NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN

The following description of Diversified Glass Services, Inc. Employees' 401(k) Savings Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was most recently restated effective January 1, 2015 to allow for immediate eligibility for participants, monthly entry into the Plan, and an automatic enrollment feature, is a defined contribution plan with a 401(k) elective deferral arrangement, which covers substantially all employees of Diversified Glass Services Inc., Henderson Glass Inc., and Great Lakes Claims Service (collectively the "Company" and "Plan Sponsor"), meeting the eligibility requirements of the Plan. The January 1, 2015 restatement supersedes the requirements in effect for the year ended December 31, 2014, discussed below. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Company is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees who have provided one year of service and reached 21 years of age are eligible to participate in the 401(k) elective deferral arrangement portion of the Plan and are also eligible for the discretionary employer matching contribution and discretionary employer profit sharing contribution. Eligible participants may enter the Plan on the first day of the Plan year quarter following the date the eligibility requirements are met.

Contributions

Contributions to participant accounts are made by employees through tax-deferred salary deductions and by the Company from its earnings, at the discretion of management. Participants may voluntarily contribute up to 100% of their pre-tax compensation, not to exceed Internal Revenue Code ("IRC") limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis and change contribution percentages quarterly. Employees may directly "roll over" their assets from a qualified plan at a previous employer and transfer the assets into their Plan account.

The Company may elect to make a discretionary matching contribution and/or profit sharing contribution. If elected, both the matching and profit sharing contributions are determined by the Company. The Company elected not to make a discretionary matching or profit sharing contribution for the Plan years ended December 31, 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS, Continued

NOTE A: DESCRIPTION OF PLAN, Continued

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and earnings thereon are 100% vested at the date of contribution. Upon the attainment of age 59-1/2 or termination of employment, death, or disability, participants are entitled to receive the vested balance in their account. Participants are vested in the Company's discretionary contributions and earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-2	0%
3 or more	100%

Vesting service is equal to the number of Plan years in which a participant works at least 1,000 hours.

In the event of attainment of death or disability of a participant, as defined in the Plan document, Company contributions fully vest.

Forfeitures

Forfeitures are first used to pay Plan expenses with any remaining amounts allocated to all participants eligible to share in the allocation of profit sharing contributions in the same proportion that each participant's compensation for the Plan year compares to the compensation of all participants for such year. There were no forfeiture account balances as of December 31, 2014 and 2013.

Notes Receivable from Participants

Participants may borrow from the Plan an amount up to the lesser of one-half of their total vested account balance or \$50,000. The loans are secured by the balance in the Participant's account. Loans bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. The interest rates relating to notes receivable was 4.25% for the years ended December 31, 2014 and 2013. Principal and interest payments are made through payroll deductions over a term not to exceed five years except for home purchase loans, which can be for terms consistent with normal mortgages.

Distributions and Withdrawals

Distributions and withdrawals are allowed upon attaining the early retirement age of 55, disability, death or termination of employment. A participant or their beneficiary may elect to receive a lump-sum distribution of their total vested account balance, subject to minimum distribution requirements by the IRC. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Changes in Accounting Policies

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC 820"), *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the elimination of investments of \$565,287 at December 31, 2013 from categorization within the fair value hierarchy of Note D.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement date Practical Expedient—consensuses of the Emerging Issues Task Force*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is not applicable to the Plan. Management has elected to early adopt Parts I and II. Accordingly, the amendments were retrospectively applied resulting in the elimination of the \$5,961 reduction to reflect these investments at contract value on the statement of net assets available for benefits as of December 31, 2013, and the related fully-benefit responsive footnote disclosures. Early adoption of ASU 2015-12 also allows for the retroactive simplification of certain investment footnote disclosures.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America periodically requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures presented in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan trustee. See Note D for fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Gains and losses on sales of investments are based on average cost. Dividend income is recorded as earned on an accrual basis. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred.

