INDEPENDENT AUDITORS' REPORT

To the management of Four Seasons Solar Products LLC 401(k) Plan & Trust:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Four Seasons Solar Products LLC 401(k) Plan & Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank & Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) – December 31, 2014, which is the responsibility of plan management, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - The Four Seasons Solar Products LLC 401(k) Plan and Trust (the "Plan") is a defined contribution plan as described in the Internal Revenue Code ("IRC") section 401(k) sponsored by Four Seasons Solar Products LLC (the "Company"). The Plan was adopted on January 1, 1987 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). State Street Bank and Trust Company ("State Street Bank") is the trustee of the Plan. Plan investments include common/collective trust funds managed by State Street Global Advisors, a division of State Street Bank. ADP Retirement Services ("ADP") is the Plan's third-party administrator.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility - The Plan is available to employees of the Company, excluding those who are represented by a bargaining unit for collective bargaining purposes, leased employees, and part-time employees whose regularly scheduled service aggregates less than 1,000 hours in a calendar year, who have attained age 21 and completed two months of service. An eligible employee may elect participation in the Plan as of the first day of the following January, April, July or October.

Contributions and Vesting - Participants in the Plan may make salary deferral contributions, subject to section 401(k) maximum limitations ($17,500 in 2014). Employees who attain age 50 are permitted to make catch-up contributions of up to $5,500.

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover contributions, with certain restrictions. There were no rollover contributions during the year ended December 31, 2014.

The Plan provides for discretionary employer matching contributions. No such employer contributions were made for the year ended December 31, 2014.

Participants are fully and immediately vested in their own contributions and earnings thereon. Vesting in employer contributions and the earnings thereon occurs at the rate of 20 percent after two years of service, 50 percent after three years of service, 75 percent after four years of service and 100 percent after five years of service. In addition, participants become fully vested in employer contributions upon attainment of normal retirement age (age 65), total disability, as defined in the Plan, death, or the termination of the Plan.

1. PLAN DESCRIPTION (continued)

Forfeitures - When participants terminate employment prior to full vesting, the nonvested amounts in their individual accounts, referred to as forfeitures, may be used to reduce future employer contributions or to pay expenses of the Plan. Unallocated forfeitures as of December 31, 2014 amounted to approximately $4,300.

Distributions to Participants -Distributions to participants are available as soon as administratively feasible upon the following events: retirement, termination of employment, the attainment of age 59 1/2, or death. If a separated participant's benefit, consisting of his/her entire account balance, does not exceed $5,000, then the vested account balance is paid in the form of a rollover to a qualified plan or lump-sum payment. If a separated participant's account balance is between $1,000 and $5,000 and no cash-out election is made, such account balance will be automatically rolled over to an individual retirement account established by plan sponsor in the participant's name. If the vested account balance exceeds $5,000, the participant may elect to delay distribution, subject to minimum distribution rules, or elect distribution in the form of a rollover to a qualified plan, lump-sum payment, single life annuity or joint and survivor annuity, or partial withdrawals. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement.

Upon enrollment in the Plan, participants are directed to designate a beneficiary or beneficiaries by completing a designation form. If a married participant designates someone other than their spouse as primary beneficiary, then the spouse must consent to this designation by signing the form and his/her signature must be witnessed by a Plan representative or a notary public. A participant's entire account balance is payable to the designated beneficiary upon his/her death.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of 4.25 percent per annum, which was commensurate with local prevailing rates at the time the loans commenced as determined by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions over periods of 1 to 5 years.

Administrative Expenses - Certain Plan expenses are deducted from participant accounts or investment income or paid from forfeitures. Administrative expenses for the year ended December 31, 2014 paid from the Plan consisted primarily of loan fees paid from participant accounts. The Company pays the remainder of administrative costs on behalf of the Plan. In accordance with Plan provisions, the Company may, at any time, elect to have all of such expenses paid by the Plan.

1. PLAN DESCRIPTION (continued)

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for defined contribution plans. Investment contracts held by a defined-contribution plan, such as in a common/collective trust fund, are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the Plan's investment in common/collective trusts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. As of December 31, 2014 and 2013, the difference between fair value and contract value was ($12,342) and ($8,988), respectively. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties - The Plan provides for various investment options, including common/collective trust funds and mutual funds with underlying investments in any combination of stocks, bonds, fixed income securities, other mutual funds and other investment securities. Investment securities are exposed to interest rate, market and credit risk. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events - The Company has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.

