Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Horizon Lines Capital Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of each bargaining class (represented by bargaining unit for collective bargaining purposes) of Horizon Lines LLC, Horizon Lines of Alaska, LLC, Sea Logix, LLC, Horizon Logistics, LLC, Hawaii Stevedores, Inc. and Aero Logistics (the Companies). In accordance with Internal Revenue Code (IRC) Section 414(b), the Companies are a controlled group of corporations whereby all employees of each company shall be treated as employed by a single employer. The Plan Administrator is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. Fidelity Management Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: Effective July 10, 2015, the Plan was amended to revise the participating employers' addendum between related and unrelated employers and was amended and restated for clarification surrounding plan operations following a merger. Effective April 1, 2015, the Plan was amended to amend the definition of base compensation for certain unions, update the plan document for contribution period for nonelective employer contributions, and state that loans will not go into default at termination of employment, but will go into default at the end of severance payments from the Companies.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Companies shall make additional contributions for each active participant who is a member of a bargaining unit that has collectively bargained for such additional contribution. The Companies contribute additional employer contributions according to the specifications of each contract for each union that has collectively bargained to participate in this Plan. Additional profit sharing amounts may be contributed at the option of the Companies' Boards of Directors and are invested in a portfolio of investments as directed by the participant. The Companies did not make any additional profit sharing contributions during 2014. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Companies' employer discretionary and/or additional contributions and allocations of Plan earnings/losses, and charged with an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, the Companies' non-elective employer contributions and actual earnings thereon.

Investment options: Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. CSX Lines common stock that is purchased as employer contributions, for employees of the certain bargaining class that receives this employer contribution per its collective bargaining agreement, is a nonparticipant-directed investment. Participants may change their investment options daily.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. Loan terms range up to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's vested account and bear interest at a rate determined by the Plan Administrator. These rates range from 4.25% – 9.25% on loans outstanding at December 31, 2014, and mature through 2022. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the nonelective employer contribution from the Companies are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed with the exception of CSX Lines common stock, which is a nonparticipant-directed investment.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2014) through October 12, 2015, the date the financial statements were available to be issued.

Accounting pronouncements adopted: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2014 plan year and the Update was retroactively applied to December 31, 2013. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of the Update is to simplify plan accounting. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciate or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part II of this Update will also require that investments (both participant-directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required. The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I and Part II of this Update for the 2014 plan year, and the amendments Part I and II were retrospectively applied to December 31, 2013. Prior year disclosures in Note 4 has been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31,	
	2014	2013
Investments at fair value		
Registered investment companies	\$ 21,249,962	\$ 20,151,515
Common stock*	5,751,145	5,074,507
Common collective trust fund	4,100,835	3,890,537
	<u>\$ 31,101,942</u>	<u>\$ 29,116,559</u>
Notes receivable from participants	<u>\$ 1,177,635</u>	<u>\$ 1,342,929</u>

* Nonparticipant-directed (see Note 8)

Fidelity Management Trust Company also certified to the completeness and accuracy of \$842,496 of net appreciation in fair value of investments and \$1,640,697 of interest and dividends related to the aforementioned assets for the year ended December 31, 2014.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

Description	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,249,962	\$ -	\$ -	\$ 21,249,962
Common stock	5,751,145	-	-	5,751,145
	<u>\$ 27,001,107</u>	<u>\$ -</u>	<u>\$ -</u>	<u>27,001,107</u>
Investments measured at NAV (a)				4,100,835
				<u>\$ 31,101,942</u>

Description	Assets at Fair Value as of December 31, 2013 (as Revised)			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,151,515	\$ -	\$ -	\$ 20,151,515
Common stock	5,074,507	-	-	5,074,507
	<u>\$ 25,226,022</u>	<u>\$ -</u>	<u>\$ -</u>	<u>25,226,022</u>
Investments measured at NAV (a)				3,890,537
				<u>\$ 29,116,559</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's Level 2 investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2014 and 2013:

Investment	Fair Value Estimated Using NAV Per Share				
	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31, 2014	2013			
Common collective trust fund					
Fidelity Managed Income Portfolio	<u>\$ 4,100,835</u>	<u>\$ 3,890,537</u>	None	Immediate	None

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Horizon Lines Capital Savings Plan

Notes to Financial Statements

Note 5. Related Party Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees and commissions paid by the Plan to the trustee totaled \$9,080 for the year ended December 31, 2014. The Companies also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 26, 2012, stating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan Administrator believes the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

Note 8. Nonparticipant-Directed Investment

The following information included in these financial statements was certified by Fidelity Management Trust Company, trustee of the Plan.