Delinquent notes receivable are reclassified as deemed distributions based upon the terms of the Plan document. The Plan Administrator considers a note receivable from a participant to be delinquent if any scheduled repayment remains unpaid at the end of the period specified in the separate note receivable document or if there is an outstanding principal balance existing on a note receivable from a participant after the last scheduled repayment date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments. For further discussion, see Note E.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Excess Contributions Payable

Excess contributions payable are amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") and are recorded as a liability on the accompanying statement of net assets available for benefits and included as a reduction of participant contributions on the statement of changes in net assets available for benefits. The Plan distributed the 2014 excess contributions to the applicable participants in February 2015.

Subsequent Events

The financial statements were approved and authorized for issue by management on October 13, 2015. All events and transactions through October 13, 2015 were evaluated by management for potential recognition and disclosure in the financial statements.

NOTE C: CERTIFICATION OF INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial N.A. ("Alerus") has certified that the following data included in the financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as shown on the statements of net assets available for benefits as of December 31, 2014 and 2013.
- Investment income, interest on notes receivable from participants, participant contributions, benefits paid to participants, and administrative expenses, as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2014.

NOTE D: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of observable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

**DIVERSIFIED GLASS SERVICES, INC.
EMPLOYEES' 401(k) SAVINGS PLAN & TRUST**

NOTES TO FINANCIAL STATEMENTS, Continued

NOTE D: FAIR VALUE MEASUREMENTS, Continued

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, as such:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. Other than the elimination of the contract value adjustment NAV after the accounting policy changes (Note B), there have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment funds: Valued at the NAV of units in a bank or insurance company collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The estimated value of the collective investment trust funds is NAV and is considered level 2. The use of NAV as fair value is deemed appropriate as the collective investment funds do not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

**DIVERSIFIED GLASS SERVICES, INC.
EMPLOYEES' 401(k) SAVINGS PLAN & TRUST**

NOTES TO FINANCIAL STATEMENTS, Continued

NOTE D: FAIR VALUE MEASUREMENTS, Continued

Stable value collective trust funds: A stable value fund that is composed primarily of fully benefit responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The table on the following page sets forth by level, within the fair value hierarchy, the Plan's investments at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Transfers between Levels

For the year ended December 31, 2014 there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3. As discussed in Note B, with the adoption of ASU 2015 – 12 and ASU 2015 – 07, investments reflected with Level 2 fair value of \$565,287 at December 31, 2013 have been presented as Investments measured at net asset value in the fair value table above as of December 31, 2013. In addition, the adjustment from fair value to contract value of \$(5,961) to determine net assets available for benefits as of December 31, 2013 has been eliminated.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2014 and 2013, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment funds	\$ 119,379	N/A	Daily	1 Day
Stable value collective trust fund	\$ 452,428	N/A	Daily	1 Day
December 31, 2013	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment funds	\$ 120,958	N/A	Daily	1 Day
Stable value collective trust fund	\$ 444,329	N/A	Daily	1 Day

NOTE E: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of collective investment funds managed by and receiving advisory services from Alerus. Alerus is the trustee of the Plan; therefore, these transactions, as well as the asset management fees paid by the Plan, qualify as party-in-interest transactions. For the year ended December 31, 2014, the Plan made direct payments to Alerus of \$33,574.

NOTES TO FINANCIAL STATEMENTS, Continued

NOTE E: PARTY-IN-INTEREST TRANSACTIONS, Continued

Certain expenses, including salaries and services required for Internal Revenue Service ("IRS") reporting, related to the administration of the Plan are paid by the Company. The Company is the sponsor of the Plan; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2014, Company payments on behalf of the Plan totaled approximately \$11,000.

NOTE F: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan subject to the provisions of ERISA. Upon termination, participants would be 100% vested in their employer contributions.

NOTE G: INCOME TAX STATUS

The Plan is a prototype plan sponsored by PensionTrend, Inc. The IRS has determined and informed PensionTrend, Inc. by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2011.

NOTE H: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, collective investment funds or a stable value collective trust fund. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in assets available for benefits.