3. INCOME TAX STATUS

In March 2008, the Internal Revenue Service stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that would not likely be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

	December 31, 2014	December 31, 2013
Notes receivable from participants	$ 250,110	$ 236,437

4. INVESTMENTS (continued)

The following information included in the accompanying statement of changes in net assets available for benefits was obtained from data that has been prepared and certified to as complete and accurate by the trustee of the Plan:

	Year Ended December 31, 2014
Investment income:	
Net investment gain on common/collective trusts	$ 118,615
Interest and dividend income on mutual funds	$ 186,789
Net appreciation in fair value of investments	$ 23,749
Other interest income:	
Interest income on notes receivable from participants	$ 11,740

Investment in Invesco Stable Asset Fund Class ADP85 ("Stable Asset Fund") - The Invesco Stable Asset Fund Class ADP85 ("Stable Asset Fund") is a common/collective trust fund fully invested in the Invesco Stable Asset Trust ("Stable Asset Trust") with underlying investments consisting primarily of fully benefit-responsive synthetic guaranteed investment contracts. The Stable Asset Trust may also invest in traditional guaranteed investment contracts, which are also fully benefit-responsive, short-term securities, and affiliated collective trusts. Invesco National Trust Company ("Invesco"), the trustee and custodian of the Stable Asset Fund and Stable Asset Trust, provides annual audited financial statements which describe the nature of the underlying investment contracts and include the disclosures required under FASB ASC 962-325-50-3 *Fully Benefit-Responsive Investment Contracts*.

As described in Note 2, because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to such investment contracts. Contract value, which is reported to the Plan by Invesco, is generally equal to the principal amounts invested in the underlying investments, plus accrued interest at a crediting rate established under the contracts, less any adjustments for withdrawals. See Note 5 for a description of the measurement of the underlying investments at fair value.

4. INVESTMENTS (continued)

Average yields on the Invesco Stable Asset Fund Class ADP85 for the years ended December 31, 2014 and 2013 were as follows:

	December 31, 2014	December 31, 2013
Based on actual earnings	1.45 percent	1.22 percent
Based on interest rate credited to participants	1.55 percent	1.30 percent

SSgA common/collective trust funds - The participant-directed State Street Global Advisor common/collective trusts offer Russell Small Cap Index, S&P 500 Index and Mid-Cap Index investment options.

Mutual funds - The participant-directed mutual funds offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks which seek growth of capital over the long term.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Invesco Stable Asset Fund Class ADP85 - The fair value of the Invesco Stable Asset Fund Class ADP85 is determined by Invesco based on the nature of the underlying investment contracts and other investments. The fair values of investment contracts take into account contract value and other considerations specific to the various contracts. The fair value of synthetic guaranteed investment contracts is based on the fair value of the debt or other securities in the underlying portfolios as well as the wrap contracts associated with the portfolios, and are provided primarily by independent pricing services. The fair value of traditional guaranteed investment contracts is based on the present value of future cash flows using a prevailing discount rate. Short-term securities are stated at amortized cost (which approximates market value) if the maturity is 60 days or less at the time of purchase, or at market value if the maturity is greater than 60 days. Investments in units of affiliated collective trusts are valued at the respective net asset values as reported by such trusts. According to information contained in the Stable Asset Trust annual reports, Level 2 in the fair value hierarchy is applicable to such underlying investments.

SSgA common/collective trust funds - The fair values of the State Street Global Advisors common/ collective trust funds are determined by State Street Bank, the trustee of the funds, based on the nature of their underlying investments. Short-term investments with 60 days or less to maturity are stated at amortized cost, which approximates fair value. Equity investments, for which market quotations are readily available, including mutual funds that are exchange traded, are valued at the last reported sale price on their principal exchange on valuation date. Investments in units of collective trusts are valued at the respective net asset values as reported by such trusts.

Level 2 is appropriate for common/collective trust funds because the valuations are based primarily on quoted prices for similar assets in active markets and certain inputs used to value underlying investment contracts are derived principally from or corroborated by observable market data by correlation or other means.

5. FAIR VALUE MEASUREMENTS (continued)

The investment strategies of each significant class of common/collective trust fund are summarized as follows:

Class	Investment Strategy
Stable value	The stable value fund seeks to preserve capital, provide income under prevailing market conditions and rates, and maintain required liquidity.
Index	Index funds seek investment returns which over the long term approximate as closely as possible the performance of certain market benchmarks such as the Russell 2000, S&P 500 or S&P Mid-Cap 400.

Mutual funds - Investments in mutual funds are stated at quoted market prices which represent the net asset value of shares held by the Plan. For the year ended December 31, 2014, net appreciation in fair value of investments of $23,749 resulted from investments in mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014 and 2013:

6. RELATED-PARTY TRANSACTIONS

The Plan's investments include common/collective trust funds managed by State Street Bank and Trust, the trustee of the Plan. Transactions with the trustee qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Fees paid by the Plan as indirect compensation to the trustee are included as a reduction of the investment income on related funds.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, on which contributions are recorded on the cash basis and the investment in the common/collective trust is recorded at fair value:

	December 31, 2014	December 31, 2013
Net assets available for benefits per the financial statements	$ 6,594,838	$ 6,370,849
