NOTE A - DESCRIPTION OF PLAN

The following description of Halifax Paving, Inc. 401(k) Plan, ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of Halifax Paving, Inc. ("the Company") who have completed one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching contributions and profit sharing contributions may be made at the option of the Company's board of directors. Contributions are subject to certain limitations. The Company did not elect to make matching or profit sharing contributions to the Plan for the year ended December 31, 2014.

3. Participant accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings (losses) and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant begins to vest after year two (20%) and is fully vested after year six.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. Principal and interest is paid ratably through payroll deductions.

6. Payment of benefits

On termination of service due to death, disability, retirement or other reasons, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

7. Forfeitures

At December 31, 2014 and 2013, the forfeited non-vested accounts totaled $500 and $300, respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions.

8. Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Additional administrative expenses, including recordkeeping fees, are paid by the plan and charged to participant accounts.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The Plan's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, including the use of the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

2. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

3. Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See fair value measurements disclosure.

Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payments of benefits

Benefits are recorded when paid.

5. Notes receivable from participants

Loans to participants are reported at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, an allowance is recorded for the balance of the defaulted loan and the loan is recorded as a deemed distribution for tax purposes.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Mass Mutual and ING, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets held for benefits as of December 31, 2014 and 2013, the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014. As directed by the Plan Administrator, this information is unaudited.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE AND CUSTODIAN (UNAUDITED) (continued)

The value of the investments certified includes total investments of $1,575,252 and $1,525,993 at December 31, 2014 and 2013, respectively, and net related investment income and market value appreciation of $74,621 for the year ended December 31, 2014. Notes receivable from participants and corresponding interest income were also certified by the trustee.

Investments at December 31, 2014 and 2013 that represent 5% or more of fair value of the Plan's net assets are as follows:

	2014	2013
Hartford Life Insurance Company -		
Pooled Separate Accounts:		
Invesco Small Cap Equity R	$ 89,621	**
American Funds Growth Fund of America R	120,528	**

Washington Mutual Investors Fund	**	81,939
Wagner Select Fund	**	80,893
Insurance Company General Account:		
Fixed Account	**	896,536

** Investment was not 5% of total net assets at December 31.

For the year ended December 31, 2014, the Plan's investments, including dividends, interest and investments bought, sold and held during the year, appreciated in value as follows:

Pooled Separate Accounts	$ 43,759
Insurance Company General Account	$ 30,862

NOTE D - FAIR VALUE MEASUREMENTS

FASB ASC 820-10-50 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under FASB ASC 820-10-50 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valuation of units of the pooled separate accounts held by the Plan is based on the observable net asset value (NAV) of the underlying mutual fund investments held within the accounts less any liabilities divided by the number of units outstanding. The observable NAV represents the quoted market price of the underlying mutual fund investments held within the accounts.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Insurance Company General Account: The fair value of the Hartford Life Insurance Company (HLIC) Fixed Account is determined using the market approach which consists of quoted market prices for identical assets, matrix pricing and other similar valuation techniques. The HLIC Fixed Account is considered fully benefit-responsive. The fair value of the ING Fixed Account is determined using the income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations. The ING Fixed Account is not conisdered fully benefit–responsive. Because the participants transact at contract value in these accounts, fair value is determined annually for financial statement purposes only.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2014

	Level 1	Level 2	Level 3	Total
Assets:				
HLIC Pooled Separate Accounts	$ -	$ 714,739	$ -	$ 714,739
HLIC Fixed Account	-	844,928	-	844,928
Total investment assets at fair value	$ -	$ 1,559,667	$ -	$ 1,559,667

2013

	Level 1	Level 2	Level 3	Total
Assets:				
ING Pooled Separate Accounts	$ 629,457	$ -	$ -	$ 629,457
ING Fixed Account	-	-	896,536	896,536
Total investment assets at fair value	$ 629,457	$ -	$ 896,536	$ 1,525,993

NOTE D - FAIR VALUE MEASUREMENTS (continued)

Fair Value of Investments in Entities that Use NAV

The Plan's pooled separate accounts invest in individual mutual funds. The investment options include funds with strategies that target international equities, small, mid and large cap equities, balanced asset allocations, bonds and specialty sectors.

