INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of MedLab Ohio, Inc. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held for Investment Purposes for the year ended December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Emphasis of Matter

As discussed in Note 6 to the financial statements, the Plan Administrator of MedLab Ohio, Inc, the Plan's sponsor, resolved to terminate the plan in January 2014, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the ongoing accrual basis used in presenting the 2013 financial statements to the liquidation basis used in presenting the 2014 financial statements.

401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION

The following description of the MedLab Ohio, Inc. (the Company) 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees, as defined in the Plan document, of MedLab Ohio, Inc., (Plan Sponsor), Kilbourne Medical Laboratories, Inc., Laboratory Partners, Inc., and Suburban Medical Laboratory, Inc. who have three consecutive months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants, through an election to defer compensation, may contribute to individual accounts up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code Sections 401(k), 402(g), 404, and 415. The Plan provides for Company matching contributions of a discretionary amount determined by the Plan Sponsor. Company matching contributions made in 2014 and 2013 were \$0.

Participant Accounts

Participant accounts are maintained by and invested with American Funds Retirement Resources (record keeper and investment company).

Each participant's account is credited with (a) the participant's contribution, (b) the allocations of the Company's matching contribution, (c) the Plan's earnings and (d) is charged with an allocation of administrative expenses. Allocations are based on participant earnings, contributions, or account balances, as defined. Participants direct the investment of their accounts among the fund investment options offered by the Plan.

Participant –Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions in various investment options.

Participants may change their investment options at any time.

Notes Receivable From Participants

Loans of up to 50% of a participant's vested account, with a minimum of a \$1,000, not to exceed \$50,000, may be obtained from the Plan at the discretion of the Plan's trustee. All loans are subject to the terms and conditions of the Plan.

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Vesting and Forfeitures

The balance in each participant's account related to that participant's elective contributions are fully vested at all times. The portion of each participant's account resulting from Company contributions is vested based on years of continuous service. A participant is fully vested after six years of credited service. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. For 2014 and 2013, forfeitures applied to the employer's contribution amounted to \$0. As of December 31, 2014, unallocated forfeitures amounted to \$0. As a result of the decision to terminate the Plan, all participants became fully vested in their account balances.

Payment of Benefits

The Plan generally provides that upon retirement, death, disability, or termination, participants are entitled to receive the vested value of their account in a lump sum payment. The benefit to which participants are entitled is the benefit that can be provided from the vested value of the participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2014, management has determined that liquidation of the Plan is imminent and the financial statements for 2014 have been prepared using the liquidation basis of accounting. The 2013 financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments in the 2014 Statement of Net Assets Available for Benefits are reported at liquidation value. For all investments, fair value approximates the amount the Plan expects to collect at liquidation.

MEDLAB OHIO, INC.
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

All investments on the 2013 Statement of Net Assets Available for Benefits are reported at fair value. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Interest income and dividends, if any, are recorded on the liquidation basis for 2014, including amounts expected to be earned through final liquidation. Purchases and sales of securities are recorded on a trade-date basis. For 2013, interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Fees paid by the Company for the administrative expenses of the Plan rendered by parties in interest were based on customary and reasonable rates for such services and are excluded from these financial statements. Certain other expenses of maintaining the Plan are paid by the Plan.

Subsequent Events

Subsequent events have been evaluated through October 9, 2015 which is the date the financial statements were available to be issued.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements

In October 2012, the FASB issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this update cover a wide range of topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2012, for non public entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments is included in Note 4. The adoption of ASU 2012-04 has not had and is not expected to have a material impact on subsequent periods.

In April 2013, the Financial Accounting Standards Board issued Accounting Standards Update No. 2013-07, Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting. This Update requires an entity to prepare its financial statements using the liquidation basis of accounting when liquidation is imminent. The Update requires disclosures about an entity's plan for liquidation, the methods and significant assumptions used to measure assets and liabilities, the type and amount of costs and income accrued, and the expected duration of the liquidation process. The amendment is effective for entities that determine liquidation is imminent during annual reporting periods beginning after December 31, 2013, and interim reporting periods therein.

Entities should apply the requirements prospectively from the day that liquidation becomes imminent. Early adoption is permitted. Entities that use the liquidation basis of accounting as of the effective date in accordance with other Topics (for example, terminating employee benefit plans) are not required to apply the amendments. Instead those entities may continue to apply the guidance in those other Topics until they have completed liquidation. As the Plan terminated effective January 2015, the Plan adopted the Update for the 2014 plan year, and the impact of adopting the Update is reflected in the 2014 financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (continued)

On July 31, 2015, in an effort to simplify plan accounting, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient*. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Retrospective application is required for Parts I and II on all periods presented. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of this ASU centers around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2015 (and will be applied retrospectively as required).

NOTE 3: INVESTMENTS

The Plan's investments are held by American Funds Retirement Plan Services at December 31, 2014 and 2013.

Investments that represent 5% or more of the fair value of the Plan's net assets available for benefits are as follows:

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

MEDLAB OHIO, INC.
401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by American Funds Retirement Plan Services. As defined by the Plan, American Funds is the custodian and, therefore, these transactions qualify as party-in-interest.

NOTE 6: PLAN TERMINATION

By action of its Board of Directors, MedLab Ohio, Inc. (the “company”) resolved to terminate the plan as of January 2014. Because of the plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: TAX STATUS

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by American Funds Retirement Plan Services, which has received a favorable opinion letter from the IRS. Therefore, the Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8: RISKS AND UNCERTANTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rates, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
