POTAMKIN RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN

The following description of Potamkin Retirement Plan (The Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan, which was started on April 15, 1999, is a defined contribution plan sponsored by PMC, LLC. It covers all active, non-union (unless contract provides for coverage) employees from companies which share ownership with PMC, LLC., who have completed one-half year of service. The plan was amended and restated in its entirety under an ADP prototype, effective on January 1, 2012 and then again on April 15, 2014. subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

A participant's contribution is limited to the lesser of $17,500 or 75% of eligible earnings as defined by Internal Revenue Service (IRS). Annual employer matching contributions are based on a discretionary percentage for each dollar, up to $500 for years 2014 and 2013, of employee contributions. Additional matching contributions are permitted to be made in the same proportions as the mandatory matches among the participants. In addition, the employer may make annual discretionary nonelective contributions to employees relative to employee compensation. All company contributions are made to participants enrolled at the Plan's year-end.

Beginning on April 15, 2014, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

C. Forfeitures

At December 31, 2014, forfeited, non-vested accounts totaled $30,858. Forfeitures of non-vested accounts may first be applied to administrative expenses and any excess may be applied to employer contributions. There was no forfeitures applied to either administration expenses or employer contributions in 2014.

D. Participant Accounts

A participant's account is credited in each year with the contributions and plan earnings, net of administrative contract fees. Allocations of earnings and expenses are based on the participant account balances in the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN (Continued)

E. Vesting

Participants are immediately vested for their contributions and plan earnings attributed to their contributions.

Company contributions are vested in accordance with the following schedule:

Years of Service	Vested Interest Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

F. Investment Options

Currently participants have investment options, all participant-directed, in various mutual funds and common collective trusts, under various investment managers. These funds are invested in domestic and foreign bonds and equity securities, with varying portfolio characteristics.

G. Payment of Benefits

Participants are eligible for distributions after employment termination, hardship, death or disability, as defined. At retirement, a participant may elect to receive a distribution in one lump-sum equal to the value of his or her account or in installments over a period not exceeding the anticipated life expectancy of the participant and/or his or her spouse. At retirement, the Plan reserves the right to pay out in one lump-sum a participant's account that is less than or equal to $5,000.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, except for benefits which are reflected on a cash basis.

B. Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 5 for discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, income, contributions, expenses and required disclosures. Accordingly, actual results may differ from those estimates.

D. Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayment and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

F. Subsequent Events

Management has evaluated subsequent events, according to FASB ASC 855-10 for potential adjustments and disclosures after December 31, 2014 and through October 13, 2015, the date on which the financial statements were available for issuance.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

*Quoted prices for identical assets or liabilities in inactive markets.

*Inputs other than quoted prices that are observable for the asset or liability; and

*Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value using a market approach. There have been no changes in methodologies used at December 31, 2014 and 2013.

Mutual Funds:	Valued at the net asset value (NAV) of shares held by the plan at year-end.

5. FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Trusts:	Valued at the net asset value (NAV) for the underlying shares held by the plan at year-end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

Assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total

5. FAIR VALUE MEASUREMENTS (Continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2014 and 2013, respectively.

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trust (Stable Value Fund)	$1,255,005	N/A	Daily	30 days

December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trust (Stable Value Fund)	$1,670,698	N/A	Daily	30 days

6. PARTICIPANT LOANS

Loans to participants, the amounts of which were certified by the Plan's trustee, are permitted transactions from trust fund assets. Loans must be approved by the trustees and the plan administrator upon written application of the participants. The security for a loan must be adequate in the opinion of the trustee. Interest is charged at the rate of prime plus 1%, which ranged from 4.25% to 6.00%. A loan is limited to the lesser of $50,000 or 50% of the participant's vested balance, which secures the loan.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are units of common collective trusts with mutual fund shares managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid to the plan administration amounted to $2,753.

8. ADMINISTRATIVE EXPENSES

The plan has generally absorbed all administrative costs.

9. DEFERRED BENEFITS PAYABLE

At December 31, 2014 and 2013, there were $1,527,441 and $1,338,766, respectively, in accounts for deferred benefits of individuals who have withdrawn from participation in the plan. These amounts are included in the net assets available for benefits.

POTAMKIN RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

10. EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2014 and 2013, payables of $108,339 and $197,862, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

11. TAX STATUS

The Internal Revenue Service has determined and informed ADP, the administrator, by a letter dated May 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (Code). However, the Plan has been amended since receiving the determination letter. The plan trustee and administrator believe that the Plan is designed and currently being operated in compliance with the applicable requirements under the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal taxing authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by the taxing authorities; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

11. PLAN TERMINATION

The sponsor expects to continue the Plan indefinitely, but reserves the right to terminate or amend it. In the event of plan termination, participants are entitled to receive the entire amount of their account balances.

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Forms 5500:
