INDEPENDENT AUDITORS' REPORT

ERISA Fiduciary Committee
Veolia Water Solutions & Technologies North America Retirement Savings Plan
Plainfield, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Water Solutions & Technologies North America Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note E to the financial statements, the Plan Sponsor Committee elected to merge the Plan into the Veolia North America 401(k) Savings Plan effective as of the close of the day on December 31, 2014. All plan assets were transferred to the Veolia North America 401(k) Savings Plan on December 31, 2014. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter

The supplemental information as listed in the table of contents, as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Veolia Water Solutions & Technologies North America Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Veolia Water Solutions & Technologies North America Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan was a defined contribution profit sharing and 401(k) plan covering eligible employees of Veolia Water Solutions & Technologies North America, Inc. (the "Company"). Employees were eligible to participate on the date coinciding with or the next business day following the date the employee attains age 18. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). As described in Note E, the Plan assets were merged into the Veolia North America 401(k) Savings Plan, effective as of the close of the day on December 31, 2014.

2. Contributions

The Plan was funded by voluntary contributions of participants, nondiscretionary matching contributions of the Company, and discretionary profit sharing contributions of the Company. Participants were able contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants were also able to roll over amounts representing distributions from other qualified employee benefit plans. The Company had nondiscretionary match contributions totaling \$1,953,760 for the year ended December 31, 2014. The Company made no discretionary profit sharing contributions to the Plan for the year ended December 31, 2014.

3. Investment Options

Participants were permitted to direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the ERISA Fiduciary Committee. Participants were allowed to change their investment options at any time. The participants were also allowed to elect to invest in an individually directed brokerage account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Company's nondiscretionary matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's nondiscretionary matching contribution was allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution was allocated as of the last day of the plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings were allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

5. Vesting

Participants were immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions became 34% vested after one year of service, 67% vested after two years of service, and 100% vested after three years of service. In the event of death, disability, or attainment of the retirement age of 65, participants were fully vested.

6. Payment of Benefits

On termination of service, a participant may have elected to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals for participants over the age of 59½ were also permitted by the Plan.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Participants were permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to a minimum of \$1,000. The loans were collateralized by the borrowers' respective vested account balances and bore interest at 4.25% to 8.25%. Principal and interest were paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$34,946 for the year ended December 31, 2014.

8. Administrative Expenses

Administrative expenses of the Plan were paid by the Company and the Plan. Administrative expenses paid by the Company approximated \$41,000 for the year ended December 31, 2014.

9. Transfers To/From Other Qualified Plans

Transfers out to other qualified plans and transfers in from other qualified plans result from participants who transfer to/from a related employer, as defined in the plan document. At the time of the transfer of employment, the participant's account balance was transferred to/from the qualified retirement plan of the related employer.

10. Forfeitures

At December 31, 2014 and 2013, unallocated plan assets resulting from forfeited nonvested accounts totaled \$0 and \$1,303, respectively. These accounts were used to reduce qualified plan expenses or Company contributions. During 2014, forfeitures of approximately \$22,000 were used to reduce nondiscretionary matching contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Current accounting standards require investment contracts held by a defined contribution plan to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Veolia Water Solutions & Technologies North America
Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value at December 31, 2013. As described in Note E, the Plan did not have any investments as of December 31, 2014.

Common stocks, preferred stocks, and publicly traded limited partnership interests: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The Plan held shares of interests in two common/collective trust funds at December 31, 2013. There were no unfunded commitments and no redemption limitations or notice periods for either fund.

The stable value fund invests primarily in investment contracts and security-backed contracts. The equity fund invests primarily in stocks held in the S&P 500 Index.

3. Income Recognition

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments were recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits were recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During the year ended December 31, 2014, the Plan's investments (including investments purchased, held, and sold during the year) appreciated (depreciated) as follows:

Mutual funds	\$ 3,438,961
Common/collective trusts	401,405
Participant-directed brokerage account assets	<u>(124,921)</u>
	<u>\$ 3,715,445</u>

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on December 19, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN MERGER

Effective as of the close of the day on December 31, 2014, the assets of the Plan were merged into the Veolia North America 401(k) Savings Plan. The merger had no effect on the provisions governing the participant accounts merged from the Plan into the surviving plan. Interested parties should refer to the related plan amendment for a more complete description of the changes.

