Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NewPage Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which for 2014 was certified by Great-West Financial Retirement Plan Services, LLC as power of attorney for J.P. Morgan Chase Bank, N.A., the trustee of the Plan, and for 2013 was certified by J.P. Morgan Chase Bank, N.A., except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

1. DESCRIPTION OF THE PLAN:

The following description of the NewPage Corporation (the "Sponsor") Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) savings plan covering all eligible employees of the Sponsor. Employees that are not represented by a participating union group become eligible to enter the Plan immediately. Prior to April 1, 2013, employees covered by a participating union group became eligible to enter the Plan upon the completion of a required service period, which varied depending on the applicable collective bargaining agreement. Effective April 1, 2013, employees represented by a participating union group become eligible to enter the Plan immediately.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants are permitted to defer up to 50% of their eligible compensation on a before-tax or after-tax basis. Participants may also contribute amounts representing distributions from other eligible qualified plans. For those participants who have attained age 50 or older by the end of the calendar year, the plan permits catch-up contributions subject to limitations imposed by law. The Internal Revenue Code establishes a limit on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the employer matching percentage and the total defined contribution percentage comply with several tests prescribed by law. If the tests are not met, then the excess participant contributions are refunded to those participants.

The Sponsor makes two types of contributions to non-bargaining participants of the Plan, matching contributions and a fixed contribution. The Sponsor's matching contributions are an amount equal to 50% of each participant's contributions up to 8% of eligible compensation for a maximum match of 4%. The Sponsor will make a fixed contribution of 3% of eligible compensation on behalf of each participant who is not represented by a collective bargaining group and is employed on the last day of the plan year.

Prior to April 1, 2013, participants represented by a participating union group were eligible for matching contributions pursuant to their respective collective bargaining agreements. Effective April 1, 2013, participants that are represented by a participating union group may also be eligible to receive a fixed contribution. The formula for determining the match and fixed contribution depend on the participant's respective collective bargaining agreement and their status as either grandfathered or non-grandfathered in the NewPage Retirement Plan for Bargained Hourly Employees. Participants represented by a participating union group that were aged 55 or over, or had a total of 75 years of age and service as of March 31, 2013 are considered grandfathered. Participants represented by a participating union group who did not meet these criteria are considered non-grandfathered. Additionally, those that met the criteria were given a one-time opportunity to give up their grandfathered status and be treated as non-grandfathered going forward. Grandfathered participants may not be eligible for matching contributions, or they may be eligible for matching contribution formulas of 3% or 4%, depending on their collective bargaining agreement. In addition, grandfathered participants receive a fixed contribution equal to 3% of eligible compensation beginning twelve months after the final pension dollar multiplier increase goes into effect, which varies depending on their collective bargaining agreement. Non-grandfathered participants receive matching contributions equal to 100% of each participant's contributions up to 2% of eligible compensation and 50% of each participant's contributions between 2% and 6% of eligible compensation. In addition, non-grandfathered participants are eligible to receive a fixed contribution ranging between 2.5% to 6.5% of eligible compensation depending on their age and vesting service.

The Sponsor, at its discretion, may make an additional profit sharing contribution ranging from zero to 5% of eligible compensation. Only non-union participants who are actively employed on the last day of the plan year are eligible for profit-sharing contributions. The Sponsor made no such contributions during 2014 or 2013.

Participants direct the investment of their contributions and Sponsor contributions into various investment options offered by the Plan and may change their investment options at any time.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's fixed contribution and profit sharing contribution, if any, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable - Participants

Participants may borrow from their accounts up to a maximum of 50% of their vested account balance, but not to exceed \$50,000. Participants are permitted to have no more than two loans outstanding at a time. Participants with two or more loans outstanding originating in the predecessor plans of MeadWestvaco prior to May 1, 2005 and the Stora Enso North America ("SENA") 401(k) plans prior to October 1, 2008, may not originate new loans until the prior loans are repaid so that no more than a total of two loans are outstanding at any time. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at prime plus 1%, which is commensurate with local prevailing rates and is determined by the Plan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment, participants have the option to leave their balance in their account (if the balance is greater than \$1,000) or receive lump-sum or installment distributions.

Vesting

Participants are immediately vested in all employee contributions and Sponsor matching contributions plus earnings thereon. For participants that are not represented by a participating union group, Sponsor fixed contributions and profit-sharing contributions plus earnings thereon will be vested after the completion of five years of vesting service. For participants that are represented by a participating union group, Sponsor fixed contributions plus earnings thereon will be vested after the completion of three years of vesting service.

Forfeitures

Forfeitures of non-vested sponsor contributions may be used to restore the amount of previous forfeitures for rehired participants with separations of service of less than five years, to reduce the amount of Plan Sponsor contributions, or to pay the cost of administering the Plan. For the year ended December 31, 2014, forfeited non-vested accounts in the amount of \$193,271 were used to reduce the amount of Plan Sponsor contributions. There were \$41,162 and \$53,534 of unallocated forfeitures outstanding at December 31, 2014 and 2013, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan's investment in the J.P. Morgan Stable Asset Income Fund, which is a common/collective trust, is considered fully benefit-responsive. In accordance with generally accepted accounting principles, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted withdrawal transactions under the terms of the Plan. Therefore, the Statements of Net Assets Available for Benefits presents the fair value of the investments in the common/collective trust, as well as the adjustment of the investment in the common/collective trust from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Policy Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative functions are performed by officers and employees of the Sponsor. No such officer or employee receives compensation by the Plan. Administrative expenses are paid by the Sponsor, except for fees related to distributions for benefit payments and loans, which are deducted from the participant's account. Other investment related expenses are charged to participant accounts based on their account balances.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition and disclosure in the financial statements. The Plan has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued. See Note 10.

