We were engaged to audit the accompanying financial statements of Kniesel's Auto Collision Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Accountant's Compilation Report on 2013 Financial Statement

We have compiled the accompanying statement of net assets available for benefits as of December 31, 2013. We have not audited or reviewed the 2013 statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the 2013 financial statement is in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kniesel's Auto Collision Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the summary plan descriptions and the Plan adoption agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Kniesel's Auto Collision Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Kniesel's Auto Collision, Inc. (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon attaining age 21 and completing six months of eligible service.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan, up to the annual maximum on elective deferrals set by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer discretionary match contributions – The Company may elect to make matching contributions on behalf of eligible participants based on a percentage of eligible contributions made by eligible participants during a period. The Company has not elected to make such matching contributions in 2014.

Employer discretionary profit sharing contributions – The Company may elect to make profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's eligible compensation bears to the total of all participants' eligible compensation. The Company has not elected to make such profit sharing contributions in 2014.

Contributions are subject to regulatory limitations.

Direction of investments – Participants may direct the investment of their account balances into various investment options offered by the Plan. The Company has the authority to change the available investments from time to time as it deems prudent, and to direct the investments of Plan assets in such a manner to accommodate the change in investment options.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Company's employer discretionary matching and profit sharing contributions is based on a vesting schedule that increases to 100% over a six-year period based on completed years of service.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if applicable, and, (b) Plan earnings, and charged with an administrative expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts without penalty for financial hardship, as defined, or after attaining the age of 59½.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses if so directed by the Company, with any remaining amount used to reduce future Company contributions. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled $1,054.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding loan at a time. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 30 years. The interest rate for a loan is generally the prime rate plus one percentage point. Principal and interest is paid ratably through payroll deductions. As of December 31, 2014, the rates of interest on the outstanding loans ranged from 4.25% to 5.25% with various maturities through July 2019.

Plan termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements

In April 2015, the Financial Accounting Standards board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient).

ASU 2015-07 has been adopted for the December 31, 2014 plan year-end and has been applied to the December 31, 2013 plan year-end under the retrospective approach requirement.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU 2015-12 removes the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits,
- disclose net appreciation in fair value of investments by type of investment held, and
- disaggregate investments reported in the fair value hierarchy table by class of investment.

ASU 2015-12 has been adopted for the December 31, 2014 plan year-end and has been applied to the December 31, 2013 plan year-end under the retrospective approach requirement.

Investment valuation – Investments are stated at fair value as certified by the Plan's trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest.

Payments of benefits – Benefits are recorded when paid.

Expenses – Annual administrative expense is $20 per participant paid by the Plan. In addition, certain transaction fees are paid by the Plan. All other expenses of maintaining the Plan are paid by the sponsor. Effective December 1, 2015, there shall be an annual base fee paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. The Plan has evaluated subsequent events through October 13, 2015, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments are held by Fidelity Management Trust Company and are invested in registered investment companies (mutual funds), which are open-end mutual funds that are registered with the U.S Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The Plan's mutual funds are valued at the daily net asset value as reported and certified by Fidelity Management Trust Company, are deemed to be actively traded, and are classified as level 1 investments in the fair value hierarchy.

There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

NOTE 4 – INCOME TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds managed by companies affiliated with Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions with these entities qualify as exempted party-in-interest transactions. Additionally, the Plan paid $1,399 of recordkeeping expenses related to services provided by a party-in-interest.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2014.
- Net depreciation in fair value of investments held in registered investment companies reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Dividends and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2014.

NOTE 8 – RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits between the financial statements and the Form 5500 as of December 31:

	2014	Unaudited 2013

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request withdrawal from their contribution accounts without penalty for financial hardship, as defined, or after attaining the age of 59½.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses if so directed by the Company, with any remaining amount used to reduce future Company contributions. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled $1,054.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding loan at a time. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 30 years. The interest rate for a loan is generally the prime rate plus one percentage point. Principal and interest is paid ratably through payroll deductions. As of December 31, 2014, the rates of interest on the outstanding loans ranged from 4.25% to 5.25% with various maturities through July 2019.

Plan termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements

In April 2015, the Financial Accounting Standards board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient).

ASU 2015-07 has been adopted for the December 31, 2014 plan year-end and has been applied to the December 31, 2013 plan year-end under the retrospective approach requirement.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU 2015-12 removes the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits,
- disclose net appreciation in fair value of investments by type of investment held, and
- disaggregate investments reported in the fair value hierarchy table by class of investment.

ASU 2015-12 has been adopted for the December 31, 2014 plan year-end and has been applied to the December 31, 2013 plan year-end under the retrospective approach requirement.

Investment valuation – Investments are stated at fair value as certified by the Plan's trustee, Fidelity Management Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest.

Payments of benefits – Benefits are recorded when paid.

Expenses – Annual administrative expense is $20 per participant paid by the Plan. In addition, certain transaction fees are paid by the Plan. All other expenses of maintaining the Plan are paid by the sponsor. Effective December 1, 2015, there shall be an annual base fee paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. The Plan has evaluated subsequent events through October 13, 2015, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments are held by Fidelity Management Trust Company and are invested in registered investment companies (mutual funds), which are open-end mutual funds that are registered with the U.S Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The Plan's mutual funds are valued at the daily net asset value as reported and certified by Fidelity Management Trust Company, are deemed to be actively traded, and are classified as level 1 investments in the fair value hierarchy.

There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

NOTE 4 – INCOME TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in certain mutual funds managed by companies affiliated with Fidelity Management Trust Company, the trustee of the Plan; therefore, transactions with these entities qualify as exempted party-in-interest transactions. Additionally, the Plan paid $1,399 of recordkeeping expenses related to services provided by a party-in-interest.

NOTE 7 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2014.
- Net depreciation in fair value of investments held in registered investment companies reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Dividends and interest income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2014.

NOTE 8 – RECONCILIATION TO FORM 5500
