### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. ### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

#### ***Note A – Description of Plan***

The following description of the Gurwitch Products, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution 401(k) plan covering all eligible employees of Gurwitch Products, LLC (Company), the Plan's sponsor. A full-time employee becomes eligible to participate in the Plan after attaining 90 days of service and a part-time employee after completion of one year of eligibility service (1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Participants may elect to make contributions to the Plan through payroll deductions from each participant's compensation, as defined, subject to statutory limitations. The Plan also allows participants to transfer funds from other employer qualified plans into the Plan. Automatic payroll deferrals of 3% will be made for eligible employees not currently participating in the plan, unless an alternate election is made. Automatic payroll deductions shall be automatically increased by 1% on each employee's anniversary date, unless the increase results in a deduction rate greater than 6% or an alternate election is made.

For the years ended December 31, 2014 and 2013, the Company made a matching contribution of 100% of the elective contributions up to the first 1% of compensation, plus 50% of elective contributions in excess of 1%, up to 6% of compensation.

#### **Plan Operations**

The Company has appointed Fidelity Management Trust Company (Trustee) to serve as Trustee and the Company to act as plan administrator. The Trustee is responsible for holding the investment assets of the Plan, executing investment transactions and making distributions to participants. The plan administrator is responsible for interpreting and communicating the provisions of the Plan, and ensuring that all government and participant reporting requirements are fulfilled.

GURWITCH PRODUCTS, LLC 401(k) PLAN  
December 31, 2014 and 2013

### ***Note A – Description of Plan (Continued)***

#### **Participant Accounts**

Individual accounts are maintained for each participant, with benefits limited to the amount contributed to the participant's account plus or minus any allocation of income, expenses, gains, or losses. Allocations to participant accounts are based on compensation or account balances, as specified by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan allows a participant to self-direct investment transactions associated with separate investment fund options made available by the employer for this purpose.

#### **Vesting**

Participants are 100% vested in their elective contributions, nonelective contributions, qualified matching contributions and any transfer account or rollover account. Vesting in the employer matching account is based on years of continuous service, as follows:

| <u>Years of Service</u> | <u>Vesting Percentage</u> |
|-------------------------|---------------------------|
| Less than 2 years       | 0%                        |
| 2 years or more         | 100%                      |

A participant also becomes fully vested if the participant dies or becomes disabled while employed or upon attainment of normal retirement age.

#### **Loans to Participants**

Under certain conditions, a participant may obtain a loan from the Plan. A participant's loan cannot exceed the lesser of \$50,000 or one half of the participant's nonforfeitable interest in the Plan. The loan will bear a reasonable interest rate, be adequately secured, and not exceed a period of five years (or longer if secured by principal residence). Principal and interest is paid ratably through payroll deductions.

#### **Payment of Benefits**

On termination of service a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Terminating participants may also elect to receive installment payments over a period of time not to exceed the participant's life expectancy or joint life expectancy if the participant is married. In-service withdrawals are permitted upon attaining age 59½ or in cases of financial hardship.

### ***Note A – Description of Plan (Continued)***

#### **Costs and Expenses**

Certain trustee/custodian fees, transaction fees, and other administrative expenses are paid by the Plan and are based on reasonable and customary rates. Certain other costs and expenses incurred in connection with the operation of the Plan are borne by the Company.

#### **Forfeited Accounts**

Forfeited balances of terminated participants' nonvested employer account balances are used to reduce employer matching contributions or to pay plan expenses. The balance in the forfeiture account at December 31, 2014 and 2013 was \$3,768 and \$31,857, respectively. During the year ended December 31, 2014, forfeitures of \$44,537 were used to reduce employer contributions.

### ***Note B – Summary of Accounting Policies***

#### **Basis of Accounting**

The financial statements of the Plan are prepared using the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

#### **Investments**

Investments are reported in the Plan's financial statements at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

### ***Note B – Summary of Accounting Policies (Continued)***

#### **Investment Contracts**

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Assets Available for Benefits present the fair value of the common/collective trust fund, which participates in such investment contracts, as well as the adjustment of the common/collective trust fund from fair value to contract value. The Statements of Changes in Assets Available for Benefits are prepared on a contract value basis.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document; therefore, an allowance for credit losses is not considered necessary at December 31, 2014 and 2013.

#### **Income Recognition**

Income from interest is recorded as it is earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation or depreciation of investments is determined using the value at the beginning of the year or purchase price if acquired since that date. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common/collective trust fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

#### **Benefits**

Benefits are recorded when paid.

#### **Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 3, 2015, which is the date the financial statements were available to be issued.

### ***Note C – Fair Value Measurements***

The Plan's investments are reported at fair value in the accompanying statements of assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs are unadjusted quoted prices in active markets for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets and liabilities in markets that are not active
- other inputs that are observable or can be corroborated by observable market data
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs are generally unobservable and significant to the fair value measurement. Such inputs typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability, including certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

*Mutual funds:* Valued based on quoted net asset values (NAV) of the shares held by the Plan on the last business day of the Plan year.

***Note C – Fair Value Measurements (Continued)***

*Fidelity Managed Income Portfolio Class II (held at December 31, 2014):* Valued by the trustee sponsoring the fund at NAV by dividing the trust's net assets at fair value by its units outstanding at the valuation dates.

The fund invests in assets, typically fixed income securities or bond funds and may include derivative instruments such as futures and swap agreements. The fund also enters into wrap contracts issued by third parties and invests in cash equivalents represented in shares in a money market fund. The fair value of the net assets within the fund are determined by 1) the quoted market price, when available; 2) investments in wrap contracts are valued using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities; and 3) underlying debt securities are valued at the most recent bid prices in the market which the security is normally traded when quotations are readily available. When quotes are not available, the trustee values the assets through the use of valuation models. If prices are not readily available, or the security has been materially affected by events occurring after the close of the market, that security may be valued by another method the Trustee believes accurately reflects fair value. The Plan has no contractual obligation to further invest in this fund. There are certain restrictions as to the redemption of the investment which based upon their nature are not deemed to be significant for disclosure purposes.

*FFTW Income Plus fund (held at December 31, 2013):* Valued at NAV based on fair values of underlying investments. Underlying investments include the following:

- Money market funds – valued at NAV
- Guaranteed investment contracts (GICs) – valued by the fund's trustee based on the present value of each contract's expected cash flows, discounted at current market interest rates for like quality and duration investments
- Synthetic GICs – valued by the fund's trustee based on fair values of underlying securities as determined by independent pricing sources, plus wrap contracts which are valued based on expected cash flows

The fund provides for daily redemptions by participants at contract value with no advance notice requirement. Its investment objective is to preserve invested principal while providing a competitive current rate of return. Because the fund's trustee does not report quantitative information regarding significant unobservable inputs to Plan management, such inputs are likewise not disclosed herein.

December 31, 2014 and 2013

#### *Note C – Fair Value Measurements (Continued)*

##### **Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2014 and 2013, there were no significant transfers in or out of levels 1, 2 or 3.

#### *Note D – Investments*

The following table presents the fair market values of investments at December 31, 2014 and 2013. Investments that represent 5% or more of the Plan's assets are separately identified. Investments that do not represent 5% or more of the Plan's assets are designated with an asterisk (\*).

During the years ended December 31, 2014 and 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by (\$194,436) and \$992,796, respectively.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of assets available for benefits.

## NOTES TO FINANCIAL STATEMENTS

GURWITCH PRODUCTS, LLC 401(k) PLAN  
December 31, 2014 and 2013

### ***Note E – Information Certified by Trustee***

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2014 and 2013, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

### ***Note F – Party-In-Interest Transactions***

Certain plan investments are shares of Fidelity mutual funds. Fidelity Management Trust Company is the trustee of the plan and therefore these transactions qualify as party-in-interest transactions. Fees paid for investment management of these funds are included in the net appreciation (depreciation) in fair value at December 31, 2014 and 2013. Fees paid by the Plan to parties-in-interest for services rendered to the Plan were \$1,649 and \$1,671 for the years ended December 31, 2014 and 2013, respectively. Such fees were based on reasonable and customary rates.

### ***Note G – Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

### ***Note H – Tax Status***

The Plan obtained its latest determination letter dated June 7, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
