MASTER CHEMICAL CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of Master Chemical Corporation (Company) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective December 31, 1969. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective November 1, 2011. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible to participate in the deferral and match components of the Plan the later of their date of employment or upon turning 18 years of age.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a qualified matching contribution or profit sharing contribution to the Plan. For the years ended December 31, 2014 and 2013, the Company matching contribution, made under Safe Harbor provisions, was 100% of deferral contributions up to 3% of compensation and 50% of deferral contributions on the next 2% of compensation (for a maximum matching contribution of 4% of annual compensation). There were no Company profit sharing contributions for the years ended December 31, 2014 and 2013.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's discretionary profit sharing contribution, and an allocation of the investment earnings or loss of the investments in which the participant chooses to invest. Allocations are based on the proportion of each participant's annual compensation (base salary plus bonuses, commission and overtime pay) to the total of the compensation of all participants. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in the salary deferral and employer matching contributions portion of their account. Participants vest in the employer profit sharing portion of their account upon completion of three years of service, retirement, total and permanent disability, death or upon termination of the plan. Upon termination of employment, employees are entitled to receive the vested portion of their account.

Forfeitures arising from participants who are not fully vested at the time of termination as an active employee are held in a separate account for the benefit of the participant for a period of twelve months. If the participant is not re-employed by the Company during the twelve-month period, the amount held in the separate account is forfeited and available to pay plan expenses or be allocated to remaining eligible participants using the same method that is used for allocation of Company profit sharing contributions. As of December 31, 2014 and 2013, there were no allocable forfeitures available.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms may not extend beyond five years or the retirement of the individual participant unless used for the purchase of a personal residence. Loans are secured by the balance in the participant's account and bear interest at the current borrowing rate at the time of the loan. Principal and interest is paid ratably through payroll deductions. Loans which are more than 30 days delinquent as to principal and interest are considered in default.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided from their account balance, based on applicable vesting determination. Payment of benefits may be made in a lump sum or in periodic payments as stated in the Plan. Participants entitled to a distribution also have the option of having their nonforfeitable account balance transferred to another tax exempt plan which is qualified under the Internal Revenue Code or to an individual retirement account as provided under the Internal Revenue Code. The Plan also has mandatory distribution provisions for account balances below $5,000 and automatic rollover provisions for those accounts that exceed $1,000.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Benefit Payments (Continued)

A participant may request a distribution from their account to meet an immediate financial hardship pursuant to guidelines issued by the Internal Revenue Service.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis of accounting. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are uncollateralized obligations and are stated at the amount of unpaid principal balance plus any accrued but unpaid interest. Payments of notes receivable from participants are applied to the specific accounts comprising the balance.

Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan agreement. No allowance from credit losses has been recorded as of December 31, 2014 or 2013.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses incurred in connection with administering the Plan, including all internal costs, are absorbed by the Plan's sponsor, Master Chemical Corporation (the Company), with the exception of trustee, loan and distribution fees which are assumed by the participant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary information, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014 and 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by The Trust Company of Toledo. Accordingly, The Trust Company of Toledo has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate:

- Participant-directed investments of $14,418,448 and $11,950,712 as of December 31, 2014 and 2013, respectively, and cash of $4,877 and $3,311 as of December 31, 2014 and 2013, respectively
- Notes receivable from participants of $245,868 and $191,080 as of December 31, 2014 and 2013, respectively.
- Investment income receivable of $4,361 and $4,513 as December 31, 2014 and 2013, respectively.

- Net investment income of $739,181 and $1,286,946 for the years ended December 31, 2014 and 2013, respectively.

NOTE 4 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2014	2013
Mutual funds:		
Federated Ultra Short-Term Bond	$ 922,767	$ 815,396
Fidelity Contrafund	*	614,649
Vanguard Institutional Index	1,867,507	1,640,977

Money market fund:		
Northern Institutional Money Market Fund	1,567,586	637,521

* Did not represent 5% of Plan net assets as of the date indicated.

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

	2014	2013
Mutual funds, Net Appreciation in Fair Value of Investments	$ 242,704	$ 867,701

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets of the Plan measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2014 and 2013.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets (there were no liabilities) at fair value as of December 31, 2014 and 2013:

December 31, 2014	**Level 1**	**Level 2**	**Level 3**	**Total**

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their account balance.

NOTE 8 – PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008 received from the IRS on the Plan indicating that the Plan is qualified under Section 401 of the IRC and therefore not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2011.
