RCI 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2014 and 2013

---

**NOTE 1 - DESCRIPTION OF THE PLAN**

The following description of the RCI 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Ross Casting and Innovation, LLC (the "Company") is the Plan sponsor and administrator.

General: On April 22, 2013, the Company was acquired by ABI Showatech (India) Limited, and ceased to be a subsidiary of Revere Industries, LLC. The Plan was established on July 1, 2013 by the plan sponsor. As a result of the acquisition, assets of \$4,171,508 under the Revere Industries Plan were transferred into the Plan on July 3, 2013. The Plan is a defined contribution plan, which covers all employees of the Company who have provided three months of service. Benefits are available under the Plan upon retirement, death or total disability. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute between 1% and 50% of their gross annual compensation to the Plan, subject to limits imposed by the Internal Revenue Code ("IRC"). The Plan also permits rollover contributions in accordance with the IRC. The Board of Directors can determine a nonelective discretionary matching contribution. The percentage of nonelective deferral contributions matched, if any, shall be a percentage determined by the Board of Directors and shall apply to all eligible persons for the entire Plan Year. There were no discretionary matching contributions made to the Plan in the year ending December 31, 2014 or for the period from July 1, 2013 through December 31, 2013. The Plan has a Safe Harbor Plan basic matching formula of 100% of elective deferral contributions that are not over 3% of eligible compensation, plus 50% of elective deferral contributions which are over 3% but are not over 5% of eligible compensation. The Safe Harbor matching contribution attributable to the Plan for the year ending December 31, 2014 and for the period from July 1, 2013 through December 31, 2013 totaled \$189,797 and \$82,659, respectively.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contributions and allocations of Company discretionary contributions (if any) and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death and Disability: A participant (beneficiary) is entitled to 100% of his or her account balance upon retirement, death or total disability.

Vesting: Participants are immediately vested in their voluntary and Safe Harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-elective discretionary contributions plus earnings thereon is based upon years of service. For employer non-elective matching discretionary contributions a participant is 100% vested after five years of credited service with graduated vesting beginning at 40% after two year

Investment of Plan Assets: Plan assets are invested in mutual funds administered by Great-West Life & Annuity Insurance Company ("Great-West"). Plan participants determine where to invest their elective and Company contributions from several investment options provided by the Plan.

Distributions and Withdrawals: The Plan provides for normal retirement at age 65. A participant is eligible to receive a distribution from the Plan of his/her total vested account balance when one of the following events occurs: (1) termination of employment, (2) retirement, (3) attainment of age 59 ½, (4) disability retirement, (5) death, or (6) hardship withdrawals. Additionally, on termination of service with the Company (including termination of service due to death, disability or retirement), a participant may generally elect to receive either a lump-sum amount equal to the value of the participants' vested interest in his or her account, or annual installments over a multiple-year period.

**NOTE 1 - DESCRIPTION OF THE PLAN (Continued)**

Notes Receivable from Participants: The Plan permits loans to participants up to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Such loans must be repaid weekly over a period not to exceed five years, unless such loan is used to acquire a dwelling, which will be used as the principal residence of the participant within a reasonable time (determined at the time the loan is made). Interest rates on participant loans are commensurate with those charged at commercial institutions.

**NOTE 2 - SUMMARY OF ACCOUNTING POLICIES**

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts (FBRICs), and in May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented, and disclosed only at contract value, and it clarifies that a plan's investments in stable value funds are not FBRICs and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of FBRICs and investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments, bought and sold, as well as held during the period.

Risks and Uncertainties: Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Payments of principal and interest are received through payroll deductions and the notes are collateralized by the participants account balances. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

**NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)**

Administrative Expenses: Most administrative expenses of the Plan are paid by the Company. Loan fees and other expenses, totaling \$6,828 and \$1,298 for the year ending December 31, 2014 and for the period from July 1, 2013 through December 31, 2013, respectively were charged to participant accounts.

Payment of Benefits: Plan benefits are recorded when paid.

**NOTE 3 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of a plan termination, participants would become 100% vested with respect to their employer contributions and earnings thereon.

**NOTE 4 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS -  
UNAUDITED INFORMATION**

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company. This information has not been audited by independent accountants.

**NOTE 5 - FAIR VALUE MEASUREMENTS**

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

**NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)**

*Mutual funds:* The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, by major asset class, measured at fair value on a recurring basis are summarized below:

**NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS**

The Plan holds fully benefit-responsive investment contracts that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan is directly between Great-West Life & Annuity Insurance Company (“Great-West Life”) and individual participants. Great-West Life maintains the contributions in its general account. Great-West Life guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated quarterly based upon contract provisions, and it may not be less than 0%. Great-West Life’s general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

**NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)**

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which Great-West Life may terminate the contract. Examples of circumstances which would allow Great-West Life to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, Great-West Life could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

**NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS**

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the plan, the employer, and certain others. Investment management fees are paid for by the Plan to investment managers who qualify as parties-in-interest. These investment management fees are reflected in the financial statements as a reduction of the return on the Plan's investments. Transactions during the year with parties-in-interest include administrative services and professional fees for the audit of the Plan. Certain investments in mutual funds are party-in-interest investments. These investments are issued or managed by Great-West Life & Annuity Insurance Company. Notes receivable from participants also reflect party-in-interest transactions.

**NOTE 8 – TAX STATUS**

Effective June 30, 2014, the Plan document was restated to comply with various tax law changes. Since the Plan was restated on a prototype document that has received a favorable opinion letter dated March 31, 2014, the Plan is not required to file for an individual determination letter. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for periods prior to 2013.

**NOTE 9 - SUBSEQUENT EVENTS**

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2014 to determine the need for any adjustment to and/or disclosures within these financial statements. Plan management has performed their analysis through October 12, 2015, which was the date that the financial statements were available to be issued and has determined that there are no subsequent events to recognize or disclose.