3. INVESTMENTS:

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, and net investment earnings for the year ended December 31, 2014, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Financial Retirement Plan Services, LLC as power of attorney for J.P. Morgan Chase Bank, N.A., the trustee of the Plan for 2014 and by J.P. Morgan Chase Bank, N.A. for 2013.

4. FAIR VALUE MEASUREMENT:

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels are defined as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value by the Plan.

Registered investment companies: Valued at the daily closing price as reported by the fund. The funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trusts: The common/collective trust funds do not have a readily determinable fair value. As permitted by accounting principles generally accepted in the United States of America, the Plan has valued such investments at NAV per share. The manager calculates NAV per share based on the fair value of the underlying securities within the fund, which are generally traded on an active market, and valued at the closing price reported on the active market on which those individual securities are traded at the valuation date.

Assets held within self-directed brokerage accounts: Holdings consist of registered investment companies which are valued at the published NAV of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used to determine fair value during the years ended December 31, 2014 and 2013.

The carrying amounts of financial instruments, including contributions receivable, approximated fair value as of December 31, 2014 and 2013 because of the relatively short maturity of these instruments.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2014:

(a) A series of target-date funds that are designed to provide investors with a way to reach retirement goals. Invests in a mix of underlying strategies, which is likely to change over time in order to maintain optimal portfolio construction asset allocation strategy, using a fund-of-funds approach that becomes more conservative as the funds near their respective target retirement dates.

- (b) The fund's objective is to seek investment returns that approximate as closely as practicable, before expenses, the performance of the Barclays Capital U.S. Aggregate Bond Index over the long term. The fund is passively managed
- (c) The fund's objective is to seek investment returns that approximate as closely as practicable, before expenses, the performance of the S&P 500 Index over the long term. The fund is passively managed.
- (d) The fund's objective is to generate current earnings without the loss of capital. The underlying investments are comprised of fixed income portfolios that primarily consist of U.S. Treasury, Agency, investment grade corporate, mortgage-backed and asset-backed securities. The investment manager purchases benefit responsive wrap contracts that are issued by banks and insurance companies in order to stabilize the value and returns of the fund.

5. TAX STATUS:

The IRS has determined and informed the Company by a letter dated April 19, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all benefits will be distributed to participants and beneficiaries in proportion to their respective account balances.

7. RISKS AND UNCERTAINTIES:

The Plan invests in various registered investment companies, common/collective trusts, and securities held in self-directed brokerage accounts. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per financial statements	\$917,212,152	\$876,163,016
Adjustment from fair value to contract value for fully benefit-responsive investment contract	432,483	(134,843)
Net assets available for benefits per Form 5500	<u>\$917,644,635</u>	<u>\$876,028,173</u>

The following is a reconciliation of net investment earnings from per the financial statements to the Form 5500 for the year ended December 31, 2014:

Net earnings from common/collective trusts per financial statements	\$ 31,650,431
Change in adjustment from fair value to contract value for fully benefit-responsive investment contract	567,326
Net earnings from common/collective trusts per Form 5500	<u>\$ 32,217,757</u>

9. RELATED PARTY TRANSACTIONS:

Certain Plan investments are interests in common/collective trusts managed by Great-West Retirement Plan Services, LLC. Great-West Retirement Plan Services, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Great-West Retirement Plan Services, LLC and affiliated companies amounted to \$630,778 for the year ended December 31, 2014.

10. SUBSEQUENT EVENTS:

On January 7, 2015, NewPage Holdings Inc. ("NewPage Holdings"), the indirect parents of NewPage Corporation ("NewPage"), Verso Paper Corp., ("Verso"), and Verso Merger Sub Inc., a Delaware corporation and an indirect, wholly owned subsidiary of Verso ("Merger Sub"), consummated an agreement and Plan of Merger (the "Merger Agreement"), where Merger Sub merged with and into NewPage Holdings on the terms and subject to the conditions set forth in the Merger Agreement (the "Merger"), with NewPage Holdings surviving the Merger as an indirect, wholly owned subsidiary of Verso. As a condition of allowing the merger to proceed, the Antitrust Division of the U.S. Department of Justice entered into a settlement with the Company that required NewPage to divest its paper mills in Biron, Wisconsin and Rumford, Maine, which occurred subsequent to December 31, 2014. As a result of the divestitures, the Plan was amended such that participants in the Plan that were employees at these mills became 100% vested as of the date of sale.

On August 20, 2015, Verso announced that it plans to indefinitely idle its mill in Wickliffe, Kentucky during the fourth quarter of 2015.
