A. DESCRIPTION OF THE PLAN

The following brief description of Faust Distributing Company, Inc. 401(k) Savings Plan is provided for general information purposes only. Participants should refer to their Plan agreement for more complete information.

1. **General.** The plan, Faust Distributing Company, Inc. 401(k) Savings Plan, was created effective January 1, 1993. The adopting employer was Donald F. Faust dba South Texas Distributing Company. In 2000 Faust DC, Ltd. became an adopting employer replacing South Texas Distributing Company. The plan was created for the purpose of providing retirement benefits for the employees.

2. **Contributions.** Each year the Company will match 50.00% of your deferral contributions to the Plan up to an amount equal to 6.00% of your pay. The percentage of your deferral contributions to be matched by the Company may be increased or decreased by resolution of the Board of Trustees of the Company.

   Matching contributions made for Highly Compensated Employees may be restricted by certain discrimination tests as required by law. Generally, the average rate of matching contributions made for Highly Compensated Employees may not exceed the average rate of matching contributions made for Non-Highly Compensated Employees by more than the greater of (i)125%, (ii) 200%, if the Non -Highly Compensated average rate of matching contributions is less than 2%, or (iii) an additional 2% if the Non-Highly Compensated average rate of matching contributions exceeds 2%. In applying these limits, any matching contributions made for certain family members of a Highly Compensated Employee will be considered as if made for that Employee.

3. **Participant Accounts.** Each participant's account is fixed annually at the valuation date of December 31 by the Board of Trustees. Employment on the Allocation Date is not required in order for an employee to share in the allocation of the Company's matching contribution. If an employee retires at or after his Normal Retirement Date, his account will receive a contribution allocation during the year which he retires, regardless of the number of hours he worked in that Plan year.

4. **Vesting.** Vesting Service is defined as all years of employment with the employer. A year of vesting shall be credited for each year during which the employee is credited with 1000 hours of service.

Top Heavy Vesting Schedule:

Years of Vesting Service	Vested Percentage
Less than 2 years	0%
At least 2	20%
3	40%
4	60%
5	80%
6	100%

Termination Benefits-Vesting: Employees are vested in their Employer Account Balance in accordance with the following schedule:

Years of Vesting Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

5. **Eligibility.** An employee is eligible to participate for purposes of elective deferrals the first day of the month coinciding with or the next following thirty days of service and have attained age 21. Employees will be eligible to participate for purposes of matching contributions when they have completed six (6) months of service and have attained age 21.

6. **Participant Accounts.**

TRUST EARNINGS AND LOSSES

All accounts will be valued at the end of each Accounting Period to determine that fair market value of Plan assets and the increase or decrease in the value of those assets since the preceding valuation date. Each account will receive an allocation of the earnings or losses for each Accounting Period.

This allocation is generally based upon the ratio which the value of the account bears to the value of the Accounts of all Participants at the close of the preceding Accounting Period and after each share of all contributions are allocated to each Account for the prior Accounting Period. However, if an employee has received a distribution or other withdrawal from his account during the period, or if some portion of his account is used to pay expenses directly attributable to him, his share of earnings or losses will be adjusted accordingly.

7. **Benefits.** Benefit payments begin upon retirement, termination, disability, or death.

   a. **Normal Retirement Benefits.** An employee will be eligible to retire and to begin receiving a Normal Retirement Benefit on the Normal Retirement Date, which is age 65 or on the employee's 5th anniversary of joining the Plan, if later.

   b. **Late Retirement Benefits.** If an employee continues to work past his Normal Retirement Date he will be eligible to receive a benefit as of his Late Retirement Date equal to his account balance(s). His benefit must commence no later than the April 1st following the calendar year in which he attains age 70½.

   c. **Disability Benefits.** If an employee becomes disabled while in the employ of the Employer, he will be eligible for a Disability Benefit. The Plan Administrator, before approving the payment of a Disability Retirement Benefit, may require satisfactory proof, in the form of a certificate from a duly licensed physician selected or approved by the Plan Administrator, that the Participant has become disabled as provided by the Plan.

   d. **Death Benefits.** In the event of an employee's death prior to Normal Retirement, the Plan provides for payment of a Pre-retirement Death Benefit.

The summary plan description should be reviewed for a more detailed description of the plan's benefits.

8. **Participant Loans.** Loans to Participants are allowed, subject to terms and conditions set by the Plan Administrator. Generally, the loan must bear a reasonable rate of interest, the loan shall be secured by the Participant's Vested Account Balance(s), all loan applications shall be in writing and principal and interest shall be paid no less often than quarterly. The loan must be repaid within 5 years, unless used for the purchase of a primary residence. No distributions shall be made to a Participant or a designated beneficiary until the unpaid balance of a loan, if any, has been liquidated.

