Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Northeast Ohio Health Services Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Bases for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Voya Retirement Insurance and Annuity Company ("Voya"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

In addition, because of inadequacies in the Plan's records for the periods prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2014 and 2013, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the years then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTHEAST OHIO HEALTH SERVICES PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Northeast Ohio Health Services Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code covering all qualified employees of Northeast Ohio Health Services dba Connections (the "Agency"), established as of January 1, 1986. Employees are eligible to participate in the Plan on the first day of their employment. Participants are eligible for employer matching contributions and discretionary non-elective employer contributions on the first day of the following payroll period after completion of one year of service and having attained age 21, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to make contributions of their eligible earnings on a "pre-tax" basis subject to certain limitations of the Plan and the Internal Revenue Code. The Agency can elect to provide a matching contribution that is determined solely at the Agency's discretion. During 2014 and 2013, the Agency contributed an amount equal to 100% of participant contributions up to 5% of participants' compensation based on years of service according to the following schedule:

<u>Years of service</u>	<u>Matching Percentage</u>
Less than 1 year	0.00%
1 year but less than 2	1.00%
2 years but less than 3	2.00%
3 years but less than 4	3.00%
4 years but less than 5	4.00%
5 years or more	5.00%

The Plan also provides for the investment of qualified rollover contributions and catch-up contributions for participants age 50 or older. The Agency also can provide a discretionary non-elective contribution to be allocated to eligible employees during the Plan year. Participants must be employed on the last day of the Plan year to receive the discretionary non-elective employer contribution. No such discretionary contributions were made during 2014 or 2013.

Participants' Accounts

Each participant's account is credited with the participant's contribution and employer contributions, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts are charged with certain transaction fees and other administrative expenses are paid by the Agency. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NORTHEAST OHIO HEALTH SERVICES PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Notes Receivable From Participants

The Plan permits limited borrowing by a participant against the value of his/her account, limited to the lesser of \$50,000 or one-half of the sum of the participant's vested account, with the minimum loan amount of \$1,000. Only one loan per participant can be outstanding at any given time. Interest is charged at a rate commensurate with prevailing rates as determined by the plan administrator. Repayments of principal and interest are credited to the participants' accounts within the funds as elected by the participants. Until such repayments are received, the loans receivable are accounted for as notes receivable from participants. In addition, approximately \$14,580 and \$11,608 of loan collateral remains in the Plan related to defaulted loans of active participants as of December 31, 2014 and 2013, respectively. These amounts represent 100% of the loan balances and will be forfeited to Voya Retirement Insurance and Annuity Company ("Voya") upon the termination, retirement, or death of the participant.

Vesting

Participants are at all times vested in all contributions and earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant is entitled to receive a distribution of his/her account balance in the form of a lump sum payment. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's elective contributions, subject to certain restrictions. Additionally, the Plan has provisions for an active participant to make withdrawals from his/her account, subject to limitations and restrictions.

Termination Provisions

The Agency anticipates and believes that the Plan will continue indefinitely; however, the Agency reserves the right to terminate the Plan at any time by an action of its Board of Directors subject to the provisions of ERISA. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

NORTHEAST OHIO HEALTH SERVICES PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Agency has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Agency and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Note 2. Summary of Significant Accounting Policies (Continued)

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Evaluation of Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition and presentation through the date the financial statements were available to be issued, October 13, 2015.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

Guaranteed Investment Contract – Investments in the Guaranteed Investment Contract of Voya are recorded at fair value, as determined by Voya, because they are considered not to be benefit-responsive. The fair value represents contributions plus interest at a specified rate, less participant withdrawals, fees, surrender charges, and market value adjustments. The Guaranteed Investment Contract is classified as Level 2 as the credit interest rate, account balance, and formula upon which payments may be based are observable through the contract.

Pooled Separate Accounts – The fair value of investments held in the Pooled Separate Accounts is valued based on their reported net asset value ("NAV") as determined by Voya. The NAV is based primarily on the market value of the underlying investments as of the last day of the Plan year; therefore, Pooled Separate Accounts are classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2013 to 2014. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the statements of net assets available for benefits at December 31, 2014 and 2013, the supplemental schedule at December 31, 2014, the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

The following information represents 5% or more of the Plan's net assets at December 31:

Note 5. Guaranteed Investment Contract

The Plan entered into a Guaranteed Investment Contract with Voya. Voya maintains contributions in an unallocated fund to which it adds interest at a guaranteed rate. The rate was 3.0% for the years ended December 31, 2014 and 2013. Upon withdrawal of funds from the Guaranteed Investment Contract, a market value adjustment is applied.

Note 6. Income Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service stating the qualification of the Plan, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. In general, the Plan's previous three tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

Note 7. Party-in-Interest Transactions

The Plan's investments are held in a Guaranteed Investment Contract and Pooled Separate Accounts which are managed by Voya. Voya is the Plan custodian, therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
