NOTES TO FINANCIAL STATEMENTS

RAULLI AND SONS, INC. THE EMPLOYEES' PROFIT SHARING & RETIREMENT PLAN

December 31, 2014 (Audited) and 2013 (Compiled)

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Raulli and Sons, Inc. The Employees' Profit Sharing & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan covering substantially all employees of Raulli and Sons, Inc. (the "Company"). Effective December 31, 2013, certain employees are now eligible to participate in the prevailing pension supplement contributions upon commencement of employment (see Note G). Employees are eligible to participate in the 401(k) elective deferrals upon attaining the age of 21 and completing one year of service defined as working 1,000 hours during the Plan year. Upon meeting these eligibility requirements employees are also entitled to receive an allocation of the Company's discretionary matching contributions and discretionary profit sharing contributions. Entry dates into the Plan are on the first day of the Plan year and the first day of the seventh month of the Plan year. The Plan's Trustees are responsible for the oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. The Plan is subject to the provisions of ERISA.

Contributions: Contributions are subject to limitations determined by the Internal Revenue Service (IRS). Participants may contribute tax-deferred and after-tax Roth dollars through a payroll deduction equal to the lesser of 100% of annual compensation or the maximum amount allowed by the Internal Revenue Code (IRC). Additionally, if a participant has or is projected to attain age 50 before the end of the Plan year, the participant may make "catch-up" contributions as determined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company also makes contributions to the Plan in an amount equal to the sum of:

(1) wage rate contributions for participants working on projects covered by prevailing wage rate schedules issued by the New York State Department of Labor under Article 8, Section 220, of the New York State Labor Law or by the U.S. Department of Labor under the Davis-Bacon Act; and/or any other state department of labor;

(2) a discretionary Company matching contribution based on a percentage of a participant's elective deferral; and

(3) any additional amount determined by the Board of Directors in its discretion provided the participant worked at least 1000 hours during the Plan year and is employed on the last day of the Plan year.

Company contributions for the year ended December 31, 2014 amounted to $166,655.

NOTE A--DESCRIPTION OF THE PLAN--Continued

Participant Accounts: Each participant's account is credited with wage rate contributions, the participant's elective salary deferral contribution, and allocations of the Company's discretionary matching and profit sharing contributions, Plan earnings and losses, and certain plan expenses. Allocations are based on participant compensation, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are vested immediately in their elective deferral and prevailing pension supplement contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching and profit sharing contributions and the earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service.

Forfeitures: Participants that have terminated employment and who were not fully vested in the employer contributions forfeit the non-vested portion of the employer contribution and earnings thereon. Forfeitures are available to reduce subsequent Company matching and profit sharing contributions or to restore participant account balances. At December 31, 2014, forfeited nonvested accounts totaled $105. Forfeitures used to reduce employer contributions totaled $2,646 for the year ended December 31, 2014.

Receivables--Notes From Participants: Participants may borrow from their vested account balance a minimum of $1,000 with the maximum amount being the lesser of 50% of the vested account balance or $50,000 reduced by the highest outstanding loan balance at any time in the preceding 12 months. Terms of the loans require repayment over a period not extending beyond five years from the date of the loan. The loans are secured by the balance in the participant's vested account and bear interest at a rate that would be charged under similar circumstances by persons and institutions in the business of making loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the participant's vested account balance in either a lump-sum amount or equal installment payments over a period of years as elected by the participant. For termination of service for other reasons, and if a participant's vested account balance is greater than $1,000, a participant may receive the value of his or her account in either a lump-sum payment or in installment payments, as elected by the participant. If a participant's vested account balance is $1,000 or less, and the participant fails to make a distribution election, a lump-sum amount will be paid to the participant without their consent.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

In July 2015, the Financial Accounting Standards Board ("FASB") issued an amendment, "Plan Accounting--Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965)" (ASU No. 2015-12). The amendment requires that fully benefit-responsive investment contracts be measured, presented and disclosed at contract value and investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. This amendment was effective for periods beginning after December 15, 2015, with early adoption permitted. This amendment requires retrospective application to all periods presented. This amendment was early adopted for the year ended December 31, 2014, and retrospectively applied to December 31, 2013.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B--SIGNIFICANT ACCOUNTING POLICIES--Continued

Receivables--Notes From Participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Events Occurring After Reporting Date: Plan management has evaluated events and transactions that occurred between December 31, 2014 and October 13, 2015, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by Plan management.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE C--FAIR VALUE MEASUREMENTS--Continued

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Investments in pooled separate accounts are investments in registered investment companies and are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares (participation units) held at year-end.

