NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Herring Bank 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. For more complete information, participants should refer to the most current Plan document.

General
The Plan is a defined contribution retirement plan, which provides for the participation of substantially all employees of Herring Bank and subsidiaries and other companies under controlled group rules (the Company) who have completed 6 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is intended to qualify under Section 401(k) of the Internal Revenue Code (IRC). Under the Plan, each participant has an account for his/her salary deferral contributions, any Company matching contributions and any Company discretionary contributions.

Nationwide Trust Company, FSB (Nationwide) serves as the Plan's investment custodian and is responsible for executing all investment transactions.

Contributions
Participants may make salary deferral contributions on a tax-deferred basis through payroll deductions from 1% up to 100% of their compensation (limited to certain amounts allowed under the IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, the Company makes matching contributions at 50% of employee contributions up to 5% of eligible compensation (as defined), which are applied to eligible participants who made salary deferral contributions to the Plan during the year. The Company may also make additional discretionary contributions. Participant and Company contributions are subject to the provisions of the IRC and related regulations.

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of (a) Company matching and discretionary contributions, if any, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on account balances or participant earning, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans
The Plan allows participants to obtain loans from their accounts, which may not exceed the lesser of one half of the participant's vested interest in the Plan or $50,000. Participant loans are maintained and serviced by the Plan's custodian as assets of the Plan. Participants should refer to the separate loan policy of the Plan for further information. Principal and interest is paid ratably through payroll deductions. Interest rates are based on prime rate plus 1.00%, which was 4.25% on all loans outstanding as of December 31, 2014.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Vesting
Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Participants become immediately 100% vested in employer matching contributions upon death or disability. Normal vesting in the Company's matching contribution, and any discretionary contribution plus actual earnings thereon is based on the following schedule:

Years of service	Vesting percentage
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeited Accounts
At December 31, 2014 and 2013, forfeited nonvested accounts totaled $38,473 and $10,128, respectively. Forfeited balances of terminated participants' nonvested accounts are first made available to reinstate the accounts of terminated employees that return to employment status and have their accounts reinstated, then may be used as a reduction of employer matching contributions the year the forfeitures occur. During the year, the Plan utilized $0 of forfeitures to reduce employer matching contributions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account. Distributions may be deferred until the participant reaches the age of 70½ or retires. Current Plan provisions do allow for withdrawals by active employees for certain hardship occurrences as allowed under the Internal Revenue Code.

Investment Options
Upon enrollment, a participant may direct their contributions to any of the investments selected by the Company's 401(k) Committee or individually allocated annuity contracts. Participants have the option to change their investment allocations daily via phone or internet access to Nationwide.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events
The Plan Administrator has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Guaranteed Investment Account
The Plan complies with FASB ASC Topic 325-30, *Investments in Insurance Contracts* ("ASC 325-30"). Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The fair market value for the contract is equal to the book value less any market value adjustments and less any contingent deferred sales charge.

Investment Valuation and Income Recognition
Investments in mutual funds are valued based on quoted market prices, as determined by Nationwide. In accordance with stating investments at fair value, net unrealized appreciation or depreciation is reflected for the year on the Statement of Changes in Net Assets Available for Benefits. See Note 9 for disclosure of fair value measurements.

Gains or losses on investment transactions are recorded as the difference between proceeds received and the carrying value of the investments.

Purchases and sales of investments are recorded on a trade-date basis. Income from investments is recorded on the accrual basis. Investment dividends and interest received are reinvested in the corresponding accounts.

Allocated Annuity Contracts
During 2014, participants transferred $0 of their account balances to individual allocated annuity contracts held by insurance companies. For the year ended December 31, 2014 and 2013, the contract values of these individual allocated annuity contracts were $590,934 and $900,860, respectively, and total estimated fair value of these individual allocated annuity contracts totaled $571,088 and $858,083 at December 31, 2014 and 2013, respectively. As allowed in the AICPA Audit and Accounting Guides for Employee Benefit Plans, these allocated contracts have been excluded from Plan assets in the accompanying financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Benefit Payments
Benefits are recorded when paid.

