1. Description of the Plan

The following description provides general information on the provisions of the CC Industries and Affiliates Retirement Savings Plan for Salaried Employees (the "Plan"), a multiple-employer plan, sponsored by Henry Crown and Company, d/b/a CC Industries, Inc., (the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution (401k) plan, was established effective October 1, 1965. The Plan currently covers all salaried employees of the Company, Longview Asset Management, LLC and all employees of Golden Oaks Farm (each as "Employer") who have completed 30 days of service with no minimum age requirement.

Effective October 1, 2012, the Plan was amended. The Plan's nonparticipant-directed profit sharing segment and related assets were transferred to a new, stand-alone plan established as the CC Industries and Affiliates Profit Sharing Plan for Salaried Employees.

The Plan also covers employees of the following discontinued or sold operations, some of whom continue to maintain account balances in the Plan:

- Woodard, LLC
- University Exchange Corporation
- Petroleum and marine operations
- CHF Industries, Inc. including its Aberdeen, Cameo and Joanna Divisions
- American Envelope Company and its various divisions
- Independent Cellular Network Group

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

The Plan provides for participating employees to elect to make, through payroll deductions, a pre-tax salary deferral contribution of between 1% and a maximum of 50% of eligible compensation (not to exceed the annual contribution limit, as set by the Internal Revenue Service, ("IRS")). Each Employer has a discretionary pre-tax matching contribution. Currently, the discretionary match is 50% of the first 6% of the employee's eligible compensation, as defined. The matching contribution for employees of Golden Oaks Farm is equal to 50% of the first 5% of the salary deferral contribution of active participants.

Golden Oaks Farm makes a supplemental contribution of 3% of each eligible employee's compensation each year. In addition, Golden Oaks Farm may make supplemental discretionary contributions for certain non-highly compensated employees who attained age 51 by January 1, 2002.

Until January 1, 1989, the Plan also provided for participating employees to elect to make after-tax savings contributions. Some employees retain after-tax account balances.

Description of the Plan - Continued

Vesting
A participant is always 100% vested in pre-tax salary deferral contributions, Employer matching contributions and rollover contributions. Eligible employees of Golden Oaks Farm become 20% vested in the supplemental contribution of 3% after completion of two years of service (as defined) and continue to vest annually until 100% vesting is attained after six years of service. The supplemental discretionary contributions for certain non-highly compensated Golden Oaks Farm employees who attained age 51 by January 1, 2002, are always 100% vested.

Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of (1) the Employers' contributions, (2) investment earnings and losses after allocation of investment management fees and (3) forfeitures of terminated participants' nonvested accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures
Forfeited nonvested accounts are reallocated to current participants in the same manner as the Employers' contributions. Forfeiture balances as of December 31, 2014 and 2013 amounted to $3,516 and $2,973, respectively. Forfeitures in the amount of $2,973 and $2,801 were reallocated to participants during 2014 and 2013, respectively.

Investment Options
The Company administers the Plan. Principal Trust Company ("Principal") is the trustee of the Plan. Principal Financial Group is the recordkeeper of the Plan.

Participants self direct the investment of their accounts into registered investment company funds and a pooled separate account offered by the Plan with the option to reallocate account balances on a daily basis. Investments in the pooled separate account are permitted only one transfer out of the account every 30 days; however, transfers or contributions into the pooled separate account are permitted to be made on a daily basis. The pooled separate account invests the majority of assets in common stocks of companies that comprise the S & P 500 Index.

Notes Receivable from Participants
Participants (except for Golden Oaks Farm) may borrow from their vested account balance a minimum of $1,000, up to a maximum equal to the lesser of 50% of their total vested account balance or $50,000. Interest on these notes is charged at prime plus 1%, at date of the note, and the balance generally must be repaid over five years, or fifteen years if the note is used for the purchase of a primary residence. Interest on outstanding notes ranged from 4.25% to 9.25% and 4.25% to 9.50% at December 31, 2014 and 2013, respectively.

Description of the Plan - Continued

Payment of Benefits
On termination of service, retirement or total and permanent disability, a participant may elect to receive payment in the form of either a lump-sum distribution, annual installments or a direct rollover to an Individual Retirement Account ("IRA") or another IRS qualified plan equal to the value of the participant's vested account. Participants with vested account balances of $5,000 or more, excluding rollover balances, can take a distribution or defer the distribution. Participants with a vested account balance, excluding rollover balances, greater than $1,000 but less than $5,000 must make a distribution election within 60 days otherwise the balance is automatically rolled to an IRA. Balances of $1,000 or less but greater than $100 require a distribution election within 60 days otherwise a check is issued for the balance. Balances less than $100 are issued a check. Under Federal law, benefit payments must begin on the April 1st following the calendar year in which the participant reaches age 70 ½. Employees who are working at age 70 ½ can defer a distribution of their account.

Benefit payments received before age 59 ½ may be subject to a 10% tax penalty unless the amount is rolled over. In the event of death, the participant's beneficiary will receive a lump-sum distribution.

Administrative Expenses
Expenses of administration, such as legal, accounting, recordkeeping and trustee fees, are paid entirely by the Company. Investment management fees are paid from the accounts of participants. Initial note processing fees are deducted from the participant's account balance.

Plan Termination
Although they have not expressed any intent to do so, each Employer has the right under the Plan to discontinue their contributions at any time and the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will be fully vested in their accounts and the trustee will distribute Plan assets to participants or their beneficiaries in accordance with the Plan agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events
Events or transactions occurring after the period end through September 3, 2015, the date that the financial statements were available to be issued, have been evaluated in the preparation of the financial statements.

Summary of Significant Accounting Policies - Continued

Valuation of Investments and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments
Net realized and unrealized appreciation (depreciation), which includes gains and losses on investments bought and sold, as well as held during the year, is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants
Delinquent notes receivable from participants are reclassified as distributions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits
Benefits are recorded when paid.

Recent Accounting Pronouncements
In December, 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") Update, 2011-11, *Disclosures about Offsetting Assets and Liabilities*, which provides guidance on disclosure requirements for offsetting financial assets and liabilities. The retrospective application of this guidance was effective for annual periods beginning January 1, 2013 and did not have a material effect on the Plan's financial statements.

In May, 2015, FASB issued ASC Update, 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to include investments measured using the net asset value ("NAV") practical expedient in the fair value hierarchy. The retrospective application of this guidance is effective for annual periods beginning in 2017. Plan management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

In July, 2015, FASB issued ASC Update, 2015-12, (*Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient,* which requires: 1.) fully benefit-responsive investment contracts be measured only at contract value, 2.) disaggregation of plan assets only by general type of investment and 3.) measurement of plan assets on the closest month-end date to the plan's fiscal year-end. The application of this guidance is effective for annual periods after December 15, 2015. Plan management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

3. Investments

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

Description of Investments	2014	2013
Pooled Separate Account		
Principal Large Cap S & P 500 Index Fund	$ 16,683,652	$ 16,075,962
Registered Investment Companies		
American Funds - EuroPacific Growth	4,576,453	4,639,757
Columbia Acorn Z Fund	5,933,222	6,374,938
CRM Small/Mid Cap Value Fund	7,089,677	6,577,126
Mutual Shares A Fund	*	2,809,462
Vanguard Prime Money Market Fund	5,365,636	6,419,234

* Below 5 % threshold

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate account	$ 2,022,118
Registered investment company funds	801,398
	$ 2,823,516

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

4. Fair Value

The Plan follows guidance defined in ASC, *Fair Value Measurement (Topic 820)*, which provides a framework for measuring fair value under GAAP. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted market prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are valued at fair value using the following methodologies:

- **Registered investment companies:** valued at NAV per share, using available inputs to measure fair value by such companies or funds, for shares held by the Plan at year-end. Generally, mutual funds have a quoted market price in an active market.

- **Pooled separate account:** valued at the NAV of the underlying investments comprising the pooled account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value - Continued

The following table presents the Plan's investment assets measured at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Registered investment companies				
Asset allocation	$ 7,314,595	$ -	$ -	$ 7,314,595

Mid cap	13,022,899	-	-	13,022,899
Money market	5,365,636	-	-	5,365,636
Pooled separate account	-	16,683,652	-	16,683,652
Total assets at fair value	$ 39,994,157	$ 16,683,652	$ -	$ 56,677,809

For comparative purposes, the following table presents the Plan's investment assets measured at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Registered investment companies				
Asset allocation	$ 6,505,124	$ -	$ -	$ 6,505,124
Fixed income	3,352,213	-	-	3,352,213
International	4,639,757	-	-	4,639,757
Large cap	4,637,928	-	-	4,637,928
Mid cap	12,952,064	-	-	12,952,064
Money market	6,419,234	-	-	6,419,234
Pooled separate account	-	16,075,962	-	16,075,962
Total assets at fair value	$ 38,506,320	$ 16,075,962	$ -	$ 54,582,282

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan does not hold any investments requiring Level 3 measurements and there have not been any transfers of assets between the levels from 2013 to 2014.

5. Income Tax Status

The IRS has determined and informed the Company in a letter dated February 12, 2014, that the Plan as amended and restated effective January 1, 2012, is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the restatement date, the Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2014. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2011.

6. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair market value, and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits.
- Interest and dividend income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Net appreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2014.
- Investment and investment income amounts as shown in Notes 3 and 4.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Related-Party Transactions

Certain Plan investments are managed by Principal. Principal is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan document provides for notes receivable from participants, which also qualify as party-in-interest transactions.