Life insurance policy: Investments in the life insurance policy are reported at fair value based on the net cash surrender value of the policy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The following table sets forth by Level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value December 31, 2014			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 18,434,824	$ -0-	$ -0-	$ 18,434,824
Life insurance policy	-0-	-0-	2,384	2,384
Total investments at fair value	$ 18,434,824	$ -0-	$ 2,384	$ 18,437,208

	December 31, 2013			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 16,519,650	$ -0-	$ -0-	$ 16,519,650
Life insurance policy	-0-	-0-	2,300	2,300
Total investments at fair value	$ 16,519,650	$ -0-	$ 2,300	$ 16,521,950

Level 3 Gains and Losses: The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31:

	2014	2013
Balance, beginning of year	$ 2,300	$ 2,217
Dividends earned	84	83
Balance, end of year	$ 2,384	$ 2,300

NOTE D--INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract with Voya Retirement Insurance and Annuity Company ("Voya"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2014 and 2013 was $1,313,702 and $1,331,590, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. Voya is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed annually for resetting. The guaranteed investment contract does not permit the contract issuer to terminate the agreement prior to providing the required advance notice, as outlined in the contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) certain amendments to a plan document (including complete or partial plan termination or merger with another plan), (2) changes to plan prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of a plan sponsor or other plan sponsor events that cause a significant withdrawal from a plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, has occurred or is probable.

NOTE E--INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014 included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya, the custodian of the Plan, and furnished to the Plan Administrator.

NOTE E--INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN (UNAUDITED)--Continued

The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the assets below is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2014	2013
Investments at fair value:		
Pooled separate accounts	$ 18,434,824	$ 16,519,650
Investments at contract value:		
Insurance company general account	$ 1,313,702	$ 1,331,590

Voya also certified to the completeness and accuracy of $1,578,137 of net appreciation in fair value of investments, and $12,891 of interest and dividends for the year ended December 31, 2014.

NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants accounts. Therefore, related transactions qualify as party in interest transactions. Certain Plan investments are pooled separate accounts managed by Voya. Voya is the custodian of the Plan, as defined by the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees paid by the Plan for investment management and contract administrative services are customary for the services provided. The Plan Sponsor pays directly other fees related to the Plan's operations.

Fees deducted from Plan participants' accounts totaling $1,200 for the year ended December 31, 2014 represent participant loan and other administrative fees.

NOTE G--PLAN MERGER

Pursuant to a Plan amendment adopted December 18, 2013, and effective December 31, 2013, the Raulli and Sons, Inc. Prevailing Wage Pension Plan ("Prevailing Wage Plan") was merged into the Raulli and Sons, Inc. The Employees' Profit Sharing & Retirement Plan ("Profit Sharing Plan"). As a result, the assets of the Prevailing Wage Plan were liquidated and cash totaling $4,595,576 was transferred to the Profit Sharing Plan. The net assets transferred as of December 31, 2013 have been recognized in separate participant accounts of the Profit Sharing Plan at their balances previously carried in the accounts of the Prevailing Wage Plan. The transferred participant account balances continue to vest in accordance with the Prevailing Wage Plan's vesting schedule.

NOTE H--CORRECTIVE DISTRIBUTIONS

Corrective distributions totaling $2,775 and $8,530 were recorded as liabilities on the Plan's Statements of Net Assets Available for Benefits at December 31, 2014 and 2013, respectively, due to employee contributions exceeding contribution limitations of the Plan during the 2014 and 2013 Plan years.

NOTE I--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE J--TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Datair Employee Benefit Systems, Inc. ("Datair"). The IRS has determined and informed the prototype plan sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the related trust continues to be tax-exempt as of December 31, 2014.

NOTE J--TAX STATUS--Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE K--RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's Statements of Net Assets Available for Benefits.