Administrative Fees
The Plan pays investment management fees from Plan assets. Third party investment management fees are elective by the participant and are charged directly to the participants' account. All other costs of the Plan are paid by the Plan's sponsor and are not reflected in these financial statements.

Reclassifications
Amounts previously shown have been reclassified to confirm to the current year presentation.

NOTE 3 - INFORMATION CERTIFIED BY NATIONWIDE TRUST COMPANY, FSB

The following is a summary of the Plan's investment information as of December 31, 2014 and 2013 included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following investments at fair value at December 31:

	2014	2013
Investments at Fair Value:		
Mutual Funds	$ 4,494,142	$ 4,695,755
Guaranteed investment account	$ 355,545	$ 1,527
Notes Receivable from Participants	$ 115,517	$ 133,077

Nationwide Trust Company also certified to the completeness and accuracy of $34,210 of net depreciation in fair value of investments and $324,858 of dividends related to the aforementioned assets for the year ended December 31, 2014.

NOTE 4 - INVESTMENTS

Investments representing 5% or more of the Plan's net assets available for benefits at December 31 are as follows:

	2014	2013
Value of Interest in Mutual Funds, at Fair Value:		
Meeder Total Return Bond Fund	$ 482,776	$ 373,077
Meeder Balanced Fund	464,219	342,313
Manning & Napier Pro-Blended Extended Term S Fund	434,302	-
Meeder Muirfield Fund	405,723	308,352
Meeder Dynamic Growth Fund	298,188	337,158
Meeder Strategic Growth Fund	282,125	334,898
Guaranteed Investment Contract	355,545	1,527

NOTE 5 - INVESTMENT CONTRACT WITH NATIONWIDE TRUST COMPANY, FSB

The Plan offers a fully benefit-responsive investment contract with Nationwide Trust Company. Nationwide maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the Net Assets Available for Benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Nationwide, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the three year Treasury note. Such interest rates were reviewed on an annual basis for 2014 and 2013 for resetting. At December 31, 2014 and 2013, the guaranteed crediting interest rate was approximately 1.95% and 0.00%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the plan documents, (2) changes to plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 - INVESTMENT CONTRACT WITH NATIONWIDE TRUST COMPANY, FSB (continued)

The Guaranteed Investment Contract with Nationwide Trust Company has no maturity date and continues until all assets have been distributed, or no further payments are due.

Average yields:	**2014**	**2013**
Based on actual earnings	1.95%	0.00%
Based on interest rate credited to participants	1.95%	0.00%

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become 100% vested in their accounts and the Plan assets will be distributed in a manner approved by the Internal Revenue Service.

NOTE 7 - TAX STATUS

The Plan has not received a determination letter on their adoption of the Volume Submitter (VS) plan. In accordance with Revenue Procedure 2003-06, the Plan administrator has chosen to rely on the advisory letter, dated March 31, 2008, that has been issued to the VS plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code (the Code) to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and has taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2011.

NOTE 8 - TRANSACTIONS WITH PARTIES IN INTEREST

At December 31, 2014 and 2013, the Plan held investments in mutual funds, guaranteed investment contracts and notes receivable from participants with a current value of $471,062 and $917,063, respectively, which are managed by Nationwide. Thus, transactions within these investment funds qualify as party-in-interest transactions as defined by ERISA.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end, as certified by Nationwide Trust Company, FSB.

Guaranteed investment account: The fair market value for the contract is equal to the book value less any market value adjustments and less any contingent deferred sales charge. Factors used to determine Market Value Adjustments include crediting rate, benchmarks for stable-value funds, fund fees, average credit quality of assets in the underlying portfolio, average duration of the stable-value fund, and overall exposure to the stable-value contract.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013