The following table summarizes investments measured at fair value based on NAV per shares as of December 31, 2014 and 2013, respectively:

2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 714,739	n/a	daily	n/a

2013	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 629,457	n/a	daily	n/a

Level 3 Gains, Losses and Valuation Techniques

The Plan's policy is to recognize transfers in and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013 there were no transfers into or out of Level 3 except for participant directed transfers. For the year ended December 31, 2014, the Plan transferred its assets from ING to Mass Mutual. The value of the Level 3 ING Fixed Account was transferred to the Level 2 HLIC Fixed Account. The following table presents changes in the Plan's Level 3 investment assets measured at fair value on a recurring basis for the years ended December 31:

	2014	2013
Balance at beginning of year	$ 896,536	$ 906,741
Total gains or losses included in changes in net assets available for benefits	23,678	(61,466)
Purchases, sales, issuances and issuances, net	(920,214)	51,261
	$ -	$ 896,536

The fair value of the ING Fixed Account is determined by ING using the income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations. ING uses a guaranteed composite rate of return of 2%, which is a significant unobservable input.

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2014, the Plan entered into a fully benefit-responsive guaranteed investment contract with Hartford Life Insurance Company (HLIC). HLIC maintains the contributions in a general fixed income account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed fixed income account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the HLIC guaranteed fixed income account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The HLIC guaranteed fixed income account is presented on the face of the statement of net assets available for benefits as of December 31, 2014 at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by HLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The fair value of the investment contract at December 31, 2014 was $844,928 The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than declared annual rate. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with HLIC. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The average yields earned and credited by the guaranteed fixed income account was 1.7% for the year ended December 31, 2014.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2013 and for the period from January 1, 2014 through July 7, 2014, the Plan's investments were units of pooled separate accounts and insurance company general account of ING. For the period from July 8, 2014 through December 31, 2014, the Plan's investments were units of pooled separate accounts and insurance company general account of Hartford Life Insurance Company (HLIC), for which Mass Mutual provides all of the contract administrative services. ING and Mass Mutual are the trustees of the Plan and, therefore these transactions qualify as party-in-interest transactions. Fees paid directly by the Plan for administrative expenses amounted to $1,997 for the year ended December 31, 2014. In addition, The Plan pays fees associated with investment advisory and management services which are included in net appreciation(depreciation) in fair value of the investments. These fees are paid daily through deductions to the net asset value, rather than a direct payment. Indirect compensation paid for these services for the year ended December 31, 2014 was approximately $39,000.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE H - INCOME TAX STATUS

The Plan received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualifies under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

The Plan adheres to the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes* (ASC 740). ASC 740 establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (UTPs). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns.

NOTE H - INCOME TAX STATUS (continued)

The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits. For the years ended December 31, 2014 and 2013, the Plan administrator had determined that the Plan has taken no material tax positions on its applicable tax fillings that do not meet the more likely than not threshold. As a result, no amount of UTPs has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE I - RISKS AND UNCERTAINITIES

The Plan invests in various investments securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

Reconciliation

The following is a reconciliation of net assets available for benefits on the financial statements to Schedule of the Form 5500 as of December 31, 2013:

Net assets available for benefits on the financial statements	$ 1,555,614
Adjustment from fair value to contract for ING Fixed Account investment contract	18,028
Net assets available for benefits on Schedule H of Form 5500	$ 1,573,642

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 (continued)

Reconciliation (continued)

The following is a reconciliation of net investment income on the financial statements for the year ended December 31, 2014 to Schedule H of the Form 5500:

Net appreciation in fair value of investments on the financial statements	$	61,787
Adjustment from fair value to contract for ING Fixed Account investment contract		(18,028)
Net appreciation in fair value of investments on Schedule H of Form 5500	$	43,759

Notes Receivable from Participants

The attached financial statements report notes receivable from participants as a receivable to the Plan, while the Form 5500 reports these balances as a general investment on Schedule H. This represents a classification difference and the reported amounts in the financial statements and Form 5500 agree as of December 31, 2014 and 2013.

NOTE K - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through July 24, 2015, the date which the financial statements were available to be issued, and has determined that no material transactions have occurred that would warrant additional disclosure in the financial statements.
