NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Wm. Powell Company (the "Company") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the *Summary Plan Description*, which is available from the Plan sponsor, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. It was adopted by the Company on July 1, 1990 and amended and restated September 15, 2003, effective May 1, 2002, to comply with the Employee's Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code law changes and other acts affecting the Plan. The Plan's assets are held in trust and are administered by the Plan's trustees. The Plan was amended and restated December 1, 2011, effective January 1, 2012, to permit Roth Elective Deferrals to the Plan. The Company maintains required employment and payroll records for all participants and appoints trustees to administer the Plan.

Eligibility

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed two months of credited service.

Contributions

Each participant may make voluntary contributions to the Plan by an employee salary reduction election of not less than 2% or more than 100% of compensation for each plan year. Eligible employees who fail to make an affirmative plan election will be automatically enrolled into the Plan at a "default" contribution rate of 3% of compensation. The Company will match, on a dollar-for-dollar basis, the first 6% of eligible pay contributed each pay period. The Company can also elect to make additional discretionary contributions.

Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, and (c) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants can change their deferral percentages four times a year, January 1, April 1, July 1, and October 1.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary portions of their accounts plus actual earnings thereon is based on years of continuous service. Participants are fully vested upon completion of two years of credited service.

Forfeitures

Forfeitures may be used in succeeding years to reduce employer contributions or pay plan expenses. The balance in the forfeiture account at December 31, 2014 was $1,042 and at December 31, 2013 was $2,879. Forfeitures of $2,604 were used to reduce plan expenses for the year ended December 31, 2014.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement, other termination of employment with the Company, or termination of the Plan, the participant's account is distributed under several options. If the participant's vested interest is greater than $5,000, the participant may choose to receive his benefit in the form of cash, an annuity, or a combination of these. If the vested interest is less than $5,000 but greater than $1,000, the participant may elect to have the distribution be paid directly to an eligible retirement plan or receive the distribution directly in the form of cash. Should such an election not be made by the participant, the distribution will be in the form of a direct rollover to an individual retirement plan designated by the Plan. If the vested interest is $1,000 or less, the payment will be in the form of a lump sum payment, payable at termination.

In conditions of "financial hardship," a participant may apply to the plan administrator for approval to withdraw that portion of their 401K retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code (IRC).

A participant who makes a withdrawal after age 59½ will not be subject to penalty and can remain an active participant in the Plan.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50 percent of their 401K participant account balance. The maximum loan period cannot exceed five years. Loans bear interest at the Applicable Federal Rate (AFR) for the month as determined by the Plan administrator. Interest is charged until the loan is repaid and loans are not placed on nonaccrual status. Loans are always fully collected and are not charged off as uncollectible. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized at the time payment is made. Principal and interest is paid ratably through payroll deductions and is credited to each participant's account balance. Loans are considered past due when scheduled payments are more than 30 days behind the original loan agreement payment schedule.

Administrative Expenses

Certain expenses for administering the Plan are paid by the Company. The Company provides the Plan with certain accounting and administrative services for which no fee is charged.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and such amounts will be distributed pursuant to the terms of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles as applied to defined contribution plans, and in accordance with the terms of the Plan document. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The financial statements are prepared using the accrual method of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants
Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans, if material, are reclassified as distributions based on the terms of the Plan document.

Administrative Expenses
Administrative expenses of the Plan may be paid by the Plan or the Company at the Company's discretion.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits
Benefits are recorded when paid.

Reclassifications
Certain reclassifications of prior year's figures were made in order to be comparative with the current year.

NOTE 3 - INVESTMENTS

The fair value of individual investments that represent 5.0 percent or more of the Plan's net assets are as follows at December 31:

Identity of Issue:	2014	2013
PNC Investment Contract Funds	$ 1,042,452	$ 1,139,302
American Balanced Fund	$ 996,155	$ 885,518
American Century Moderate Advisor Fund	$ 340,482	$ 311,828
Growth Fund of America	$ 262,790	$ 231,665
Goldman Sachs Small Cap Value	$ 234,742	$ 252,965

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan.

Level 1 Fair Value Measurements
The fair value of mutual funds accounts are based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements
The collective investment fund is valued at current market value using quoted market prices of underlying asset portfolio or by using prevailing interest rates and prices of securities of similar quality if such assets lack quoted market prices. The majority of the investments in the portfolio are valued using Level 2 inputs. However, management has determined that certain portfolio asset values are estimated using unobservable inputs and, therefore, are categorized as Level 3 at December 31, 2014 and December 31, 2013.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and December 31, 2013:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the year-ended December 31, 2014 are reported in net appreciation (depreciation) in fair value of investments.

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by $(19,589).

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the collective investment fund for years ended December 31, 2014 and December 31, 2013:

December 31, 2014

[a] Transfers in and out of Level 3 resulted from participants transferring funds to/from other accounts, and transfers to forfeiture account for withdrawing participants. The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by PNC Bank, N.A. PNC Bank, N.A. is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to these asset trustees using funds from the forfeiture account amounted to $4,613 for the year ended December 31, 2014.

NOTE 7 - INCOME TAX STATUS

The Plan obtained its latest determination letter on January 5, 1995, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - INCOME TAX STATUS (Continued)

The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011. There are currently no audits for any tax periods in progress.
