NOTE A - DESCRIPTION OF PLAN

The following is a brief description of the MasterBrand Cabinets, Inc. Union Employees Savings Plan (the “Plan”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering hourly paid union employees of MasterBrand Cabinets, Inc. (the “Company”). The Company is a subsidiary of Fortune Brands Home & Security, Inc.

The participants of the Plan are represented in a collective bargaining agreement with the Industrial Local Union No. 2930, an Affiliate of the Carpenters’ Industrial Council of Indiana, United Brotherhood of Carpenters and Joiners of America (“Local 2930”) which expires on November 1, 2017. The Plan automatically enrolls new participants after 30 days of employment, at a contribution rate of 3% of eligible compensation. Eligible employees immediately participate in the Plan at the inception of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The trustee of the Plan is Fidelity Management Trust Company (“Fidelity” or “Trustee”).

The Plan qualifies under Section 401(k) of the Internal Revenue Code (“IRC”), which provides participants with the option to defer taxes on contributions into the before-tax portion of the Plan and on investment earnings until their funds are withdrawn. The IRC contains certain rules and limitations on before-tax contributions and withdrawals from this portion of the Plan.

Contributions

Participants may contribute to the Plan in whole percentage increments up to 60% of their annual compensation. For 2014, participants’ annual tax-deferred contributions are limited by the IRC to \$17,500 for participants under 50 years of age or \$23,000 for participants 50 years of age and over. A participant may contribute a rollover contribution subject to approval, provided it represents a balance from a qualified plan under the IRC, and it is contributed to the Plan within 60 days of the original distribution.

The Plan also provides for Company matching contributions. All participants receive Company matching contributions of 40% of a participant’s contributions up to 5% of eligible compensation. In addition, beginning January 2013 and each January thereafter through the expiration of the collective bargaining agreement, the Company provides a fixed contribution of \$650 to each participant who was vested in the MasterBrand Cabinets, Inc. Pension Plan as of December 31, 2012 and actively employed by the Company on the first workday in January in the year of

contribution. Each participant is permitted to designate the proportion of each contribution to be credited to the various investment options available under the Plan. A participant has, at all times, a fully vested and non-forfeitable interest in his or her account, including Company matching contributions.

Participant Accounts

Participant account balances are maintained to reflect each participant's beneficial interest in the Plan's funds. Participant account balances are increased by participant contributions, including rollovers from other plans and Company matching contributions. Income and losses on Plan assets are allocated to participant's accounts based on the ratio of each participant's amount invested in an investment fund to the total of all participants' account balances invested in that fund. All assets of the Plan are invested in the funds available to the participants. A participant may direct his or her contribution in whole percentages to be invested in one or more of these funds. In the absence of participant direction, the participant's accounts shall be invested in the Fidelity Retirement Money Market Fund.

Payment of Benefits

The amount distributed from a participant's account, upon a participant's retirement, termination of employment, death or disability, may be in the form of a lump-sum payment or annual installments, not to exceed 10 years, as elected by the participant. Normal retirement age under the Plan is 65. Participants may also withdraw their contributions in the event of a financial hardship, as described in the Plan, or upon their attainment of age 59-1/2. Participant loans are not permitted under the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are reflected at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date in the principal or most advantageous market for the asset or liability. Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

The Plan uses a three-tiered hierarchy of inputs to establish a classification of fair value measurements for disclosure purposes. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. An active market for the asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Valuation of Investments – Continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs are unobservable for the asset or liability (including the entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability) and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management uses the following methods and significant assumptions to estimate fair value of investments. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: are valued at the quoted net asset value of the shares held by the Plan at year end, which is obtained from an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables present the Plan's investments by level within the fair value hierarchy as of December 31:

Investment Income

In accordance with the policy of stating investments at fair value, the Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Security transactions are accounted for on the trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income from securities is recorded on the accrual basis.

NOTE D - INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013.

MasterBrand Cabinets, Inc.
Union Employees Savings Plan
PLAN NUMBER: 007, EIN: 13-3346717
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2014 and 2013

NOTE D - INFORMATION CERTIFIED BY TRUSTEE - Continued

- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - TAX STATUS

The Plan is a Fidelity volume submitter plan which is intended to qualify under Code Section 401(a). The Plan has been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Union Employees Savings Plan
PLAN NUMBER: 007, EIN: 13-3346717
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2014 and 2013

NOTE G - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity or an affiliate thereof. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts will be valued as of the termination date and account balances will be distributed as a single lump-sum payment to each participant in accordance with Plan provisions.

NOTE I - SUBSEQUENT EVENTS

Effective January 1, 2015, the Company fixed contribution changed from \$650 to \$300 for each participant who was vested in the MasterBrand Cabinets, Inc. Pension Plan as of December 31, 2012 and actively employed by the Company on the first workday in January in the year of contribution.

Effective February 2, 2015, the Company matching contribution of 40% of a participant's contributions up to 5% of eligible compensation changed to 50% of a participant's contributions up to 6% of eligible compensation.

Beginning in May 2015, the Plan will include an automatic increase program for participant's contributions. If a participant is actively contributing between 1% and 5% of eligible compensation as of May 1 of each year, the participant's contribution will be increased by 1% up to a maximum of 6%. Participants may elect out of the automatic increase program at any time.

Management of the Plan has evaluated subsequent events from December 31, 2014 through October 12, 2015, the date these financial statements were available to be issued. Other than previously disclosed, there were no subsequent events that require recognition or additional disclosure in these financial statements.
