Note A. Description of the Plan

The following brief description of The Woodlands Store, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document and subsequent amendments for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2000 as a defined contribution retirement plan covering all employees of The Woodlands Store, Inc. (the "Employer"), who have attained age twenty-one and have completed six months and at least five-hundred hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Employer is the Plan Sponsor and serves as Plan Administrator.

Contributions

Participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan, subject to the Internal Revenue Code ("IRC") limitation of $17,500 in 2014. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500 in 2014.

The Employer may contribute, on a discretionary basis, matching contributions equal to a uniform percentage of the amount of the salary reduction the participant has elected to defer. Participants must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to receive these discretionary contributions. The Employer made no such contributions during 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings, or charged with an allocation of investment losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The investment direction for the account is provided by the participant.

Vesting

Participants become immediately vested in their elective deferrals, rollover and transfer contributions, plus actual earnings thereon. Vesting in the Employer contributions is based upon years of continuous service and fully vest after six years of service.

Note A. Description of the Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment in an amount equal to the value of the participant's vested portion of his or her account. In the event of termination of employment before retirement, a participant will be entitled to receive his or her vested account balance. If a terminated participant's vested account balance is greater than $5,000, such participant may leave his or her funds in the Plan. If the terminated participant's vested account balance is equal to or less than $5,000, the Employer may elect to distribute the participant's funds without consent. Participants may withdraw all or a portion of their vested account balances for specific hardship reasons, subject to approval of the Employer.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Net appreciation in fair value of investments includes the change in market value of all Plan investments (including investments bought and sold as well as those held during the year) and all gains, including amounts reinvested.

Benefits Paid to Participants

The payment of benefits to participants is recorded upon the cash payment of such benefits.

Note B. Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Investment related expenses are included as a reduction of net appreciation of fair value of investments.

Note C. Information Certified and Provided by John Hancock

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A.) ("John Hancock") and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock that information provided to the Plan Administrator is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets at December 31:

Description	2014	2013
Pooled separate accounts	$ 1,489,697	$ 1,356,658
Guaranteed interest accounts	4,280	18,529

John Hancock also certified the completeness and accuracy of $65,123 of net appreciation in the fair value of investments and $56 of interest income related to the assets listed above for the year ended December 31, 2014.

Note D. Investments

The following are investment fund balances that represent five percent or more of the Plan's net assets as of December 31:

Description	2014	2013
John Hancock Lifestyle Fund - Moderate Portfolio	$ 350,159	$ 320,736
John Hancock Lifestyle Fund - Growth Portfolio	207,139	185,394
John Hancock Lifestyle Fund - Balanced Portfolio	156,048	144,588
John Hancock Money Market Fund	98,976	101,608

Note E. Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability ("exit price") in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Accounting principles generally accepted in the United States ("GAAP") require the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs to determine the exit price. The Plan categorizes its financial instruments, based on the priority of inputs to the valuation technique, into a three-level hierarchy, as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note E. **Fair Value Measurements** (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: valued on the fair value of the underlying investments based on unit value established for each fund on the valuation date.

Guaranteed interest accounts: valued at fair value by the issuer by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

There was no change in the methodologies used to determine fair value during 2014.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E. **Fair Value Measurements** (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total

Note F. Related Party Transactions

Certain Plan investments are pooled separate accounts managed by John Hancock and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Employer. These transactions qualify as party-in-interest transactions.

Note G. Plan Termination

Although the Employer has not expressed any intent, the Employer has the right under the Plan to discontinue, amend or modify and terminate the Plan without any liability for such termination subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts.

Note H. Income Tax Status

The Plan document is a non-standardized prototype Plan that received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008. The Plan has never requested a tax determination letter from the IRS. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC and that the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is not likely to be sustained upon examination by the taxing authorities. The Plan Administrator has evaluated the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities. There are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2011.

Note I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note J. Nonexempt Transactions

During 2013, there were delays by the Employer in remitting employee contributions to John Hancock in the amount of $2,940. The Employer reimbursed the Plan for lost earnings in 2014.

Note K. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2015, the date on which the financial statements were available to be issued. Other than as described below, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

Effective January 1, 2015, the volume submitter plan and the adoption agreement utilized by the Plan were restated. The restatement was made in order to comply with the Pension Protection Act of 2006 and conform the Plan with current law. Major plan provisions remained the same subsequent to the restatement.
