NOTES TO FINANCIAL STATEMENTS

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

The following description of the Perforce Software, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan that was established in 1998 by Perforce Software, Inc. (the “Company”) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the “Code”), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration

The Company has appointed a Plan Administrator to manage the operation and administration of the Plan. The Company has contracted with Charles Schwab Bank to act as the custodian, and Financial Decisions, a third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought or sold as well as held during the year.

Management fees charged to the Plan for investments in mutual funds are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2014 there were \$21,139 deemed distributions related to delinquent notes receivable from participants.

Benefit Payments

Benefit payments to participants are recorded when paid.

Income Taxes

The Plan has adopted a Volume Submitter form of a pre-approved Mass Submitter document. The Volume Submitter plan has received an opinion letter from the Internal Revenue Service on March 31, 2008 as to the Volume Submitter plan's qualified status. The Volume Submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Recently Issued Accounting Pronouncements

In June 2015, the FASB issued ASU No. 2015-10, Technical Corrections and Improvements ("ASU 2015-10"). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards. The amendments in ASU 2015-10 will generally be effective for fiscal periods beginning after December 15, 2015. Early adoption is permitted, including adoption in an interim period. The adoption of immediately effective amendments was not significant to these financials. ASU 2015-10 has not yet been adopted. The Plan's management does not believe the adoption of this guidance will have any impact on the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 9, 2015, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENT

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value:

Interest-Bearing and Non-Interest Bearing Cash

Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.

Mutual Funds and Unit Investment Trusts

Valued at the net asset value ("NAV") of shares held by the Plan at year end. It is not probable that the mutual funds or interest-bearing cash will be sold at amounts that differ materially from the NAV of shares held.

Common Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014

NOTE 2 – FAIR VALUE MEASUREMENT (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

Certain Plan investments are managed by an affiliate of Charles Schwab Bank, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant Contributions

Participants may elect to have the Company contribute their eligible pre-tax or Roth after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Participants who have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer Contributions

As set forth in the Plan, the Company may make discretionary profit sharing contributions to qualified employees. The amount is determined by the Company in its sole discretion at year-end. The Company's profit sharing contributions during 2014 were \$274,925.

Eligibility

Employees of the Company are eligible to participate in the Plan immediately upon hire.

Vesting

Participants are immediately vested in their entire account, including employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution, if any.

Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the trustee.

NOTE 4 – PARTICIPATION AND BENEFITS (Continued)

Payment of Benefits

Upon termination or upon the attainment of age 59.5, a participant or participant's beneficiaries may elect to leave his/her account balance in the Plan, or receive the total benefits in a lump sum amount equal to the value of each participant's interest in his/her account. The Plan allows for the automatic cash distribution or automatic rollover into an IRA of participant account balances that do not exceed \$5,000.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with Internal Revenue Service ("IRS") regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Notes Receivable from Participants

The Plan allows participants to borrow up to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the participant's balance. Such notes bear interest at the prime rate plus 1% and must be repaid to the Plan within a five-year period, unless the note is used for the purchase of a principal residence in which case the maximum repayment period may be longer. A participant can only have one outstanding loan at any time. The specific terms and conditions of such notes are established by the Company. Outstanding notes receivable at December 31, 2014 carry an interest rate of 4.25%.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

The Company adopted a Volume Submitter agreement with a cash or deferral arrangement which received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and is subject to the provisions of ERISA.