NOTE F - MARKET RISK

The value of the Plan's investments was subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. was the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2015, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Water Solutions & Technologies North America Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note E to the financial statements, the Plan Sponsor Committee elected to merge the Plan into the Veolia North America 401(k) Savings Plan effective as of the close of the day on December 31, 2014. All plan assets were transferred to the Veolia North America 401(k) Savings Plan on December 31, 2014. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter

The supplemental information as listed in the table of contents, as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Veolia Water Solutions & Technologies North America Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Veolia Water Solutions & Technologies North America Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan was a defined contribution profit sharing and 401(k) plan covering eligible employees of Veolia Water Solutions & Technologies North America, Inc. (the "Company"). Employees were eligible to participate on the date coinciding with or the next business day following the date the employee attains age 18. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). As described in Note E, the Plan assets were merged into the Veolia North America 401(k) Savings Plan, effective as of the close of the day on December 31, 2014.

2. Contributions

The Plan was funded by voluntary contributions of participants, nondiscretionary matching contributions of the Company, and discretionary profit sharing contributions of the Company. Participants were able contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants were also able to roll over amounts representing distributions from other qualified employee benefit plans. The Company had nondiscretionary match contributions totaling \$1,953,760 for the year ended December 31, 2014. The Company made no discretionary profit sharing contributions to the Plan for the year ended December 31, 2014.

3. Investment Options

Participants were permitted to direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the ERISA Fiduciary Committee. Participants were allowed to change their investment options at any time. The participants were also allowed to elect to invest in an individually directed brokerage account.

Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Company's nondiscretionary matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's nondiscretionary matching contribution was allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution was allocated as of the last day of the plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings were allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

5. Vesting

Participants were immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions became 34% vested after one year of service, 67% vested after two years of service, and 100% vested after three years of service. In the event of death, disability, or attainment of the retirement age of 65, participants were fully vested.

6. Payment of Benefits

On termination of service, a participant may have elected to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals for participants over the age of 59½ were also permitted by the Plan.

Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Participants were permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to a minimum of \$1,000. The loans were collateralized by the borrowers' respective vested account balances and bore interest at 4.25% to 8.25%. Principal and interest were paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$34,946 for the year ended December 31, 2014.

8. Administrative Expenses

Administrative expenses of the Plan were paid by the Company and the Plan. Administrative expenses paid by the Company approximated \$41,000 for the year ended December 31, 2014.

9. Transfers To/From Other Qualified Plans

Transfers out to other qualified plans and transfers in from other qualified plans result from participants who transfer to/from a related employer, as defined in the plan document. At the time of the transfer of employment, the participant's account balance was transferred to/from the qualified retirement plan of the related employer.

10. Forfeitures

At December 31, 2014 and 2013, unallocated plan assets resulting from forfeited nonvested accounts totaled \$0 and \$1,303, respectively. These accounts were used to reduce qualified plan expenses or Company contributions. During 2014, forfeitures of approximately \$22,000 were used to reduce nondiscretionary matching contributions.

Veolia Water Solutions & Technologies North America Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Current accounting standards require investment contracts held by a defined contribution plan to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value at December 31, 2013. As described in Note E, the Plan did not have any investments as of December 31, 2014.

Common stocks, preferred stocks, and publicly traded limited partnership interests: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The Plan held shares of interests in two common/collective trust funds at December 31, 2013. There were no unfunded commitments and no redemption limitations or notice periods for either fund.

The stable value fund invests primarily in investment contracts and security-backed contracts. The equity fund invests primarily in stocks held in the S&P 500 Index.

3. Income Recognition

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments were recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits were recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During the year ended December 31, 2014, the Plan's investments (including investments purchased, held, and sold during the year) appreciated (depreciated) as follows:

Mutual funds	\$ 3,438,961
Common/collective trusts	401,405
Participant-directed brokerage account assets	<u>(124,921)</u>
	<u>\$ 3,715,445</u>

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on December 19, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN MERGER

Effective as of the close of the day on December 31, 2014, the assets of the Plan were merged into the Veolia North America 401(k) Savings Plan. The merger had no effect on the provisions governing the participant accounts merged from the Plan into the surviving plan. Interested parties should refer to the related plan amendment for a more complete description of the changes.

