Report of Independent Auditors

The Participants and Administrator of
Transatlantic Holdings, Inc. Incentive Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Transatlantic Holdings, Inc. Incentive Retirement Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 8, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2014 and 2013, and for the year ended December 31, 2014, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Transatlantic Holdings, Inc. Incentive Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information of the Plan’s provisions.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is designed in accordance with Internal Revenue Code (“IRC”) section 401(k). Participants in the Plan include U.S. employees of Transatlantic Holdings, Inc. (“THI”) and certain of its subsidiaries (collectively, “TRH”) who are age 18 or older. The Plan is sponsored by THI and the trustee of the Plan is Vanguard Fiduciary Trust Company (the “Trustee”).

The Plan was established on January 1, 2009. Prior to January 1, 2009, participants of the Plan, in general, participated in a defined contribution plan sponsored by American International Group, Inc. (the “AIG 401(k) Plan”). On January 1, 2009, participant balances were transferred from the AIG 401(k) Plan to the Plan and participants no longer participated in the AIG 401(k) Plan.

(b) Contributions

In general, participants may elect to defer from 1% to 50% of their eligible compensation, as defined in the Plan, limited to an annual maximum (excluding eligible catch-up contributions for participants age 50 or older) of \$17,500 in 2014 and 2013. Contributions of highly-compensated employees are generally limited to 8% of pay subject to the IRS maximum pre-tax contribution limit of \$17,500 per calendar year. Highly-compensated employees’ contributions will automatically be capped in payroll according to the IRS limit, which may result in an actual contribution rate of less than 8% if earnings reach a certain threshold. Based on a participant’s years of service, TRH provides matching contributions on the first 6% of a participant’s elective contributions. The matching percentage is 33.34% for participants with 4 years or less of service, 75.00% for participants with more than 4 years but less than or equal to 9 years of service and 116.67% for participants with more than 9 years of service. TRH may also make additional discretionary contributions to the Plan; however, no such contributions were made in 2014 and 2013.

In accordance with IRC rules, effective January 2013, an automatic enrollment feature was added to the Plan whereby eligible employees who were not participating in the Plan are automatically enrolled with an initial elective deferral election of 3% of their eligible compensation. The elective deferral will increase by 1% per year up to a maximum of 6% for employees who are automatically enrolled. Automatically enrolled participants are given the choice to discontinue or revise their participation in the Plan according to the normal terms of the Plan at any time after their initial automatic enrollment by filing an election with the plan administrator.

(c) Participant Accounts

Each participant’s account is credited with the participant’s elected contributions, TRH’s contributions and any rollover contributions of the participant. Rollover contributions represent vested account balances transferred by participants of the Plan into the Plan from third party defined contribution plans. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants are permitted to change the investments within their account on a daily basis, subject to certain limitations. All investments are participant directed.

(d) Vesting

Participants are always 100% vested in their contributions and rollover contributions plus earnings on these amounts. Vesting of TRH’s contribution’s portion of a participant’s account is generally based on years of service. Participants become 100% vested in TRH’s contributions after 3 years of credited service or upon their attainment of normal retirement age, death or disability, as defined by the Plan, while employed by TRH. Credited service includes service with American International Group, Inc. and its subsidiaries prior to the establishment of the Plan.

TRANSATLANTIC HOLDINGS, INC. INCENTIVE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(e) Notes Receivable from Participants

Participants may borrow from \$1,000 to a maximum of the lesser of \$50,000 or 50% of the present value of their vested account balance. The loans are secured by the participant's vested balance. Participant loans as of December 31, 2014 bear interest from 4% to 7.75% and as of December 31, 2013 bear interest from 4% to 8%, respectively. Participant loans are repaid through payroll deductions.

(f) Payment of Benefits

Following the termination of employment with TRH, retirement from TRH, death or disability of a participant, the participant's vested benefits will be paid upon a request by the participant or their beneficiary for distribution as a lump sum. Participants may also request a distribution of their elective contributions and vested amounts of TRH's matching contributions while still employed by TRH if they are at least 59½ years old or upon a proven hardship, as defined by the Plan. Participants can request a distribution of rollover contributions at any time.

