Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Minnesota Life Insurance Company and Standard Insurance Company, the insurance companies of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Minnesota Life Insurance Company held the Plan's investment assets and executed investment transactions from January 1, 2013 through December 19, 2013, and Standard Insurance Company held the Plan's investment assets and executed investment transactions from December 19, 2013 to December 31, 2014. The Plan administrator has obtained certifications from the insurance companies as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan administrator by the insurance companies is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2014 and schedule of delinquent participant contributions for the year ended December 31, 2014, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the insurance companies, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Saulsbury Industries, Inc. Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 1997. The Plan has been amended throughout the years to comply with tax legislation and most recently amended and restated effective October 1, 2013. The Plan excludes leased employees, non-resident aliens and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Benefit Committee of Saulsbury Industries, Inc. is responsible for the oversight of the Plan.

Eligibility

Employees are eligible to participate in the Plan after completion of six consecutive months of service and 500 hours of service during that period. Employees enter the Plan on the first day of the quarter following or coinciding with the completion of the eligibility requirements.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to defer a percentage of their compensation as pre-tax 401(k) or Roth contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with an annual 1% increase up to 6% of eligible compensation, and contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a qualified matching contribution or profit sharing contribution to the Plan. For 2013, the Company matching contribution was 28% of participant deferral contributions up to 5% of compensation deferred. There was no Company matching contribution for 2014. There were no Company profit sharing contributions for the years ended December 31, 2014 and 2013.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or conduit IRAs. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in a participant's account and are charged a commercially reasonable fixed interest rate as determined by the administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeited non-vested accounts are first used to reduce administrative expenses and then are used to reduce future Company contributions. Forfeited non-vested accounts as of December 31, 2014 and 2013 totaled $75,914 and $13, respectively. There were $4,764 and $14,586 of forfeitures used to pay administrative expenses for the years ended December 31, 2014 and 2013, respectively. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2014 and 2013.

Reclassifications

Certain reclassifications have been made to the 2013 amounts to conform to the classifications used for 2014. These reclassifications did not affect the financial position or net income as previously reported.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts which is equal to fair value. The statements of changes in net assets available for benefits are prepared using the contract value basis for fully benefit-responsive investment contracts. Contract value equals fair value at December 31, 2014 and 2013.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions will be distributed to the applicable participants.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2015, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Minnesota Life Insurance Company, insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants and related interest income, reflected on the statements of changes in net assets available for benefits for the period from January 1, 2013 through December 19, 2013.

Standard Insurance Company, insurance company of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants and related interest income, reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the statements of changes in net assets available for benefits for the period from December 19, 2013 through December 31, 2014, and the supplemental schedule of assets (held at end of year) as of December 31, 2014.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair Value Measurement

The fair value framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

General Account: Investments in the insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Pooled Separate Accounts: Investments in pooled separate accounts are valued at net asset value (NAV) as provided by the insurance company. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2014			
	Level 1	Level 2	Level 3	Total
Multi-Strategy Pooled Separate Accounts	$ -	$ 17,922,059	$ -	$ 17,922,059
Guaranteed Return General Account	-	1,055,086	-	1,055,086
Total Investments at Fair Value	$ -	$ 18,977,145	$ -	$ 18,977,145

	2013			
	Level 1	Level 2	Level 3	Total
Multi-Strategy Pooled Separate Accounts	$ -	$ 13,603,805	$ -	$ 13,603,805
Guaranteed Return General Account	-	638,529	-	638,529
Total Investments at Fair Value	$ -	$ 14,242,334	$ -	$ 14,242,334

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2014 and 2013:

	2014			
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 18,977,145	$ -	Daily	Daily

	2013			
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 14,242,334	$ -	Daily	Daily

The multi-strategy pooled separate account is made up of sub-accounts that hold different types of investments that have a variety of investment objectives. Therefore, there is not one overall strategy for the pooled separate account other than the Plan's objective of providing Plan participants with a sufficient variety of investment options to enable participants to achieve their individual goals for retirement.

NOTE 5 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2014	2013

During 2014 and 2013, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated by $1,020,492 and $1,919,197, respectively.

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

Standard Insurance Company Stable Asset A

In 2013, the Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company (Insurance Company). Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value which approximates contract value. Contract value, as reported to the Plan by Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $1,055,086 and $638,529, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed investment contract are as follows:

Average yields:	2014	2013
Based on actual earnings	1.62%	0.18%
Based on interest rated credited to participants	1.62%	0.18%

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions in and of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008, received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were managed by the insurance companies, as defined by the Plan and therefore, investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE 11 NON-EXEMPT TRANSACTIONS

During the years ended December 31, 2014 and 2013, the Company failed to remit employee 401(k) deferral contributions for certain payroll periods within the timeframe prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the Internal Revenue Code. The Company intends to correct the prohibited transactions by depositing the lost earnings, filing the required Form 5330 with the Internal Revenue Service and paying the appropriate excise tax.