NOTE F - MARKET RISK

The value of the Plan's investments was subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. was the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2015, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

Veolia Water Solutions & Technologies North America Retirement Savings Plan
Plainfield, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Water Solutions & Technologies North America Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note E to the financial statements, the Plan Sponsor Committee elected to merge the Plan into the Veolia North America 401(k) Savings Plan effective as of the close of the day on December 31, 2014. All plan assets were transferred to the Veolia North America 401(k) Savings Plan on December 31, 2014. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter

The supplemental information as listed in the table of contents, as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Veolia Water Solutions & Technologies North America Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Veolia Water Solutions & Technologies North America Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan was a defined contribution profit sharing and 401(k) plan covering eligible employees of Veolia Water Solutions & Technologies North America, Inc. (the "Company"). Employees were eligible to participate on the date coinciding with or the next business day following the date the employee attains age 18. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). As described in Note E, the Plan assets were merged into the Veolia North America 401(k) Savings Plan, effective as of the close of the day on December 31, 2014.

2. Contributions

The Plan was funded by voluntary contributions of participants, nondiscretionary matching contributions of the Company, and discretionary profit sharing contributions of the Company. Participants were able contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants were also able to roll over amounts representing distributions from other qualified employee benefit plans. The Company had nondiscretionary match contributions totaling \$1,953,760 for the year ended December 31, 2014. The Company made no discretionary profit sharing contributions to the Plan for the year ended December 31, 2014.

3. Investment Options

Participants were permitted to direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the ERISA Fiduciary Committee. Participants were allowed to change their investment options at any time. The participants were also allowed to elect to invest in an individually directed brokerage account.

Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Company's nondiscretionary matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's nondiscretionary matching contribution was allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution was allocated as of the last day of the plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings were allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

5. Vesting

Participants were immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions became 34% vested after one year of service, 67% vested after two years of service, and 100% vested after three years of service. In the event of death, disability, or attainment of the retirement age of 65, participants were fully vested.

6. Payment of Benefits

On termination of service, a participant may have elected to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals for participants over the age of 59½ were also permitted by the Plan.

Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Participants were permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to a minimum of \$1,000. The loans were collateralized by the borrowers' respective vested account balances and bore interest at 4.25% to 8.25%. Principal and interest were paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$34,946 for the year ended December 31, 2014.

8. Administrative Expenses

Administrative expenses of the Plan were paid by the Company and the Plan. Administrative expenses paid by the Company approximated \$41,000 for the year ended December 31, 2014.

9. Transfers To/From Other Qualified Plans

Transfers out to other qualified plans and transfers in from other qualified plans result from participants who transfer to/from a related employer, as defined in the plan document. At the time of the transfer of employment, the participant's account balance was transferred to/from the qualified retirement plan of the related employer.

10. Forfeitures

At December 31, 2014 and 2013, unallocated plan assets resulting from forfeited nonvested accounts totaled \$0 and \$1,303, respectively. These accounts were used to reduce qualified plan expenses or Company contributions. During 2014, forfeitures of approximately \$22,000 were used to reduce nondiscretionary matching contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Current accounting standards require investment contracts held by a defined contribution plan to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Veolia Water Solutions & Technologies North America
Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value at December 31, 2013. As described in Note E, the Plan did not have any investments as of December 31, 2014.

Common stocks, preferred stocks, and publicly traded limited partnership interests: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The Plan held shares of interests in two common/collective trust funds at December 31, 2013. There were no unfunded commitments and no redemption limitations or notice periods for either fund.

The stable value fund invests primarily in investment contracts and security-backed contracts. The equity fund invests primarily in stocks held in the S&P 500 Index.

3. Income Recognition

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments were recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits were recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During the year ended December 31, 2014, the Plan's investments (including investments purchased, held, and sold during the year) appreciated (depreciated) as follows:

Mutual funds	\$ 3,438,961
Common/collective trusts	401,405
Participant-directed brokerage account assets	<u>(124,921)</u>
	<u>\$ 3,715,445</u>

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on December 19, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN MERGER

Effective as of the close of the day on December 31, 2014, the assets of the Plan were merged into the Veolia North America 401(k) Savings Plan. The merger had no effect on the provisions governing the participant accounts merged from the Plan into the surviving plan. Interested parties should refer to the related plan amendment for a more complete description of the changes.

NOTE F - MARKET RISK

The value of the Plan's investments was subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. was the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2015, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT

ERISA Fiduciary Committee
Veolia Water Solutions & Technologies North America Retirement Savings Plan
Plainfield, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Veolia Water Solutions & Technologies North America Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the trustee is complete and accurate.

(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note E to the financial statements, the Plan Sponsor Committee elected to merge the Plan into the Veolia North America 401(k) Savings Plan effective as of the close of the day on December 31, 2014. All plan assets were transferred to the Veolia North America 401(k) Savings Plan on December 31, 2014. Our disclaimer of opinion has not been modified with respect to this matter.

