INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
DMC Power, Inc. Employees' Retirement Plan
Carson, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DMC Power, Inc. Employees' Retirement Plan (the ''Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the year ended December 31, 2014 and the period November 1, 2013 (inception) to December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the year ended December 31, 2014 and period November 1, 2013 (inception) through December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

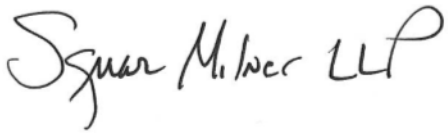

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

General

The following description of the DMC Power, Inc. Employees' Retirement Plan ("DMC" or "the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was created on November 1, 2013 and is a defined contribution plan covering all eligible employees of DMC Power, Inc., Inc. (collectively referred to as the "Company") as defined in the Plan Agreement. In 2013, Permaswage Holding SAS (which included DMC Power, Inc., Inc. (dba Permaswage USA)) was sold to a third party. DMC Power was excluded from the sale and as a result, effective November 1, 2013, $1,377,252 of the Permaswage USA assets relating to DMC Power employee participant accounts were transferred to the Plan.

The Plan is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Company's Investment Committee is responsible for the operation and administration of the Plan. State Street Bank and Trust Company is the trustee ("Trustee") and ADP Retirement Services is the record-keeper of the Plan. Plan expenses are allocated to each participant's account either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The Company may, however, at its discretion reimburse the Plan for such administrative expenses.

Participation and Eligibility

Participation in the Plan is voluntary for all employees who are not a nonresident alien of the United States or a collective bargaining union employee. An employee is eligible to participate in the Plan after completion of three months of service with the Company. There are no eligibility age restrictions.

Contributions

Once eligible, participants are automatically enrolled to contribute 3% of eligible compensation or may elect to contribute a whole percentage of their eligible compensation subject to annual Internal Revenue Code limits ($17,500 for 2014 and 2013). Participants must opt out if they do not wish to participate. Participants may also rollover to the Plan amounts representing distributions from other qualified plans. The Plan allows for catch-up contributions for those participants over the age of 50, not to exceed $5,500 in 2014 and 2013.

1. PLAN DESCRIPTION (continued)

Contributions (continued)

The Company makes matching contributions for each participant equal to 10% of the first 6% of base compensation that a participant contributes.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's directions and the Plan's provisions.

Participant Accounts

A separate account is established and maintained for each participant and is credited, as applicable, with the participant's contributions and the Company's matching contribution, and the allocation of the respective investment income or losses by investment fund option, net of related investment fees. Investment income or losses are allocated to the participants' account in relation to the investment performance of each fund and the proportion of each participant's account balance to the total balance in each fund. The benefit to which a participant is entitled equals the participant's accumulated vested account balance.

Vesting

Participants are 100% vested in their participant accounts at all times.

Notes Receivable from Participants

Participants are eligible to apply for up to two loans from the Plan at one time, subject to approval by the Plan administrator. Total loans outstanding are limited to the lesser of $50,000 or one-half of the participant's vested account balance and must be a minimum of $1,000, in accordance with the Plan Agreement. Loans bear interest at a rate as determined by the Plan administrator to be the prime rate plus 1% at issuance date and are collateralized by the borrower's assignment of rights to their vested account, as acknowledged by a promissory note. The term of repayment of the loans, other than principal residence loans, must not be less than one year nor greater than five years. Loans for purchase of a principal residence may be extended up to 25 years. All loans become due and payable upon death or termination of employment. The interest rates range from 5.25% to 9.25% at December 31, 2014.

1. PLAN DESCRIPTION (continued)

Payment of Benefits

Upon termination of employment due to retirement, death, disability or other reasons, participants may elect to receive a lump-sum amount equal to the value of their vested account, transfer the vested balance to a qualified plan, or leave the vested balance in the Plan. The Plan also allows for in-service withdrawals for participants attaining certain service or age requirements as defined in the Plan document.

Hardship Withdrawals

Participants may receive hardship withdrawals against their account balance for immediate and heavy financial needs such as unreimbursed medical expenses, purchase of a principal residence, to prevent eviction or foreclosure on their personal residence, or to pay for post-secondary education expenses.

Such reasons for hardship withdrawal are permitted by the provision of the Code and the Plan document. The participant's pretax contributions to the Plan are suspended for six months after receipt of a hardship withdrawal.

Income Tax Status

The nonstandardized prototype plan upon which the Plan is based has received an opinion letter from the IRS dated January 31, 2006 stating that the written form of the prototype plan document is qualified under Section 401(a) of the Internal Revenue Code ("Code"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and is therefore tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

In accordance with Revenue Procedure 2007-6 and Announcement 2001-77 of the IRC, the Plan has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

GAAP requires that the Plan Committee evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

1. PLAN DESCRIPTION (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated among the participants and their beneficiaries in accordance with the provisions of ERISA.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted within the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the Plan on the last business day of the Plan year.

