

Forfeited Accounts

There are no forfeited, nonvested accounts at December 31, 2014 and 2013. Forfeited, nonvested accounts are used to reduce Company contributions. The Company's matching contributions were reduced by \$139,012 and \$68,856 from forfeited non-vested accounts in 2014 and 2013, respectively.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. The vested percentage of the Company's matching and profit sharing contributions are based on the years of service.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

WRIGHT-PATT CREDIT UNION, INC.
401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. At December 31, 2014 and 2013, fair value approximated contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

4. TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Certain Plan failures related to participant eligibility, compensation, and other operational issues related to previous years were identified. Consequently, Plan management proposed and submitted corrective actions to the Internal Revenue Service through the Voluntary Correction Program (VCP). The Internal Revenue Service approved these changes on March 20, 2015.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by MG Trust Company, LLC, the Trustee. Any purchases and sales of these investments are open market transactions at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Certain Plan investments are in common/collective trust funds and funds held in a general account with CUNA, a party-in-interest. Administrative fees paid by the Plan to CUNA amounted to \$121,872 and \$116,991 for the years ended December 31, 2014 and 2013, respectively.

6. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued at the net asset value (NAV) of shares held by the Plan at year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund, and provides the basis for current transactions.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The credit interest rates are based on an agreed-upon formula with the issuer, and are guaranteed for an agreed upon price, usually one year. The average yield and crediting interest rate on the Stable Value Fund, was approximately 1.70% and 1.95% for the years ended December 31, 2014 and 2013, respectively.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

On March 20, 2015, a corrective action plan was approved by the Internal Revenue Service through the Voluntary Correction Program (VCP). See Note 4.

Management evaluated the activity of the Plan through September 30, 2015 (the date the financial statements were made available to be issued) and concluded that no additional subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