(g) Plan Termination

Although it has not expressed any intent to do so, THI has the right, under the Plan, to terminate the Plan at any time. In the event of termination, the accounts of the participants of the Plan would become fully vested and non-forfeitable.

(h) Forfeited Accounts

Forfeited nonvested accounts totaled \$36,247 and \$4,248 for the year ended December 31, 2014 and 2013, respectively. Forfeitures reduce employer contributions.

2. Summary of Accounting Policies

(a) Basis of Presentation

The accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits have been prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the U.S. ("GAAP").

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that affect the reported amounts and related disclosures as of the date of the financial statements and for the period covered by the financial statements. Actual results may differ materially from these estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan. The statement of net assets available for benefits presents the adjustment of the fully benefit-responsive investment contracts (*i.e.*, common/collective trusts) from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for such contracts. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Units of common/collective trusts are valued at net asset value at year-end based on information reported by the Trustee using the respective audited financial statements of the common/collective trusts.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

TRANSATLANTIC HOLDINGS, INC. INCENTIVE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

(d) Notes Receivable from Participants

Loans to participants are reported as “notes receivable from participants.” Notes receivable from participants are carried at their unpaid principal balance plus accrued but unpaid interest.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Expenses for maintaining the Plan are principally paid by TRH.

(g) Subsequent Events

The Plan has evaluated subsequent events through September 22, 2015, the date the financial statements were available to be issued.

(h) Recent Accounting Standards

Future Application of Accounting Standards

In May 2015, the Financial Accounting Standards Board (“FASB”) issued new accounting guidance on disclosures about fair value measurements (Accounting Standard Update No. 2015-07). This guidance changes the disclosure for investments for which fair value is measured using the net asset value per share. This guidance is effective in the first quarter of 2016, with early adoption permitted. The Plan will adopt this guidance in the first quarter of 2016, with its provision applied retrospectively to all prior periods presented. The adoption of this guidance is not expected to have a material impact on the Plan’s net assets available for benefits or the change in net assets available for benefits.

In July 2015, the FASB issued new accounting guidance Accounting Standard Update No. 2015-12 consisting of three parts:

- Part I - fully benefit-responsive investment contracts: This guidance removes the requirement for fully benefit-responsive investment contracts to be measured at fair value for purposes of presentation and disclosure. Fully benefit-responsive investment contracts are now measured, presented, and disclosed only at contract value. This guidance is effective in the first quarter of 2016, with early adoption permitted. The Plan will adopt this guidance in the first quarter of 2016, with its provision applied retrospectively to all prior periods presented. The adoption of this guidance is not expected to have a material impact on the Plan’s net assets available for benefits or the change in net assets available for benefits.
- Part II - plan investment disclosures: This guidance removes the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. The net appreciation or depreciation for investments will still be required to be presented in the aggregate. This guidance is effective in the first quarter of 2016, with early adoption permitted. The Plan will adopt this guidance in the first quarter of 2016, with its provision applied retrospectively to all prior periods presented. The adoption of this guidance is not expected to have a material impact on the Plan’s net assets available for benefits or the change in net assets available for benefits.
- Part III - measurement date practical expedient: This guidance permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan’s fiscal year-end, when the fiscal period does not coincide with month-end. This guidance does not apply to the Plan.

3. Fair Value Measurements

(a) Fair Value Measurements on a Recurring Basis

The Plan measures at fair value on a recurring basis financial instruments included in its investment portfolio. The fair value of a financial instrument is the amount that would be received to sell an asset in an orderly transaction between willing, able and knowledgeable market participants at the measurement date.

