1. PLAN DESCRIPTION

The following brief description of the Ambient Air, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ambient Air, LLC (the Company) and all related employers of the controlled group of employers and affiliated service group. All employees who are 18 years of age and have completed six months of consecutive service are eligible to participate in the Plan. Entry dates into the Plan are the first day of the month coinciding with or next following satisfaction of the minimum age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

John Hancock Life Insurance Company is the custodian of the Plan. The Plan is a participant-directed plan offering several investment options.

Contributions

Participants may elect to defer up to 100% of their compensation each year up to the maximum amount permissible by the Internal Revenue Code (IRC). Participants are permitted to contribute catch-up contributions in accordance with IRC requirements and rollover contributions from other qualified retirement plans. The Company may make a matching contribution equal to a discretionary percentage to be determined by the Company. The Company did not make any matching contributions for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution, plan earnings, and allocation of the Company's contribution (if any), and charged with an allocation of administrative expenses. Allocations are based on participant salary or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum distribution if the participant's vested interest in their account is less than $5,000. If the participant's vested interest in their account exceeds $5,000, the participant may elect to receive either a lump-sum amount, equal to the value of the vested interest in their account, or one of several annuity options. Participant rollover contributions are distributable as a lump sum at any time. Participants age 59 ½ or older may elect to receive a distribution of the vested portion of their account balance regardless of employment. The benefit to which a participant is entitled consists of their contributions and earnings thereon and their accumulated share of vested annual employer contributions (if any) and investment earnings that are allocated according to length of service and amount of annual compensation.

1. PLAN DESCRIPTION – CONTINUED

Hardship Withdrawals

A participant may withdraw all or part of the value of their rollover contributions account at any time. Additionally, a participant may make a hardship withdrawal in the event of severe financial need (as defined by Internal Revenue Service Regulations) for certain medical, tuition, home purchase, or rental expenditures.

Participant Loans

Participants may borrow from their vested account balance in accordance with IRC requirements. New loan issuances are limited to one loan outstanding per participant per 12 month period. The loan amount is allowed at a minimum of $1,000 and a maximum of 50% of the participant's vested balance up to $50,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined at the time of the loan issuance. Principle and interest are payable ratably through payroll deductions over terms ranging up to 5 years, except for home loans which may range up to 15 years.

Vesting

Participants are fully vested with respect to their voluntary contributions plus actual earnings thereon. Vesting of employer matching is based on years of credited service beginning with the participant's date of hire. The standard vesting schedule is as follows:

Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or more	100%

Forfeited Accounts

Forfeited non-vested contributions are used to reduce future employer contributions or pay Plan expenses. At December 31, 2014 and December 31, 2013, there was no balance in forfeited non-vested contributions. No forfeitures were used to reduce employer contributions for the year ended December 31, 2014.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. The Plan presents in the statement of changes in net assets available for plan benefits, the net appreciation (decline) in the fair value of its investments which consists of the realized gains or losses on investments sold during the year and the unrealized gains or losses on investments held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis.

Payment of Benefits
Benefits to participants are recorded when paid.

Administration
The Company serves as the administrator for the Plan and has sole responsibility for the administration of the Plan. Those services are provided without charge to the Plan. Other administrative expenses such as Plan accounting and auditing fees are paid by the Company.

Events Occurring After Reporting Date
The Plan has evaluated events and transactions that occurred between December 31, 2014 and October 12, 2015, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan's custodian, John Hancock Life Insurance Company, has certified that the investments and investment transactions are complete and accurate as of and for the years ended December 31, 2014 and 2013.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and lowest priority to unobservable inputs (level 3 inputs). The three broad levels of the fair value hierarchy are:

Level 1 - Inputs consist of unadjusted quoted prices in active markets for identical investments in active markets.

Level 2 - Inputs include quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.

Level 3 - Inputs consist of investment valuations whose significant value drivers are not observable.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value.

The fair value of mutual funds, including money market mutual funds, are based on quoted net asset values of the shares held by the Plan at year end and are included as level 1 inputs.

4. FAIR VALUE MEASUREMENTS – CONTINUED

The following tables present the Plan's investments at fair value, categorized by level within the fair value hierarchy, on a recurring basis at:

5. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2014	2013
Retirement Choices at 2015	$ 194,568	$ 186,007

Retirement Choices at 2045	198,127	173,348

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed legal counsel by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

8. TERMINATION

Although it has not expressed any intent to do so, Ambient Air, LLC has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's account balance shall become fully vested and non-forfeitable. Plan assets will be allocated to provide benefits to participants based on their individual account balances. As benefits are based on account balances, they are not insured by the Pension Benefit Guaranty Corporation.
