PAUL EVERT'S R.V. COUNTRY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Paul Evert's R.V. Country, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all eligible employees of Paul Evert's R.V. Country, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Eligibility:

An employee, who is not part of a collective bargaining unit, normally becomes eligible after completing three months of service and after attaining age twenty-one. Each eligible employee becomes a participant in the Plan on the first day of each quarter following the completion of all eligibility requirements.

c. Contributions:

Both Plan participants and the Employer make contributions to the Plan as follows:

Each year, participants may make elective contributions to the Plan on a pre-tax basis up to the maximum amount allowable under Internal Revenue Service limits, as defined in the Plan.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions.

The Employer will make a matching contribution, in an amount equal to a matching percentage deemed advisable, of the participant's salary reduction contributions for each payroll period. The Employer may also contribute an amount designated as a discretionary contribution. A discretionary employer contribution was not made for the year ended December 31, 2014.

Participants direct the investment of all contributions into various investment options offered by the Plan.

1. DESCRIPTION OF PLAN, continued:

d. Participant accounts:

Each participant's account is credited with the participant's contributions, Employer's contributions, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions plus earnings is based on years of continuous service. A participant is fully vested after six years of credited service and is determined in accordance with the following schedule:

Plan Participation	Vesting %
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

In the event of death, disability or retirement, a participant's interest in employer contributions becomes fully vested.

f. Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their non-forfeitable account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% at December 31, 2014 and 2013. Loan terms are not to exceed five years, except that a loan used to acquire a principal residence may be repaid over a reasonable time commensurate with the repayment period similar to commercial loans. Interest will be fixed, at a commercially reasonable rate. Principal and interest is paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN, continued:

g. Payment of benefits:

On termination of service due to death, disability, retirement or termination of service for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

h. Forfeited accounts:

Forfeited non-vested accounts may be used to reduce future Employer matching contributions and Plan expenses. At December 31, 2014 and 2013 forfeited non-vested accounts totaled $4,616 and $4,577, respectively. In the year ended December 31, 2014, forfeited non-vested accounts were not used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

b. Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

d. Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e. Payment of benefits:

Benefits are recorded when paid.

f. Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Expenses related to specific participant transactions (e.g., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

g. Subsequent events:

The Plan has evaluated subsequent events through October 13, 2015, the date which the financial statements were available to be issued.

3. INVESTMENTS:

For the years ended December 31, 2014 and 2013, the financial information included in the Plan financial statements, except for contributions and distributions for withdrawals and terminations, has been obtained or derived from information certified as complete and accurate by John Hancock Insurance Company.

The Plan provides that contributions to the Plan will be invested in certain individual programs offered by John Hancock Insurance Company and as directed by each participant. Participants may change their investment options as desired at any time.

The Guaranteed Interest Accounts offer a guaranteed annual effective interest rate with a range of 0.10 percent to 1.31 percent at December 31, 2014.

The fair value of individual investments that represent 5 percent or more of the Plan's net assets at December 31 are as follows:

	2014	2013
John Hancock Guaranteed Interest Account	$ 124,625	$ 121,078
Fundamental All Cap Core	109,658	155,093
John Hancock Money Market	186,583	187,367
Fidelity Contra Fund	95,827	81,557
T. Rowe Price Science & Technology Fund	168,025	154,670

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under current accounting standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS, continued:

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed interest account: The carrying amount reported in the statements of net assets available for benefits for guaranteed accounts approximates those assets' fair values as based on similar assets in the active market. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined fixed term, less any applicable charges.

4. FAIR VALUE MEASUREMENTS, continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value for the years ended December 31, 2014 and 2013:

5. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer or employee association, or relatives of such person.

Certain Plan investments are shares in mutual funds, a money market, and a guaranteed interest account managed by John Hancock Insurance Company. John Hancock Insurance Company is the asset custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2014 and 2013, the Plan had investments in related funds of $1,369,005 and $1,295,885, respectively. The fees paid by the Plan for the investment management services amounted to $8,054 for the year ended December 31, 2014.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Employer contributions.

7. TAX STATUS:

The Internal Revenue Service has determined and informed the Employer by an opinion letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter, however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. EXCESS CONTRIBUTIONS:

Contributions received from participants for 2014 and 2013 are net of payments of $7,285 and $7,250 made in the first quarter of 2015 and 2014, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2014 and 2013.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of contributions per the financial statements to Form 5500 for the year ended December 31, 2014:

	Employer	Participant
Contributions per the financial statements	$ 12,704	$ 78,596
Add: Payables as of December 31, 2014	2,094	5,191
Contributions received per Form 5500	$ 14,798	$ 83,787

The following is a reconciliation of corrective distributions per the financial statements to Form 5500 for the year ended December 31, 2014:

	Participant
Corrective distributions per the financial statements	$ -
Add: Excess contributions accrued during 2013	7,250
Corrective distributions per Form 5500	$ 7,250

Corrective distributions that were attributable to the 2014 plan year reduced participant contributions per the financial statements.