   The total loan shall not exceed $50,000 or, if less, ½ of Vested Interest of the Participant's Account Balance(s). Certain restrictions may also apply if refinancing an existing participant loan. A copy of the loan guidelines currently in effect accompanies this summary. The Company reserves the right to amend, limit or terminate the availability of participant loans by amending the loan guidelines.

   In no event, however, shall a loan be made to a Participant who is an owner-employee (an employee who is self-employed with respect to the business and who owns more than 10% of the capital or profit interest of the business). No loan shall be made to a Participant who is a shareholder-employee owning more than 5% of the stock if the Corporation is a Sub-S Corporation.

9. **Funding Policy.** Faust Distributing Company, Inc. (the Company) has established the Faust Distributing Co., Inc. 401 (k) Savings Plan (hereafter called the Plan), the purpose of which is to provide plan participants with retirement benefits in order to supplement their social security benefits.

   The Plan will also provide benefits to participants who die, who become disabled, or who terminate employment with the Company for reasons other than retirement, death or disability, provided they have accrued a vested interest in their account balanced under the terms of the Plan.

   Since the primary purpose of the Plan is to provide retirement benefits, the primary investment strategy to be followed by the Trustee should stress the security and long-term stability of Plan assets, combined with moderate growth that corresponds to participants' anticipated retirement dates.

Investments should be reasonably diversified in order to prevent asset erosion by inflation. Investments should also provide for sufficient liquid assets to allow the plan to make distributions on short notice to participants who have died or become disabled and are entitled to benefits.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review. Subsequent events were evaluated through October 8, 2015, which is the date the financial statements were available to be issued.

Basis of Accounting. The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates included in these financial statements are those for the fair value of investments. Actual results could differ from those estimates. Estimates may change prior to December 31, 2015.

Investment Valuation and Income Recognition. The fair value of investments is determined by the Plan's investment advisor who uses the services of an investment service bureau. Interest Income is recorded on the accrual basis.

Payment of Benefits. Benefits are recorded when paid.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value	Fair Value Measurements at Reporting Date Using: Quoted Prices In Active Markets for Identical Assets (Level 1)	(Level 3)
December 31, 2014			
Mutual Fund	$ 11,707,236	$11,707,236	$ -0-

Total	$ 13,083,405	$11,203,561	$ 1,879,844

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds in trust accounts are based on quoted market prices from active markets.

Level 3

The investment in Contract with insurance company and the participant loans are not actively traded and significant other observable inputs are not available. The fair value of the Contract with insurance company and the participant loans are determined by the report provided by the custodian of the Contract with insurance company and participant loans.

D. INVESTMENTS

The Plan's investments consisted of mutual funds, participants loans, and other investments for 2014 and 2013. The following table presents the fair value of investments. Investments that represent 5 percent or more of net assets available for benefits are separately identified.

Total investments	$ 13,306,003	$12,719,217

Mutual funds, and insurance contract represented 5 percent or more of net assets available for benefits.

E. DOL LIMITED SCOPE AUDIT

The trustee of the Plan is Prudential Retirement Insurance and Annuity Company at December 31, 2014 and December 31, 2013. In accordance with section 2520. 103-5 of the Department of Labor Regulations, Prudential Retirement Insurance and Annuity Company certifies the investments, earnings and plan activity are complete and accurate for the year ending December 31, 2014 and 2013, respectively.

F. PLAN TERMINATION

Currently there are no intentions to terminate the plan, but the company shall have the right at any time to terminate the Plan. Upon such termination, each Account Balance will become 100% vested and nonforfeitable.

Upon such termination, the Company shall arrange for the allocation of all assets among the Participants. In no event shall any amount contributed to the Plan revert to the Company, except to the extent allowed by law.

G. INCOME TAX STATUS

The plan obtained its latest determination letter on June 2, 1993, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Generally accepted accounting principles require management to evaluate tax positions taken and recognize a tax liability if the entity has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. Management has evaluated the tax positions taken by the Plan and concluded that as of December 31, 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. Management believes the Plan is no longer subject to income tax examinations for years prior to the 2011.

H. CONCENTRATION OF RISK

The employers and employees who contribute to the Plan are located in southeast Texas. A down turn in the economy in this region of the state could adversely affect the Plan.

I. PARTY - IN - INTEREST

Transactions with parties-in-interest consisted of transactions with the Plan's investment manager and the Plan's auditor in the ordinary course of business. Transactions with all parties – in – interest are equivalent to those that prevail in arms-length transactions.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO INTERNAL REVENUE SERVICE FORM 5500 AMOUNTS

The difference between the information in the financial statements and in the assets, liabilities, income, expenses, and changes in net assets reported in Form 5500 are explained below.

There were no differences between the information in the financial statements and the Forms 5500.