TRANSATLANTIC HOLDINGS, INC. INCENTIVE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

The degree of judgment used in measuring the fair value of financial instruments generally correlates with the level of pricing observability. Financial instruments with quoted prices in active markets generally have more pricing observability and less judgment is used in measuring fair value. Conversely, financial instruments traded in other-than-active markets or that do not have quoted prices have less observability and are measured at fair value using valuation models or other pricing techniques that require more judgment. An active market is one in which transactions for the asset being valued occurs with sufficient frequency and volume to provide pricing information on an ongoing basis. An other-than-active market is one in which there are few transactions, the prices are not current, price quotations vary substantially either over time or among market makers, or in which little information is released publicly for the asset being valued. Pricing observability is affected by a number of factors, including the type of financial instrument, whether the financial instrument is new to the market and not yet established, the characteristics specific to the transaction and general market conditions.

The Plan maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. Whenever available, the Plan obtains quoted prices in active markets for identical assets at the balance sheet date to measure at fair value investments in registered investment companies. Market price data generally are obtained from exchange or dealer markets.

(b) Fair Value Hierarchy

Assets recorded at fair value in the statement of net assets available for benefits are measured and classified in a hierarchy for disclosure purposes consisting of three levels based on the observability of inputs available in the marketplace used to measure the fair values as discussed below:

- Level 1: Fair value measurements that are quoted prices (unadjusted) in active markets that the Plan has the ability to access for identical assets. Market price data generally is obtained from exchange or dealer markets. Assets measured at fair value on a recurring basis and classified as Level 1 consist of most investments in registered investment companies.
- Level 2: Fair value measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly. Level 2 inputs may include quoted prices for similar assets in active markets and inputs other than quoted prices that are observable for the asset, such as interest rates and yield curves that are observable at commonly quoted intervals. Assets measured at fair value on a recurring basis and classified as Level 2 consist of investments in certain registered investment companies and investments in common/collective trusts. Each common/collective trust provides for daily participant redemptions by the plan at reported net asset values per share, with no advance notice requirement.
- Level 3: Fair value measurements based on valuation techniques that use significant inputs that are unobservable. These measurements may be made under circumstances in which there is little, if any, market activity for the asset. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment. In making the assessment, factors specific to the asset are considered. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. No assets were measured at fair value on a recurring basis and classified as Level 3.

4. Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In general, Plan participants can adjust their investment allocations on a daily basis. On January 1, 2013, the Plan ceased to offer the AllianceBernstein International Value Fund Class A (the "Alliance Fund") as an investment alternative. As a result, participants' who did not voluntarily transfer their account balances allocated to the Alliance Fund into an alternative fund under the Plan were automatically transferred into the Tweedy Browne Global Value Fund on December 31, 2012. Participants had at least 30 days prior to the transfer date to make voluntary transfers. After the transfer, participants were permitted to transfer Tweedy Browne Global Value Fund balances into other investment alternatives under the Plan.

TRANSATLANTIC HOLDINGS, INC. INCENTIVE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Investments as of December 31, 2014 and 2013 include \$6.4 million and \$6.3 million, respectively, of the Vanguard Retirement Savings Trust (the “VRST”). The fair value of the VRST is based on net asset value per share. The VRST invests solely in shares of the Vanguard Retirement Savings Master Trust (the “VRSMT”) which invests primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts. The interest crediting rate is determined based on the terms of the underlying synthetic contracts. The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. For the years ended December 31, 2014 and 2013, the average yield earned by the VRSMT was 2.30% and 1.98%, respectively, and the average yield credited to participants was 1.89% and 1.56%, respectively.

5. Related Party Transactions

The Plan invests in shares of mutual funds and common/collective trusts managed by affiliates of the Trustee. The Trustee acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules.

In 2014 and 2013, TRH incurred on behalf of the Plan \$31,403 and \$20,962, respectively, of expenses from Vanguard Group, Inc., an affiliate of the Trustee.

6. Tax Status

The Internal Revenue Service (“IRS”) has determined and informed THI by a letter dated June 20, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The determination letter is retroactive to the Plan’s inception of January 1, 2009. Although the Plan has been amended since the Plan was established, the plan administrator and the Plan’s tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. Reconciliation of Financial Statements to Form 5500

A reconciliation of net assets available for benefits as of December 31, 2014 and 2013 to the Form 5500 follows:
