RESOURCE BANK PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - PLAN DESCRIPTION

The following description of the Resource Bank Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Resource Bank N.A. ("Bank") who have one year of service, worked 1,000 or more hours, and attained the age of 21. Employees may enter the Plan on January 1 or July 1 following their meeting of these eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation not to exceed the limits set by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan currently offers several mutual funds and a money market fund as investment options for participants. The Bank may make matching contributions equal to a discretionary percentage, to be determined by the Bank's Board of Directors. For the years ended December 31, 2014 and 2013, the matching contribution was 50 percent of the first 2 percent of eligible compensation deferred. Additional profit sharing amounts may be contributed at the option of the Bank's Board of Directors. The profit sharing contribution was $71,466 and $97,621 for the years ended December 31, 2014 and 2013, respectively. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution and the Bank's matching contribution, (b) an allocation of the Bank's profit sharing contributions and Plan earnings, and (c) charged with an allocation of expenses in connection with benefit payments and notes receivable from participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Vesting in the employer match and profit sharing portions of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service in accordance with the following table:

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Vesting (Continued)

Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

In the event of death or disability, the participant's share in the Plan becomes fully vested and nonforfeitable.

Notes Receivable from Participants

Participants may borrow from their account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the participant's vested account balance and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Loans must be repaid through payroll deductions within five years, unless the loan is used to purchase a primary residence. Participants are allowed a maximum of three outstanding loans at any given point in time.

Payment of Benefits

Payments of benefits are made upon normal retirement age (age 55), disability, death, termination of employment, or attainment of age 59-1/2 and still employed. If a participant's account balance does not exceed $1,000, the Trustee will distribute the balance in a lump sum as soon as administratively practicable. If a participant's account balance is between $1,000 and $5,000, the trustee will distribute the balance in a lump sum or roll it over to an individual retirement account (IRA) that is established for the participant. However, if a participant's account balance exceeds $5,000, the Plan will commence distribution at the participant's written request and in a lump sum.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited nonvested accounts totaled $613 and $671, respectively. These amounts may be used to reduce future employer contributions, to pay the Plan's administrative expenses, or may also be allocated to the remaining participants in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Bank pays all of the administrative expenses of the Plan except for administrative expenses incurred in conjunction with early withdrawals, participant requested services, and loan distributions (which are paid by participants).

Subsequent Events

Management and the Plan administrator evaluated subsequent events through October 2, 2015, the date the financial statements were available to be issued.

NOTE 3 - CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable from participants for the years ended December 31, 2014 and 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus Trust Company (formerly known as Frontier Trust Company), the trustee of the Plan.

NOTE 4 - INVESTMENTS

The following presents the fair value of individual investments that represent 5 percent or more of the Plan's net assets as of December 31:

	2014	2013
American Funds Capital World Growth and Income	$ 1,919,243	$ 1,823,370
American Funds American Balanced	1,502,729	1,444,714
American Funds Fundamental Investors	1,548,454	1,418,474
American Funds New Perspective	1,502,802	1,439,097
American Funds Capital Income Builder	647,014	572,134
American Funds Small Cap World Fund	549,699	598,183
American Funds Investment Company of America	689,302	558,068
American Funds Washington Mutual Investors Fund	557,459	559,198

During the years ended December 31, 2014 and 2013, the Plan's investments in the mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $390,199 and $1,689,321, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets:
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds and money market funds: Valued at the net asset value ("NAV") based on quoted markets in active markets of shares held by the Plan at year end.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan paid for certain administrative and investment fees during the Plan year.

Ascensus Trust Company (formerly known as Frontier Trust Company) is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $1,890 and $1,200 for the years ended December 31, 2014 and 2013, respectively. Fees for the administration and the audit of the Plan were paid by the Bank.

NOTE 8 - PLAN TAX STATUS

The Employer has adopted a nonstandardized prototype plan designed by Ascensus, Inc. The Internal Revenue Service (IRS) has determined and informed Ascensus, Inc., by a letter dated March 31, 2008, that their prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS, but the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes is included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