The Plan's interest in the common collective trust is based on the fair value of the collective trust's underlying investments based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the Trustee.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Concentration of Credit Risk

The Plan's investments include bank-administered and registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

Risks and Uncertainties

The Plan provides for investment options in various pooled separate accounts and fully benefit-responsive investment contracts. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Contributions

Participant contributions are recorded by the Plan in the year withheld from participant earnings. Company contributions are recorded in the year in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays certain administrative expenses of the Plan (see Note 7), while other expenses including loan-related fees are paid out of the Plan. Other management fees and transaction costs associated with the investment options are included by the trustee in net appreciation (depreciation) in fair value of investments.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. Following is a summary of the revised guidance contained in ASU 2015-12:

Part 1 amendments designate contract value as the only required measure for fully benefit-responsive investment contracts; Part II amendments eliminate the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Part III amendments provide a practical expedient to permit plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The amendments in Part I and Part II should be applied retrospectively for all financial statements presented, and the amendments in Part III should be applied prospectively. This ASU should not change the Plan's total net assets available for benefits; however, it may affect the presentation of the financial statements and the information contained in the disclosures. Plan Sponsor management is currently reviewing the full impact of these amendments on the Plan's financial statement presentation, which will be effective for the Plan's financial statements for the Plan year ended December 31, 2016.

3. INVESTMENT INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

The Plan Committee has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, information regarding investments and the net appreciation in fair value of investments as shown in the accompanying financial statements and Schedule of Assets (Held at End of Year), has been certified by State Street Bank and Trust Company, as of December 31, 2014 and 2013 and for the year ended December 31, 2014 and the period November 1, 2013 (inception) to December 31, 2013, as being complete and accurate.

3. INVESTMENT INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by a trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Committee has instructed its independent public accountants, Squar Milner LLP, not to perform any auditing procedures with respect to the 2014 and 2013 information certified by the Trustee.

4. FAIR VALUE MEASUREMENTS

ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The level in the fair value hierarchy is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The three levels of inputs used to measure fair value are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan based upon quoted market prices at year-end.

Common collective trust: Valued based on the contract value of the underlying investment contract, which approximates fair value at year end, as reported by the trustee, using the net unit value of units held by the Plan at year-end. Net unit value is determined by the total value of fund assets divided by the total number of units of the fund owned.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	2014			
Investment Category	**Level 1**	**Level 2**	**Level 3**	**Total**

5. INVESTMENTS

The following disclosure is derived from information certified by the Trustee, and presents investments that represent five percent or more of the Plan's net assets at December 31:

6. INVESTMENT IN COMMON COLLECTIVE TRUST

The Federated Capital Preservation Fund ("Fund"), one of the Plan's investment options, is a common collective trust fund which may be invested in guaranteed investment contracts, separate account guaranteed investment contracts, and synthetic guaranteed investment contracts. The investment objective of the Fund is stability of principal and high current income. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note 2, because the common collective trust is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for the benefits attributable to the common collective trusts. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value. The total fair value of these investments approximated total contract value at December 31, 2013.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the Fund or the plan sponsor resulting in a material and adverse financial impact on the issuer's obligations under the guaranteed investment contracts. The plan administrator does not believe that the occurrence of any of these events, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no reserves against contract value for credit risk of a contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but it may not be less than zero percent. Such interest rates are reviewed on a periodic basis for resetting. At December 31, 2014, and 2013, the weighted average crediting interest rate was 1.45% and 1.17%, respectively and the weighted average market yield was 1.64% and 1.21%, respectively.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are shares of mutual funds managed by the trustee. The Plan issues loans to participants, which are secured by the vested balances in the participant's accounts. The Company paid certain administrative costs on behalf of the Plan, which totaled $9,706 and $350 during the year ended December 31, 2014 and period November 1, 2013 (inception) to December 31, 2013. Such transactions qualify as exempt party-in-interest transactions under the provision of ERISA.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling items between net assets available for benefits or changes in net assets available for benefits per the financial statements and Form 5500 as filed by the Plan as of December 31, 2014 and 2013, and for the year ended December 31, 2014 and period November 1, 2013 (inception) to December 31, 2013.

9. SUBSEQUENT EVENTS

The Plan had no subsequent events to report. In providing the disclosure contained in this note, the Plan evaluated events occurring between the end of its most recent plan year end and October 9, 2015, the date the accompanying financial statements became available to be issued.