Other Matter

The supplemental information as listed in the table of contents, as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental information is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental information.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Veolia Water Solutions & Technologies North America Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Veolia Water Solutions & Technologies North America Retirement Savings Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan was a defined contribution profit sharing and 401(k) plan covering eligible employees of Veolia Water Solutions & Technologies North America, Inc. (the "Company"). Employees were eligible to participate on the date coinciding with or the next business day following the date the employee attains age 18. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). As described in Note E, the Plan assets were merged into the Veolia North America 401(k) Savings Plan, effective as of the close of the day on December 31, 2014.

2. Contributions

The Plan was funded by voluntary contributions of participants, nondiscretionary matching contributions of the Company, and discretionary profit sharing contributions of the Company. Participants were able contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants were also able to roll over amounts representing distributions from other qualified employee benefit plans. The Company had nondiscretionary match contributions totaling \$1,953,760 for the year ended December 31, 2014. The Company made no discretionary profit sharing contributions to the Plan for the year ended December 31, 2014.

3. Investment Options

Participants were permitted to direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the ERISA Fiduciary Committee. Participants were allowed to change their investment options at any time. The participants were also allowed to elect to invest in an individually directed brokerage account.

Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Company's nondiscretionary matching and discretionary profit sharing contributions, and an allocation of plan earnings. The Company's nondiscretionary matching contribution was allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution was allocated as of the last day of the plan year and is based on a ratio of each participant's compensation to total compensation for all participants. Plan earnings were allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

5. Vesting

Participants were immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions became 34% vested after one year of service, 67% vested after two years of service, and 100% vested after three years of service. In the event of death, disability, or attainment of the retirement age of 65, participants were fully vested.

6. Payment of Benefits

On termination of service, a participant may have elected to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals and in-service withdrawals for participants over the age of 59½ were also permitted by the Plan.

Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Participants were permitted to take loans from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, subject to a minimum of \$1,000. The loans were collateralized by the borrowers' respective vested account balances and bore interest at 4.25% to 8.25%. Principal and interest were paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled \$34,946 for the year ended December 31, 2014.

8. Administrative Expenses

Administrative expenses of the Plan were paid by the Company and the Plan. Administrative expenses paid by the Company approximated \$41,000 for the year ended December 31, 2014.

9. Transfers To/From Other Qualified Plans

Transfers out to other qualified plans and transfers in from other qualified plans result from participants who transfer to/from a related employer, as defined in the plan document. At the time of the transfer of employment, the participant's account balance was transferred to/from the qualified retirement plan of the related employer.

10. Forfeitures

At December 31, 2014 and 2013, unallocated plan assets resulting from forfeited nonvested accounts totaled \$0 and \$1,303, respectively. These accounts were used to reduce qualified plan expenses or Company contributions. During 2014, forfeitures of approximately \$22,000 were used to reduce nondiscretionary matching contributions.

Veolia Water Solutions & Technologies North America Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Current accounting standards require investment contracts held by a defined contribution plan to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on the contract value basis.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include the following:

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Veolia Water Solutions & Technologies North America
Retirement Savings Plan**

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value at December 31, 2013. As described in Note E, the Plan did not have any investments as of December 31, 2014.

Common stocks, preferred stocks, and publicly traded limited partnership interests: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The Plan held shares of interests in two common/collective trust funds at December 31, 2013. There were no unfunded commitments and no redemption limitations or notice periods for either fund.

The stable value fund invests primarily in investment contracts and security-backed contracts. The equity fund invests primarily in stocks held in the S&P 500 Index.

3. Income Recognition

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments were recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits were recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2014 and 2013, net appreciation in the value of investments, and interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Wells Fargo Bank, N.A., the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the trustee.

The following table presents the fair value of the investments and notes receivable from participants in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of December 31, 2013 are separately identified.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

During the year ended December 31, 2014, the Plan's investments (including investments purchased, held, and sold during the year) appreciated (depreciated) as follows:

Mutual funds	\$ 3,438,961
Common/collective trusts	401,405
Participant-directed brokerage account assets	<u>(124,921)</u>
	<u>\$ 3,715,445</u>

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on December 19, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN MERGER

Effective as of the close of the day on December 31, 2014, the assets of the Plan were merged into the Veolia North America 401(k) Savings Plan. The merger had no effect on the provisions governing the participant accounts merged from the Plan into the surviving plan. Interested parties should refer to the related plan amendment for a more complete description of the changes.

NOTE F - MARKET RISK

The value of the Plan's investments was subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. was the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 14, 2015, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
