NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Paramont-EO, Inc. Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a defined contribution plan which provides benefits under section 401 (k) of the Internal Revenue Code. These benefits are available to all full time employees who are 18 and older and who have worked for at least six months. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees oversees governance of the Plan. The Plan Administrators determine the appropriateness of the Plan's investment offerings, and monitors investment performance.

B. CONTRIBUTIONS

Employees make contributions to the Plan through payroll deductions. The employee designates the percent or amount of deduction and the fund or funds to be invested in. The deductions can be a maximum of 100% of compensation, up to the maximum amount permitted by law (currently $17,500 or $23,000 for participants 50 years old or older). The employer matches 25% of deferrals up to 6% of pay. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. The plan currently offers various funds as investment options for participants. The employees are provided elections to enter the plan once they are eligible.

C. PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses). Earnings are added to each participant's account balance within each individual's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participants each have one or many segregated accounts depending on the investment option chosen. The Plan is administered by an independent pension consultant. The Plan assets were maintained by John Hancock Retirement Plan Services.

D. VESTING PROVISIONS

Employer Contribution - 20% per year, beginning with year two. 100% will be vested by year six. Employees' contributions are always 100% vested.

E. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participants account and bear interest rates of prime plus 1% as published by the Wall Street Journal. Principal and interest are paid through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN: (Continued)

F. PAYMENTS OF BENEFITS

On termination of service due to death, disability or retirement, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. FORFEITED ACCOUNTS

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $79 and $69, respectively.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES:

A. DATE OF MANAGEMENTS REVIEW

Subsequent events were evaluated through September 28, 2015, which is the date the financial statements were available to be issued.

B. ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the administrator to make estimates and assumptions that affect certain reported amounts and assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

C. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of Net Assets Available for Benefits presents fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES: (Continued)

D. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

E. INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value is determined by quoted market prices. Purchases and sales of securities are recorded on a "trade-date" basis. Interest income is reported on the accrual basis. Dividends are recognized on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

F. EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants totaling $5,000 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, as of December 31, 2014 and 2013 there were no excess contributions.

G. PAYMENTS OF BENEFITS

Benefits are recorded when paid

H. OPERATING EXPENSES

All expenses of maintaining the Plan are paid by the Company.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the total of the net asset value (NAV) of underlying investments held by the accounts at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor.

Insurance company general account: Value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. This product is not a traditional Guaranteed Investment Contract (GIC) and therefore there are not any known cash flows to be discounted. As a result the fair value amount is equal to contract value.

Note 3. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of level 3.

Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and income:

NOTE 6 - PLAN TERMINATION:

In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – RELATED PARTY TRANSACTIONS:

Certain Plan investments are managed by John Hancock. John Hancock is the custodian and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for administrative and other professional services rendered by parties in interest, including John Hancock, amounted to $16 for the year ended December 31, 2014.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE 9 - TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and is tax- exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however there are currently no audits for any tax periods in progress.

NOTE 10- RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
