1. DESCRIPTION OF PLAN:

The following description of the Truststaff Management Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all employees of Truststaff Management Inc., Truststaff Travel Nurses, LLC, Strike Staff LLC, Truststaff Pharmacists LLC, Truststaff Services, LLC, and Truststaff Nurses LLC dba Firstcall Personnel Services, Penklor Properties LLC, and Cardio Solutions (the "Sponsors") who are at least twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was restated effective March 15, 2013 and an automatic enrollment feature was incorrectly included in the adoption agreement. Effective June 11, 2013, the Plan was amended to remove the automatic enrollment feature. Effective June 26, 2013, the Plan was amended to permit the participation of Cardio Solutions, an affiliate employer.

Contributions

Each year, subject to certain limits, participants may contribute up to 86% of pretax annual compensation to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Sponsor makes matching contributions equal to 50% of the first 4% of the compensation deferred by each participant during the year. Employees must have completed at least a year of service with at least 1,000 hours of service, to be eligible to participate in employer matching contributions. The Sponsor may make discretionary profit sharing contributions, which they did not elect to do during 2014 or 2013.

The Internal Revenue Code establishes a limit on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the employer matching percentage and the total defined contribution percentage comply with several tests prescribed by law. If the tests are not met, the Sponsor reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of Sponsor contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in amounts representing participant deferrals. Participants are 100% vested in employer matching and discretionary profit sharing contributions after three years of eligible service.

Benefit payments

Payment of benefits can be made in various methods, depending upon the reason for the distribution, such as termination of service, death, or retirement, as well as other factors. Plan provisions prohibit in-service hardship withdrawals. Participants are entitled to benefits beginning at normal retirement age (65). Benefit distributions are recorded when paid.

Forfeitures

Forfeited balances of employer matching and discretionary profit sharing contributions shall be used to reduce employer contributions. Forfeitures used to reduce employer contributions for the year ended December 31, 2014 and 2013 were \$16,094 and \$8,157, respectively. At December 31, 2014 and 2013, forfeited accounts totaled \$263 and \$1,793, respectively.

Investment options

Upon enrollment in the Plan, a participant may direct contributions in any of the investments offered by the Plan. Participants may change their investment options at any time.

Notes receivable from participants

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of \$50,000 or 50% of the vested account balance. Such loans bear interest at the prime rate when the loan is granted plus 1%. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest is paid weekly through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Administrative expenses

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. The Company pays most plan administrative expenses.

Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 9, 2015, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant directed investment into registered investment companies. Investments at fair value that represent 5% or more of Plan net assets at December 31, 2014 and 2013 are as follows:

	<u>2014</u>	<u>2013</u>
Blackrock Equity Dividend - Class R	\$ 440,730	362,928
American Century Global Growth Fund - Class R	367,086	404,000
Oppenheimer Developing Markets - Class N	281,076	255,646
T. Rowe Price Growth Stock Fund - Class R	202,078	176,361
Allianzgi Focused Growth Fund - Class R	158,664	141,085
Oppenheimer International Growth Fund - Class N	153,854	139,817
Franklin Rising Dividends Fund - Class R	*	132,535
Pioneer Equity Income Fund	*	134,428

* Investment did not represent 5% or more of the Plan's net assets at year end.

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by (\$38,240) and \$403,913, respectively.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable or substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Registered investment companies: Valued at the published net asset values of shares held by the Plan at year end.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

	Total	Level 1	Level 2	Level 3
Registered investment companies:				
Real estate	\$ 13,236	13,236	-	-

5. INCOME TAX STATUS:

The Sponsor adopted a Prototype Profit Sharing Plan effective June 1, 2008 for which a letter has been received from the Internal Revenue Service indicating that an employer who adopts this volume submitter plan be considered to have a qualified plan under applicable sections of the Internal Revenue Code (IRC). The Sponsor has elected not to request a separate determination letter for the Plan. The Sponsor and the Plan's administrator believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. INFORMATION CERTIFIED BY THE TRUSTEE:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments and related interest, and dividend income and net appreciation in fair value of investments presented in the financial statements and supplemental schedule are based on information certified as complete and accurate by the trustee and custodian of the Plan as of December 31, 2014 and 2013, and for the year ended December 31, 2014, and were not subjected to any auditing procedures performed by the independent auditors.

7. PLAN TERMINATION:

The Sponsor has the right to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100% vested and all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

8. RISKS AND UNCERTAINTIES:

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and supplemental schedule.

9. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of registered investment companies and common collective trusts managed by ADP, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the recordkeeping services amounted to \$4,449 and \$4,675, which was paid to ADP for the years ended December 31, 2014 and 2013, respectively.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 as of and for the years ended December 31, 2014 and 2013.

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per financial statements	\$ 2,917,768	2,459,287
Plus: Corrective distributions payable per financial statements, recognized on a cash basis on Form 5500	<u>116,968</u>	<u>136,395</u>
Net assets available for benefits per Form 5500	<u><u>\$ 3,034,736</u></u>	<u><u>2,595,682</u></u>
	<u>2014</u>	<u>2013</u>
Increase in net assets available for benefits per financial statements	\$ 458,481	595,526
Less: Corrective distributions payable per prior year financial statements, recognized on a cash basis on Form 5500	(136,395)	(67,723)
Plus: Corrective distributions payable per financial statements, recognized on a cash basis on Form 5500	<u>116,968</u>	<u>136,395</u>
Increase in net assets available for benefits per Schedule H of Form 5500	<u><u>\$ 439,054</u></u>	<u><u>664,198</u></u>

The reconciling items between the financial statements and Schedule H of Form 5500 relate to amounts recognized on an accrual basis in the financial statements and on a cash basis on Form 5500. The Plan is required to refund employee contributions to individuals when the Plan does not meet required limits on the percent of compensation deferred by participants. These amounts are typically refunded in the plan year following the year in which they were originally contributed. These refunds are recorded on Schedule H of Form 5500 in the year in which they are paid and recorded in the financial statements in the year in which they are determined to be excess contributions.
