INDEPENDENT AUDITORS' REPORT

Carestar, Inc.
Employee Stock Ownership Plan
Cincinnati, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of Carestar, Inc. Employee Stock Ownership Plan, which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Carestar, Inc. Employee Stock Ownership Plan as of December 31, 2014, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The financial statements of the Plan as of December 31, 2013, were audited by other auditors whose report dated September 24, 2014, expressed an unmodified opinion on those statements.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule, Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CARESTAR, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Carestar, Inc. Employee Stock Ownership Plan is provided for general information purposes only. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

Carestar Holdings, Inc. (the Company) established the Carestar, Inc. Employee Stock Ownership Plan (the Plan) effective as of January 1, 2000. The Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the ESOP Committee of Carestar Holdings, Inc., which is appointed by the Board of Directors. During 2014, the President of Carestar Holdings, Inc. was the Plan's trustee. In June 2015, the Plan changed to an independent third party trustee.

The Plan purchased Company common shares using the proceeds of a loan from the Company, and holds the stock in a trust established under the Plan. The borrowing is to be repaid over a period of ten years by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal and interest, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Code.

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2014 and 2013 and the years then ended, present separately the assets and liabilities and changes therein pertaining to the following: a) the accounts of employees with vested rights in allocated common stock (allocated) and b) common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan after they attain age 19 and 1,000 hours of service in the 12 month period following the date an employee first achieves an hour of service. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Employer Contributions

The Company makes contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to provide liquidity for participant withdrawals and enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

Payment of Benefits

Distributions on account of death, disability, retirement, or other reasons are made in a lump sum or substantially equal installment payments over five years. The amount to be distributed is based upon the account valuation date immediately preceding the distribution. Distributions are made in cash or, if a participant elects, in the form of Company common stock.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

If a participant account balance is \$5,000 or less, the participant will receive their benefit in lump sum unless they elect to roll it into an IRA. If the account balance is more than \$5,000, the participant must remain in the Plan and delay payment of their benefit.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. During 2014, the Company did not repurchase any shares from participants.

Administrative Expenses

As provided by the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Plan has historically paid the operating expenses for the Plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the ESOP Committee will direct the Trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Shares vest upon allocation as follows:

<u>Years of Vesting Service</u>	<u>Vested %</u>
< 3 Years	0%
3 Years	20%
4 Years	40%
5 Years	60%
6 Years	80%
7+ Years	100%

However, if a participant dies, attains normal retirement age, or terminates employment due to disability, all amounts in the affected participant's account become fully vested. A year of vesting service occurs when an individual has at least 750 hours of service within a Plan year.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage may be changed to 50%. During 2014 and 2013, eligible participants elected to diversify \$196,355 and \$193,001, respectively. These amounts are included in the distributions to participants on the Statement of Changes in Net Assets Available for Benefits.

Forfeitures

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2014 and 2013, totaled \$152,010 and \$61,555, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The process of preparing financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results differ from estimated amounts.

Investment Valuation and Income Recognition

The common shares of the Company are valued at fair value on December 31, 2014 and 2013. Fair value is determined by an annual independent appraisal. See the Fair Value Measurement note for discussion.

Money market funds and bonds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 19, 2013, stating that the Plan is qualified, under the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitation and remain subject to review and change. Neither the Plan nor the Company is currently under audit nor have they been contacted by any taxing authority.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Plan management has evaluated subsequent events through September 30, 2015, which is the date the financial statements were available to be issued.

NOTE 3 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist of Company common shares, bank money market funds and mutual funds, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE 4 - INVESTMENTS

The following table presents the fair value of the common shares of Carestar Holdings, Inc. at December 31, 2014 and 2013. Carestar Holdings, Inc. common shares represent more than 5% of net assets at December 31, 2014 and 2013.

NOTE 5 - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, provided a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices that are observable for the asset or liability and inputs that derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Sponsor Company Common Stock - Valued at estimated fair value based upon an independent appraisal. This appraisal is based upon a combination of the market and income valuation techniques. The appraiser took into account historical and projected cash flows and net income, return on equity, market comparables and estimated fair value of Company assets and liabilities.

Money Market Fund & Mutual Funds - Valued at the Net Asset Value (NAV) of shares held by the Plan at year end.

NOTE 5 - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. These are related party and party-in-interest transactions. As described in the Description of Plan and Administration of Plan Assets notes, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA.

NOTE 7 - NOTES PAYABLE

In 2005, the Plan issued notes payable to certain Company stockholders totaling \$6,710,070 in exchange for 3,000 shares of Company stock. Unallocated shares are collateral for the notes payable. The notes bear interest at a rate of 6.75% and are to be repaid over ten years. At December 31, 2014 and 2013, the principal balance was \$852,456 and \$1,651,010, respectively, and interest accrued on the principal was \$57,540 and \$111,576, respectively.

The notes payable matured with final principal and interest payments of \$909,997 in January, 2015.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2014 and 2013, and the (decrease) increase in net assets available for benefits for the years ended December 31, 2014 and 2013 to Schedule H of Form 5500.
