Grace Unionized Employee Retirement Plan Notes to the Financial Statements

1. Description of Plan

The following brief description of the Grace Unionized Employee Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions which was established on August 13, 2007. Under the Plan, all members of the Bakery, Confectionary, Tobacco Workers and Grain Millers International Union Local 125 who are employees of Mapleleaf Foods (the Company) who have six months of service, as defined in the Plan document, and are age 21 or older are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In May 2014, an operating division of the Company, Maple Leaf Bakery, Inc. (Bakery), was sold to an unrelated buyer (Buyer). At that time, the Plan was amended adding Bakery as a participating employer of the Plan. This amendment allows Bakery employees to continue participating in the Plan. Under provisions of the Plan document, the sales transaction of Bakery to Buyer is subject to the "same desk rule". The "same desk rule" states that Bakery employees did not experience a termination of employment as a result of the sale transaction and therefore only qualify for distributions under the normal provisions of the Plan.

Contributions – Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a 401(k) Safe Harbor matching contribution equal to 100% of the first 3% deferred compensation and 50% of the next 2% deferred compensation as a part of the participant's tax deferred savings contributions as defined in the Plan. The Bakery made this contribution for its participating employees beginning in May 2014.

Participants' Accounts – Each participant's account is credited with the participant's contributions and allocations of Company and Bakery's contribution and gains and losses from the investment funds elected. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – A participant is fully vested in both participant and Company Safe Harbor matching contributions, plus actual earnings, gains and losses thereon, at all times.

Grace Unionized Employee Retirement Plan
Notes to the Financial Statements (cont'd)

1. Description of Plan (cont'd)

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 8.75%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount or installment payments equal to the value of the participant's account. In-service withdrawals from transfer accounts, distributions after age 59-1/2 and hardship distributions are also allowed by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Grace Unionized Employee Retirement Plan
Notes to the Financial Statements (cont'd)

2. Summary of Significant Accounting Policies (cont'd)

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and Bakery and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events – Subsequent events have been evaluated through October 12, 2015, which is the date the financial statements were available to be issued.

3. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Plan's trustee:

December 31, 2014

Investments, at fair value	\$ 452,967
Notes receivable from participants	3,435
Dividend and interest income from investments	24,767
Interest on notes receivable from participants	415
Net depreciation in fair value of investments	(3,511)

December 31, 2013

Notes receivable from participants	1,253

4. Investments

The fair values of the Plan's investments that exceed 5% or more of the Plan's net assets available for benefits at December 31 are as follows:

	2014	2013
Fidelity Contrafund	\$ 33,009	\$ 28,490
Fidelity Freedom 2020	115,930	107,145
Fidelity Freedom 2025	146,523	128,724
Fidelity Intermediate Bond	39,929	25,389

During 2014, the Plan's investments, which are all held in mutual funds, depreciated in value by \$3,511.

Grace Unionized Employee Retirement Plan
Notes to the Financial Statements (cont'd)

5. Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments recorded at fair value are exclusively mutual funds that are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

At December 31, 2014, the Plan's financial instruments were categorized as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Money Market	\$ 18,069	\$ -	\$ -	\$ 18,069

At December 31, 2013, the Plan's financial instruments were categorized as follows:

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator of \$575 which was not covered by revenue sharing. The Company and Bakery pay directly any other fees related to the Plan's operations.

7. Plan Termination

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. The termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, all account balances as of the date of termination shall be payable to the participants and beneficiaries.

8. Tax Status

The Plan has adopted the Fidelity Management and Research Company Volume Submitter Profit Sharing Plan. The Internal Revenue Service has determined and informed Fidelity Management and Research Company, by a letter dated March 31, 2008, that the Volume Submitter Profit Sharing Plan is designed in accordance with applicable sections of the Internal Revenue Code.

8. Tax Status (cont'd)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
