INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Superior Health Linens 401(k) Plan
Cudahy, Wisconsin

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Superior Health Linens 401(k) Plan (the "Plan") which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Associated Trust Company N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statement and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

An Affirmative Action Equal Opportunity Employer

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter - Supplemental Information

The supplemental schedules of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, as of December 31, 2014, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2013 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Associated Trust Company N.A., the trustee of the Plan. Their report dated October 2, 2014, indicated that (a) because of the significance of the information they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statement other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with U.S. GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SUPERIOR HEALTH LINENS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2014 and 2013 and for the Year Ended December 31, and

NOTE 1 - Description of the Plan

The following description of the Superior Health Linens 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Superior Health Linens (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. All employees who have completed at least six months of service with the Company, as defined in the plan document, and are age 21 or older are eligible to participate. Eligible employees may enter the Plan on the first day of each calendar quarter, coinciding with or immediately following the attainment of these elegibility requirements. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

The Company makes safe harbor matching contributions equal to 100% of the participant's deferral up to 3% of their eligible compensation, plus 50% of the participant's deferral between 3% and 5% of their eligible compensation. The Company may also make discretionary matching, profit sharing and/or qualified non-elective contributions. No discretionary matching, profit sharing, or qualified non-elective contributions were made for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction, rollover contributions, the Company's safe harbor matching, discretionary matching and qualified non-elective contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company discretionary profit sharing contributions and earnings thereon are vested 20% upon one full year of service. The participant then vests at the rate of 20% for each year thereafter, becoming fully vested upon completion of five full years of service.

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

Forfeited non-vested accounts are used to offset administrative expenses and Company contributions. Company contributions were reduced with forfeitures by $1,862 for the year ended December 31, 2014. There was no balance remaining in the forfeitures account as of December 31, 2014 and 2013.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. On termination of sevice due to death, diability, or retirement, a participant or beneficiary may elect to receive either a lump sum payment equal to the vested value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of service due to other reasons, a participant may receive the vested value of their account as a lump sum distribution. Participants experiencing financial hardship may withdraw a portion of their account balance as defined by the plan document. In-service withdrawals can begin at age 59 1/2.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These notes are secured by the balance in the participant's account. Participants may have a maximum of two notes outstanding at one time. Note terms range from one to five years or up to fifteen years for the purchase of a primary residence. The notes bear interest at a rate of 5.25% at December 31, 2014 and 2013, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan pays substantially all of the Plan's administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principals generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's mutual funds are valued at fair value using quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan invests in common collective trust funds that determine their fair value using the net asset value ("NAV") of the funds. The NAV is determined by each fund's trustee using the fair value of the underlying securities within the fund at year end. Refer to Note 4 Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2016 with early adoption permitted. Management is currently evaluating the impact of the pending adoption of ASU 2015-07 on the Plan's financial statements.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management is currently evaluating the impact of the pending adoption of ASU 2015-12 on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2015, which is the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.

Investments that represent 5% or more of the Plan's net assets are separately identified with an "*".

During the year ended December 31, 2014, the net appreciation in fair value of the Plan's investments (including gains and losses on investments bought, sold, and held during the year) and the Plan's investment earnings are summarized as follows:

Common collective trust funds - net appreciation	$ 18,892
Mutual Funds - net appreciation	61,039
Interest and dividends	7,594
Total Investment Income	$ 87,525

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes to the methodologies during the years ended December 31, 2014 and 2013.

Mutual funds - Valued at NAV which is based on the quoted market prices at the reporting date multiplied by shares held by the Plan at year end which were provided by the trustee.

Common collective trust funds - The fair values of participation units held in collective trusts are based on their NAV, as reported by the fund managers as of the financial statement date and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. The Plan is invested in fixed income and equity common collectrive trust funds, which are valued at the NAV per unit on the valuation date (December 31, 2014 and 2013) and seek to maximize current income to the extent consistent with the preservation of capital and the maintenance of liquidity. Fixed income funds' investment objective is accomplished through the management of both interest rate risk and credit risk. Interest rate risk or market risk is managed by establishing a portfolio of laddered maturities and maintaining an effective duration. Equity funds' investment objective is accomplished through the management of equity mutual funds, Associated Collective funds, and fixed income mutual funds providing capital growth, stability of principal and income generation. Credit risk is managed through prudent diversification and the purchase of only high quality securities. Redemption notice period for these funds is one day unless the NAV of the fund falls below $1. At December 31, 2014 and 2013, there were no unfunded commitments or contingencies related to these funds.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below presents the balances of investments held by the Plan measured at fair value on a recurring basis by level within the fair value hierarchy.

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who withdrew from the Plan as of December 31, 2014.

NOTE 6 - Parties In Interest

Certain plan investments of common collective trust funds are managed by the trustee as defined by the plan document and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $18,342 for the year ended December 31, 2014.

NOTE 7 - Tax Status

The Company adopted a prototype plan through the third party administrator. The prototype plan has received a favorable determination letter dated March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Prohibited Transactions

During the plan year ended December 31, 2014, $11,645 of employee contributions were not remitted within the appropriate time period by the plan sponsor. These transactions constitute prohibited transactions as defined by ERISA. The lost earnings for the plan year ended December 31, 2014 of $6 were deposited into participant accounts during the 2015 plan year and are recorded as investment income in the statement of changes in net assets available for benefits.
